Sir,

Sub: Schools - Secondary - Local Bodies - Secondary Grade Teachers in Elementary schools - Appointment to posts of Secondary grade teachers in Secondary schools - Draft Amendment.

--

Ref: This office letter No.12246/48/C4 dated 10-10-1948.

--

In G.O.No.1849 Education dated 26-7-1948, the Government have published a draft amendment to the effect that after 1-7-1948, if vacancies in the posts of Secondary grade teachers in Secondary schools under municipal council arise, they shall be filled for every 2 vacancies, one by promotion of a Secondary grade teacher from an elementary school under the municipal council and the other by direct recruitment. This Council in its Resolution No.782 dated 30-9-1948 recommended that there shall be no desparity in the scales of pay of secondary grade teachers working in elementary and secondary schools under the municipalities and if the scales are made uniform there will be no need for promoting teachers from elementary schools. A copy of the resolution was communicated to the Government in this office letter cited above.

It is usually the case that the seniormost of the secondary grade teachers working in elementary schools are promoted as headmasters of the said schools on account of their experience and long service. When posts of secondary grade teachers fall vacant in High schools, these teachers who work as head masters of elementary schools have got to be promoted as secondary grade teachers under the above Government Order if confirmed. This in turn will diminish to a considerable extent the strength of experienced teachers in elementary schools, thereby rendering it not possible to select the right type of men for the posts of the head masters of the said schools. In this municipality this difficulty is being experienced now for want of suitable hands to b posted as headmasters of elementary schools, as some of them have already been promot as secondary grade teachers to one or the other of the four secondary schools maintain by this municipality. Further if it is the policy of the Government to convert all

P.T.O.

- 2 -

elementary schools into basic schools ere long, it will be difficult and will also be a disadvantage to the elementary schools to promote the basic trained secondary grade teachers therefrom to the secondary schools. But the secondary trained teachers in elementary schools naturally look forward to promotion to secondary schools on account of the higher scale of pay in the secondary schools.

Under the above circumstances, taking into account the difficulties experienced in finding the right type of men to be posted as head masters of elementary schools and the need for experienced teachers for the said posts, as elementary education is the primary concern of municipalities, I request that the resolution of this Council may be duly considered and given effect to, besides allowing a decent amount as special allowance to the head masters of elementary schools so that they may stick on to their posts and be contented.

I solicit the favour of urgent action in the matter.

In G.O.No.1849 Education dated 26-7-1948, the Government have published a draft amendment to the effect that after 1-7-1948, if vacancies in the posts of Secondary grade teachers in Secondary schools under municipal council arise, they shall be filled for every 2 vacancies, one by promotion of a Secondary grade teacher from an elementary school under the municipal council and the other by direct recruitment. This Council in its Resolution No.782 dated 30-9-1948 recommended that there shall be no desparity in the scales of pay of secondary grade teachers working in elementary and secondary schools under the municipalities and if the scales are made uniform there will be no need for promoting teachers from elementary schools. A copy of the resolution was communicated to the Government in this office letter cited above.

It is usually the case that the seniormost of the secondary grade teachers working in elementary schools are promoted as headmasters of the said schools on account of their experience and long service. When posts of secondary grade teachers fall vacant in High schools, these teachers who work as head masters of elementary schools have got to be promoted as secondary grade teachers under the above Government Order if confirmed. This in turn will diminish to a considerable extent the strength of the experienced teachers in elementary schools, thereby rendering it not possible to select the right type of men for the posts of the head masters of the said schools. In this municipality this difficultry is being experienced now for want of suitable hands to be posted as headmasters of elementary schools, as some of them have already been promoted as secondary grade teachers to one or the other of the four secondary schools maintained by this municipality. Further if it is the policy of the Government to convert all the

P.T.O.

elementary schools into basic schools are long, it will be difficult and will also be a disadvantage to the elementary schools to promote the basic trained secondary grade teachers therefrom to the Secondary schools. But the secondary trained teachers in elementary schools naturally look forward to promotion to secondary schools on account of the higher scale of pay in the secondary schools.

Under the above circumstances, taking into account the difficulties experienced in finding the right type of men to be posted as head masters of elementary schools and the need for experienced teachers for the said posts, as elementary education is the primary concern of municipalities, I request that the resolution of this Council may be duly considered and given effect to, besides allowing a decent amount as special allowance to the head masters of elementary schools so that they may stick on to their posts and be contented.

I solicit the favour of urgent action in the matter.

In G.O. No.1849 Edn., dated 26-7-1948, the Govt. published for general information and criticism a draft of certain amendments to the rules relating to the appointment and punishment of teachers to regulate ~~the~~ appointments to secondary grade posts in secondary schools under local bodies. The Municipal Council, Dindigul, suggests that outsiders need not be appointed to posts of secondary grade teachers in secondary schools so long as there are secondary grade teachers in elementary schools who can be promoted. The Govt. do not accept this suggestion. The draft of amendments ~~to the~~ rules are hereby confirmed.

(A)

In G.O.No.1849 Edn., dated 26-7-1948, the Govt. published for general information and criticism a draft of certain amendments to the Rules relating to the appointment and punishment of officers and servants of local bodies, about the appointment of secondary grade teachers in secondary schools. According to the draft amendments one out of every two vacancies in ~~the~~ posts of secondary grade teachers in secondary schools should be filled by promotion of secondary grade teachers in elementary schools, the other vacancy being filled by direct recruitment. The draft notifications were published in the Fort St. George Gazette, dated 31-8-48. The time limit of six weeks allowed for receipt of objections and criticisms has expired. Criticisms have so far been received from Municipal Councils, Coimbatore, Palni and Dindigul.

p 9 CF

The Municipal Council, Coimbatore, suggests that the pay of secondary grade teachers in secondary and elementary schools may be equalised. This suggestion has already been considered and dropped. The matter need not be reopened.

p 1 CF

The Commissioner, Coimbatore Municipality, suggests that secondary grade teachers in elementary schools may be promoted in the order of seniority and outsiders may be appointed to the resulting vacancies in elementary schools.

p 3 CF

The Commissioner, Palni Municipality, raises the question whether promotion of secondary grade teachers in elementary schools should be in the order of seniority or whether promotion should [illegible] restricted to deserving cases only. [illegible] Commissioner also enquires

C.No 69435 B2/48

school may be promoted to secondary grade posts in secondary schools in leave vacancies.

The point whether promotion should be based on seniority alone or it should be confined to deserving cases was not specifically raised. But as this is a case of promotion it seems that it should be made on a selection basis, that is, promotion should be made on grounds of merit and ability, seniority being considered only where merit and ability are approximately equal. There is no objection to appointing secondary grade teachers in elementary schools in leave vacancies in posts of secondary grade teachers in secondary schools.

The Municipal Council, Dindigul, suggests that no provision need be made for appointment of outsiders to secondary grade posts in ~~secondary~~ secondary schools so long as there are secondary grade teachers in elementary schools who can be promoted. This point has already been examined and decided in the negative.
