From (Name) Sri.D.S. REDDI, M.A., (Oxon).,

(Designation) DIrector of Public Instruction.

To The Secretary to the Government of Madras,

EDUCATION AND PUBLIC HEALTH Department.

Sir,

I have the honour to submit for favourable consideration of Government and early orders proposal for the opening of an Higher Elementary Training School for Masters, at Calingapatam in North Vizag. District.

In the North Vizagapatam Dt., there are two Training Schools for Masters, one at Chicacole and another at Panatipur. The District Educational Officer reports that there is no~~t~~ possibility of expanding the existing facilities in these training schools to meet the increased demand for admission with

the result that a large number of applicants have to be deemed admission. It is also reported that there is a large number of xxx untrained teachers working in Elementary schools ranging between 70 to 100 in each taluk. Xxx The District Educational Officer further reports that the North Vizagapatam taluk is a backward District and requires special consideration and therefore requests that a training school may be opened in the District during the current school year. I agree with the District Educational Officer that there is need for an additional Training School in the District and recommend the opening of a Higher Elementary Training School at Calingapatam with effect from July 48 by utilising x the provision of the Government Training School for Masters, Cuddalore, which has since been closed with effect from the current school year, due to the oepning of a Basic Training School ordered in G.O.Ms.No. 1604 Edn, dated 17.7.47. During the school year 1947-48 only the Senior Training classes of the Government Training School for Masters, Cuddalore, ~~to be~~ were continued and the junior Training Class (Higher Elementary) was held in abeyance since no suitable accommodation was available in the District, for shifting the school from Cuddalore.

p2 of B

The Xxxxxx District Educational Officer, Vizagapatam North reports that rented buildings are available at Calingapatam for locating the Training School together with its Hostel on a monthly rent of Rs.100 p.m. I therefore recommend that Government may be pleased to transfer the provision of the Government Training School for Masters, Cuddalore xxx together with the provision of the Hostel to Calingapatam for the opening of training school in a rented building. My proposal does not involve the oepning of a new school except in the sense that it will be a new school for the North Vizagapatam.

The sanctioned strength of staff for the Government Training School for Masters, Cuddalore x is as follows:

Permanent.

K

One Headmaster in the combined cadre of Deputy Inspector and School Assistant.
One L.T., Assistant.; One Secondary Grade Teacher for the (Training Section);
One Physical Training Instructor; One Drawing Master; One Manual Training Instructor; Five Secondary Grade teachers for the Model School; Two peons; and One xx Dy. Warden for the Hostel.

Temporary.

K

One Clerk; One part time Music Teachers.

The sanction accorded for the continuance of the temporary posts of the clerk and the part time music teacher has expired on 31.5.48, and proposals were not submitted for the further continuance of the posts from 1-6-48. I therefore request that Government may be pleased to sanction the employment of a clerk and a Part time Music Teacher in the Training School proposed to be xxx opened at Calingapatam during the current school year. I also request that Government may be pleased to sanction the following items of expenditure during the current x school year.

1.	Carriage of furniture etc. from Cuddalore to Calingapatam. ..	Rs. 500/-
2.	Rent for the Training School and Hostel at Rs. 100/- p.m. (100 x 8) ..	Rs. 800/-
		Rs. 1,300/-

I request the favour of early orders of Government.

Station Madras., *Dated the* 5th July 1948.

From (Name) SRI D.S. REDDI M.A., (OXON).,

(Designation) DIRECTOR OF PUBLIC INSTRUCTION,

To The Secretary to the Government of Madras,

EDUCATION & PUBLIC HEALTH Department.

Sir,

I have the honour to state under the sanction accorded in G.O. NO.1018 Education dated 21st May '46 I permitted the opening of a Secondary Training Section in the Government Training School for Masters, Parvatipur during the school-year 1946-47. A fresh batch of students were admitted in the Junior Secondary Training class during the year 1947-48 as per sanction accorded in G.O. No. 738 Education dated 15th April 1947. The students admitted in 1946-47 have completed their Training course and those admitted during 1947-48 are now in the Senior Training class. Since Government in their - Order No.245 Education dated 2nd April 1948 have dropped my proposal for the opening of additional training class during 1948-49, No admission can be made in the Junior Secondary Training Class during the current school year.

2. At present there are two Government Training Schools in the North Vizagapatam District including the Government Training School for Masters, Parvatipur,where provision exists only for Higher Elementary Grade Training. The District Educational Officer reports that there is a great demand for secondary grade training in the District and -

that about....

that about 50 applicants have to go without secondary training owing to the closure of the Secondary Training Section in the Government Training School for Masters, Parvatipur. These applicants could not be absorbed in the Government -- Training School for Masters, Bimilipatam as the school has already the maximum number of applicants from the Vizagapatam South District. The District Educational Officer, Vizagapatam North, has, therefore, requested permission for the opening of a secondary training section in the school. In view of the great demand for secondary training in the North Vizagapatam, I have in anticipation of sanction of Government permitted the District Educational Officer to open a - Secondary Training class in the Government Training School Parvatipur and proceed with the admissions, and also sanctioned the employment of a L.T. Assistant on fixed pay for the class, during the current school year. I request that in the circumstances explained above, Government may be -- pleased to approve my action and also sanction the post of the L.T. Assistant created by me on fixed pay in the time scale of pay.

I solicit the favour of early orders.

Sir,

SUBJECT: SCHOOLS - TRAINING - OPENING OF A SECONDARY TRAINING CLASS IN THE GOVERNMENT TRAINING SCHOOL FOR MASTERS, MADRAS - SANCTION REQUESTED.

K

I have the honour to state, that on account of the conversion of some of the Training Schools into Basic Training Schools, the secondary grade training sections in these areas have been kept in abeyance. The following are the schools involved:

Tamil area: Saidapet (Men), Cuddalore (Men & Women)
Ranipet (Men) and Arcot (Men).

Telugu area: Pentapadu (Men)

Malabar : Palghat (Women)

It is obvious that several districts are left without any provision for secondary grade training for instance, Chingleput, South Arcot and North Arcot. This situation is unsatisfactory and will seriously affect the out put of secondary grade teachers. During the current school year there is a great demand for secondary training and I consider that advantage should be taken of the large number seeking admissions. I therefore, submit the following proposal for favourable consideration of Government and early orders.

From the current school year the Government Training School for Masters, Madras, will have to adopt Tamil medium. At present facilities exist for only higher elementary grade training in the school.

I recommend that this training school for masters may be converted into a General training school with effect from the current school year and sanction accorded for the opening of a secondary training section in the school for the current school year. The District Educational Officer reports that there is accommodation in the school for additional sections. In view of the great demand for secondary grade training, I have in anticipation of sanction of Government instructed the District Educational Officer, Madras, to open a secondary training class in the Government Training School for Masters, Madras, and also sanctioned the employment of a L.T. Assistant for the class on fixed pay during the current school year. For similar reasons I have also permitted the opening of the additional secondary training sectionin the Government Training School for Masters, Nellore, and sanctioned the employment of a L.T. Assistant on fixed pay during the current school year. I request that in the circumstances explained above, Government may be pleased to approve my action and sanction the post of the L.T. Assistant created by me in the Government Training School for Masters, Madras, and the Government Training School for Masters, Nellore on time scale of pay till the end of the school year 1949-1950.

I solicit the favour of early orders.

SIR,

SUB: SCHOOLS - Training - Certain Government Training Schools - Opening of additional Training Sections Employment of Additional Staff - Sanction - REQUESTED.

I have the honour to state that owing to great rush of admissions for the Elementary and Secondary Grade Training I have permitted in anticipation of sanction of Government the opening of additional training sections and the employment of the additional staff specified against the Government Training Schools mentioned below:-

S.No.	Name of the Government Training School.	Addl. Number of sections permitted to be opened and the grade.	Details in regard to addl. staff permitted to be employed.
1.	Government Training School for Masters, KURNOOL.	One Secondary Grade Training section and one Higher Elementary Grade training section.	Two L.T. Assistants on fixed pay from the date of opening of additional section to the end of the current school year.

I have the honour to state that the additional training classes opened during the year 1946-47 under the sanction accorded in G.O.No.1018 Edn dated 21-5-46 are not being continued as it was considered that the sanction accorded therein related to the year 1946-47. For the same reason no fresh admissions during the current school year were permitted in the additional sections opened during 1947-48 under the sanction accorded in G.O.No.738 Edn dated 15-4-47. Since Government in their order No.245 Edn dated 4-2-1948 dropped my proposal for the proposal for the opening of additional training classes during the current school year, admissions were limited to the normal sections (and the additional sections opened during 1945-46 -Vide G.O.No.1216 Edn dated 14-5-1948).

Proposals are still being received from the Inspecting Officers for the opening of additional sections. From the Government U.O. under reference it is seen that the additional training sections opened during the year 1947-48 under the sanction accorded in G.O.No.738 Edn dated 15-4-47 are to be continued. I presume that a fresh batch of students can be admitted during the current school year without further sanction and the provision utilised where there is need in the current school year. If my presumption is correct then there will be no need for awaiting sanction for the [illegible] of fresh additional sections during

Schools - North Vizagapatam District - Opening of a Govt. Training School at Calingapatnam.

B/33-34 CF

With the opening of a Basic Training School at Cuddalore from 1947-48, the Govt. Training School for Masters at that place, has been closed down with effect from the current school year. The D.P.I. has now proposed to transfer the provision of the Govt. Training School for Masters, Cuddalore together with the provision of the Hostel to Calingapatam in North Vizagapatam District., where there is need for a Higher Elementary Grade Training School as stated by the D.P.I. at 'A' on p.2 c.f. The expenditure involved in the proposal is as follows:-

p 2 CF

Recurring:-

Rent for buildings for school and Hostel	Rs.100 p.m.

p 3 CF

Non-Recurring:-

Transport of furniture and other school articles from Cuddalore to Calingapatam	Rs.500/-

The staff employed in the Cuddalore schools is proposed to be continued at Calingapatam in toto.

p 3 CF

2. The only point to be considered is whether the proposal of the D.P.I. would amount to the opening of a new school at Calingapatam or whether it would amount only to the revival of a school closed at Cuddalore. If it is the former, it would have to go before the S.F.C. and the Cabinet. If it is the latter, it may be sanctioned without a reference to the S.F.C. and the Cabinet provided of course there is sufficient justification for opening a school at Calingapatam. In the circumstances stated by the D.P.F., the need for a training school at Calingapatam may be conceded.

2. The proposal should ordinarily be considered only as Part II scheme. In the circumstances explained at 'A' on p2 CF, this deptt may agree to the proposal being sanctioned in the current year itself. The staff proposed for the school seems to be the minimum and may be accepted. ~~The~~ No special remarks seem called for on the other recurring and non recurring expenditure.

p2 CF

3. Financial procedure: The D.P.I states that the proposal does not involve extra cost to Govt. as the provision for the school at Cuddalore may be transferred to Callingapatam. The school at Cuddalore has been closed in the current year because of the opening of the basic training school there. The need for a Higher Elementary grade school at Calingapatam should be taken as a fresh demand for an additional School in the North Vizagapatam District. As the extra cost on account of the proposal exceeds Rs 5,000 p.a recurring the proposal should be referred to the Standing Finance Committee and the Cabinet before issue of orders.

When I had been to Cuddapah, I was told that the Secondary Training Schools had a great demand for seats but only 40 ~~may be~~ were taken from the hundred that applied. We have been progressively closing down many of the Secondary Grade Training Schools for want of applications. But now we are getting applications, it is necessary that we should open the required Training Schools this year. That is also part of the Post-war Development Schemes for which we will get a half grant from the Govt. of India. Orders may be issued giving permission to the Director to open 10 more additional training classes where there is demand.

There is also a great demand for the Secondary Grade Trained teachers without which our schools are famishing and so it is necessary that we should do this immediately.

Scheme No: 34 of the post-war schemes dealt with the training of additional teachers. The object of the scheme was that the full number of additional teachers required for the introduction of compulsory elementary education in the whole province should be brought into existence in the course of 5 years. This was proposed to be done for the most part, by providing additional sections in the existing training institutions and to a limited extent by opening additional training schools where necessary. How far the scheme had been implemented and how far it is proposed to implement it, is set out below:-

In G.O. 1018 Edn. dated 21-5-46, the Govt. sanctioned the opening in 1946-47, of 50 secondary grade training and 50 elementary grade training classes, 40 candidates being admitted in each class. ⓓ cf. d/1 MF

In G.O. 938 Edn. 15-4-47, they also sanctioned ⓒ the opening of a similar number of ~~classes~~ additional training classes during 1947-48 the number of training classes actually opened in these years were as follows:-

Year	Secondary	Higher Elementary	Total
1946-47	39	18	57
1947-48	33	26	59

d/9 cf

In 1947, the D.P.I. estimated that the no. of children that might be enrolled during 1948-49 would be about 1,04,000 on account of the compulsory scheme introduced in the previous years and that the number of teachers required for this purpose would be about 3000. He accordingly proposed that 40 additional secondary grade training classes, 35 elementary grade training classes might be opened during 1948-49. The Govt. however, considered that the provision ~~off~~ for the extension of the compulsory scheme and for the training of additional teachers required for the purpose should be utilised for the extension of Basic Edn. and negatived the proposal of the D.P.I. So the position now is, that while the additional training classes already opened under the scheme

16 are to be continued, no more additional classes are to be opened in the future.

This file deals with the opening of additional training schools or additional training classes in existing schools. Scheme no: 34 of the post-war schemes deals with the training of additional teachers. The object of the scheme is that the full number of additional teachers required for the introduction of compulsory elementary education in the whole province should be brought into existence in the course of 5 years. This is to be done for the most part, by providing additional training institutions in the existing training institutions and to a limited extent by ~~add~~ opening additional training schools where necessary. With reference to this scheme, the Govt. sanctioned in 1946-47, the opening of 50 secondary grade training classes and 50 elementary grade training classes, 40 being admitted in each class. In 1947-48 they sanctioned the opening of an equal number of training classes. However when the D.P.I. proposed the opening of 40 additional secondary grade training classes and 35 elementary grade training classes during 1948-49, the Govt. considered that the provision for the extension of the compulsory education scheme and for the training of the additional teachers required under the scheme, should be ~~also~~ utilized for the extension of the Basic Edn. scheme and issued orders negativing the proposal of the D.P.I. In view of these orders, not only has the D.P.I. ~~[illegible]~~ not opened any additional training classes during 1948-49, but has also refrained from applying to the Govt. for the admission of fresh batches of students in the additional sections opened during 1946-47 and 1947-48. But having regard to the ~~heavy~~ large demand for ~~admission into~~ admissions in training schools this year, the D.P.I. has now submitted proposals for the opening of additional training classes. They are tabulated as follows:-

Q

C

d/14 cf

We did not intend [illegible] being [illegible] taken by 2

District	Name of School or place	Grade	Remarks
p1cf N. Vizag.	Calingapatam	Higher Ele	To be opened.
p7cf "	Govt. Trg. School, Parvatipur	Secondary	Opened.

p11cf Ellore	" Ellore	H.E.	"
p11cf East Godavari	" Narasapur	H.E.	"
cf p Coimbatore	" Coimbatore	Secondary	"

Further with reference to the minutes of the HM (Edn) at p5 ante, the D.P.I. has also proposed that 10 secondary grade training sections and 10 elementary grade sections should be opened. Presumably this should be taken as including the proposal to open a higher elementary grade training school at Calingapatam referred to in the statement above.

p14 cf

2/ The proposals for the additional training classes have been put up on the following two grounds:-

(a) that scheme No. 34 of the post-war schemes provides for the opening of additional training classes, and

(b) that consequent on the conversion of a number of training schools into basic training schools, there is a need

cf p5 ante

cf 'b' at p9cf

8/

for more training classes.

(a) above As stated before, the Govt. have decided not to proceed with the implementation of this scheme. The additional training classes proposed to be opened, cannot therefore be opened under this scheme.

Reg. (a) above. Quite correct. Where the demands for add[itiona]l teachers result from increased demands of the area, before conditions have been introduced. In any case teachers would be required against the demands in future years when the scheme of conditions is resumed. So I do not see any objection to this being treated as coming under the P.W. scheme even though the scheme of conditions [illegible] is in abeyance for this year.

(b) above When the Govt. decide to convert a particular training school into a basic training school, generally the implication is that the school can be converted into a basic training school without having to ~~re-e~~ re-establish the training school in another place. It is therefore submitted, the conversion of a few training schools into basic training schools should ~~be~~ not be made the reason for opening more training classes.

Reg. (b) above — quite correct. There is not only a constant, but an increasing demand for teachers for running the existing institutions & the conversion of some of the existing training schools into basic is bound to affect the position.

3/. In the circumstances, the proposals for the additional training classes may be considered as one designed to meet ordinary requirements. In this view, the following remarks are offered on the proposals:—

Not exactly; please see above.

(1) The Director has ~~opened~~ in anticipation of the sanction of Govt. opened 6 secondary grade sections and 4 higher elementary grade sections and also authorized the employment of 10 L.T. Assistants for the purpose. This may be approved.

p 13 cf

(2) The Director has proposed to open a higher elementary ~~scho~~ grade training school at Caligapatam. This has already been agreed to by Fin. and may be proceeded with.

M/
J.S.
I am not sure that is the position. On the other hand I thought the idea was that these additional teaching [classes] should continue from year to year without any need for fresh sanction.

(c) With reference to 'k' at p 6 ante, the D.P.I. has enquired whether a fresh batch of students can be admitted in the training ~~schools~~ sections opened in 1946-47 and 1947-48 without further sanction of Govt. Obviously this cannot be done. What was meant at 'k' is ~~there~~ that there is no objection to the continuance of these sections and not that no sanction of Govt. is necessary for their continuance. The D.P.I.'s proposal for the opening of 10 secondary grade training section ~~to~~ and 10 elementary grade sections may therefore be approved. This may be done by authorizing the Director to admit a fresh ~~bat~~ batch of students in an equal number of additional training classes opened during 1946-47 or 1947-48, one of the higher elementary grade sections being ~~kept at~~ located at Caligapatam, the location of other sections being ~~located~~ ~~at~~ left to the Director.

p 14 cf

B

4/. It will be seen from the foregoing notes, that what is proposed to be done, is the continuance at one place or other, of some of the sections already opened. The proposal need not therefore be treated as a new scheme.

5/. The remarks of Fin. may be invited.

The E.P.H. department ~~considers that~~ want to know whether the additional training classes opened in 1946-47 and 1947-48 may be continued during the current year also ~~[illegible]~~ ~~from year to year~~ by admitting fresh batch of students without any further sanction of the Government.

R on p. 19 G.O. 1018 Edn. 21-5-46

It is submitted that the Government sanctioned the opening of 100 new training classes (50 of the Secondary grade and 50 of the Elementary grade) for the first time in 1946-47 so as to make arrangements for the training of 4,000 additional teachers required for the introduction of of compulsory elementary education in the Province. In that connection it was also ordered that proposals for fresh admission into the training classes should be brought forward as a Part II scheme for 1947-48. Accordingly the proposal for the training of a fresh batch of 4,000 teachers ~~xxxx~~ during 1947-48 was considered as a Part II scheme for 1947-48 and the opening of 50 new Secondary grade and 50 new Elementary grade training classes in 1947-48 was sanctioned in G.O.No.738 Edn. dated 15-4-47. Thus the sanctioned accorded

M on p. 1 -do-for the training of additional teachers by opening ~~addition~~ new training classes in the existing schools ~~related~~ in each of the years 1946-47 and 1947-48 ~~xxxx~~ related to those years only. If the new ~~additional~~ training classes are to be continued during the current year also so as to make arrangements for the training of additional teachers, the sanction of the Government is quite necessary. The E.P.H. department may therefore be informed that at least a rough estimate is necessary so as to indicate the financial procedure to be followed in the present case.
