SUBJECT: Advanced Studies Overseas in
respect of Mr. B. Krishnaswamy
Madras Govt. 1946-47 Spon-
sored Scholar.

Sir,

I am directed to refer to correspondence ending with this Ministry telegram No.F.7-8/46 ODII, dated the 4th September, 1946 in so far as it concerns Mr. B. Krishnaswamy Madras Govt. 1946-47 sponsored scholar, I am directed to forward herewith a copy of letter No.E.A.7748, dated the 5th August, 1948 (with enclosures) from the High Commissioner for India in London to this Ministry. A copy of the scholar's application for extension is also enclosed.

From the enclosures, it may be observed that Mr. Krishnaswamy has asked for an extension of one year in the period of his scholarship to enable him to complete Ph.D. in March, 1949 and undergo practical training in Plastics during the remaining of the extended period of his scholarship (i.e.) from April, to end of October, 1949.

The High Commissioner for India in London and the scholar's Professor have supported his request.

Govt. of India are however inclined to agree to extend Mr. Krishnaswamy's scholarship upto the end of March, 1949, to enable him to complete his work for Ph.D. Degree. As regards his request for extension upto October, 1949, to undergo practical training in Plastics after taking Ph.D. Degree, Govt. of India will take it up only after receipt of Provincial Govt.'s views in the matter from the viewpoint of the scholar's

P.T.O.

2

3

employment on his return.

The Provincial Govt. may kindly communicate their views in the matter to this Ministry as early as possible.

Yours faithfully,

H. S. Verma

(H. S. VERMA)
for Secretary.

-():-

Copy of letter No.E.A.7748, dated the 5th Aug., 1948, from the Education Dept. India House, London, to the Ministry of Education, New Delhi 3.

I am directed to invite reference to a cable dated 14th June, 1946 No.F. 7-8/46 ODII in so far as it concerns Mr. B. Krishnaswamy.

Mr. Krishnaswamy's scholarship would normally expire in Oct. 1948. As he is unable to complete his training by that time, he has asked for an extension until March, 1949 to enable him to complete his research course, and until Oct. 1949, to secure practical experience after completion of the research course.

I am to enclose herein a copy of his letter dated the 26th July, 1948 and a copy of his supervisor's recommendation dated 28th July, 1948.

This Office supports Mr. Krishnaswamy's representation and requests that the Govt.'s decision may finally be communicated to this deptt. as early as possible.

Mr. Krishnaswamy has been advised to submit the prescribed application forms for extension as soon as possible.

Copy of letter dated 26th July, 1948, from B. Krishnaswamy, Esq., Dept. of Organic Chemistry, The University, Liverpool 3, to the Education Deptt., India House, through the Prof. of Organic Chemistry, Liverpool 3.

REF: E.A. 7748.

I invite your kind attention to the annual report of my work for 1947. As it exists at present, the Govt. of Madras scholarship awarded to me lasts till the end of Oct. 1948. But the completion of the problem of research I am working on, at the Deptt. of Organic Chemistry, Liverpool University, and the writing up of the report and results, will take me till the end of March, 1949.

In pursuance of the terms of the contract between me and the Govt. of Madras entered into after the award of the scholarship,

I should have been able to choose if the choice

6
--(2):--

of service is left to me, I would like to enter the Industries Dept. specially in the Mica branch. The subject for training in which the scholarship has been awarded to me, namely, "Manufacture of Micanite", is closely allied to "Plastics" and considering the special importance of this subject of Micanite for the whole of India in general and the Province of Madras in particular, I am sure, a very useful purpose will be served if the Govt. could permit me to obtain practical training from a firm of Plastics Manufacturers, either in this country or abroad, for a period of six months or seven months. If the Govt. so desire, I am prepared to submit more detailed proposals in due course.

3. For the above two purposes I request the Govt. to grant me an extension of the scholarship for a period of another year, that is till the end of Oct. 1949.

@*@*@

Copy of letter from Prof. A. Robinson, The University of Liverpool to the Secy. Education Deptt. India House, dated the 28th July, 1948.

REG: MR. B. KRISHNASWAMY.

The above research student, who is engaged in Synthetical and analytical studies of the structure of marubiin, has made very good progress in a difficult field of research work. In order to enable him to complete his work so as to present it in a form suitable as a thesis for the degree of Ph.D. of the University, it will be necessary for Mr. Krishnaswamy to continue his work here until March, 1949.

Mr. Krishnaswamy is a most earnest hard working student who has made the fullest use of his time here. If his work can be carried to a successful conclusion it will constitute a very valuable contribution to our knowledge of marubiin.

On every.....

7
5
--(3):--

On every argument I can most strongly recommend to the Govt. of Madras that the scholarship now held by Mr. Krishnaswamy should be extended to enable him to complete his work here.

 DEPT. SECRETARY
 11/11/48

Sub: Education - Technical Training abroad -
 1946-47 - Sri B. Krishnaswamy - Extension
 of scholarship.

Ref: Govt. Memo No. 96209-D1/48-1, dated 14-9-48.

Sri B. Krishnaswami was sent abroad for training
 in the "Manufacture of micanite"; but since 4-11-46 he has been
 doing research on "Mamubin".

The extension asked for is to enable Sri Krishna-
 swami to obtain his Ph.D. in March, 1949 and then to visit a firm
 of plastic manufacture for a period of six months. The conti-
 nuance of the research on "Mamubin" may constitute to the a
 valuable contribution to the Liverpool University's knowledge
 of 'Mamubin', but from the view point of the candidate's employ-
 ment in India, the extension is not likely to be useful.
 Research work of this kind can very well be done in India at much
 less cost to Government. The proposed training in a firm of
 plastic manufactures in England with no previous background in
 the subject, will also be not useful. In the circumstances,
 I consider that the extension will be waste of money from the
 point of view of employment in India and help to Indian Industry.

University, College or Works Report on the work of the Scholar during the period under review:—

During the session Krishnaswamy has been engaged on analytical and sunthetical studies on the constitution of the diterpene lactone - marrubiin. He has isolated quantities of pure marrubiin and has also been engaged on a new synthesis of 1,2,5 trimethylnaphthalene and a synthesis of 1,2, dimethyl-5-ethylnaphthalene required to identify a dihydro- genation product of a lactone formed from Marrubiin by oxidation.

His work has been very satisfactory. He is conscientious and hard working.

(Sgd.) A. ROBERTSON.

FOR OFFICIAL USE ONLY.
DEPARTMENTAL OBSERVATIONS.

- (a) Course of study or training being carried out during the current vacation (1st July to 30th September 1947).

The vacation in this case in only of one months duration - 1st August to 31st August. I propose to spend it at London, where I want to do some library work in the Imperial Institut Library during that period.

- (b) Proposed course of study during the year 1st October, 1947 to 30th September 1948.

The research work for the Ph.D. degree will be continued at the Department of Organic Chemistry, Liverpool University during this session as well.

Advanced Studies Overseas - 1946-7
For to. Krishnaaswamy - Extension

From li. G. D. Ministry of Edu.
no. F. 7.8/5.2/46.811 26.8.48

17
For to. Krishnaaswamy is a scholar
selected in 1946-7 for advanced studies
in the "manufacture of mica" and is
intended for absorption in industries on
return. He is studying in the Liverpool University.
His scholarship commenced on 29.8.46 and
normally it should end by 28.8.48.
The scholar has applied for extension for
1 complete year in order to complete the
work for the Ph. D. Degree by the end of March
1949 and then to undergo practical training
in a firm of plastic manufacturers for a
period of about 7 months till the end of October
1949. The H.C. for India, London, and the scholar
Professors have supported this request. The Govt
are agreeable to extension up to the end of March
'49. As regards further extension they have
stated that they will take it up only after
receipt of this Govt. views in the matter
from the viewpoint of the scholar's employment
on his return.

Dev may be requested to consider the
matter in consultation with the D.D. if
necessary and then return the file to this
Dept through Finance for further action.
