Recommendation of the Board.

This Board after inspecting the Furniture make the following observations:

1. Much of the furniture seen is of war quality.
2. They have been made from all kinds of unseasoned Country Wood and Teak Wood.
3. They are old and rickety and will last only for a short time.
4. Therefore, the President of the Board is of the opinion, that it is not advisable to acquire any of the furniture inspected for the use of the Government of Madras, particularly in view of the fact, that the U.C.D. is a new establishment requiring better furniture to start with to avoid recurring expenditure.
