Office of the
Director of Public Instruction,
Madras, dated 24-9-1948.

From The Director of Public Instruction, Madras.

To The Secretary to Government,
Education and Public Health Department.

Sir,
Sub: Supply of an automatic numbering machine to the
Engineering College, Guindy and the Office of the
Director of Public Instruction, Madras.

72680

The Principal, Engineering College, Guindy requests for the supply of an automatic numbering machine as early as possible. He states that the postal tappals are delivered generally thrice during working days and several communications are received daily from students and members of the staff. As much of the time of the clerk is taken up for numbering all the communications before they are distributed to the staff, he requests for the supply of a 'Rexel' numbering machine (British make). The approximate cost of the machine is reported to be Rs.50/- I recommend the supply of the above to the Engineering College, Guindy in view of the speedy disposal of work which has increased considerably due to the increase in strength and sanction of additional posts. I also request that you will be pleased to obtain orders of Government for sanction of an automatic numbering machine for the use of my office for the same purpose.

Yours faithfully,

K. S. S. S. S.
