Sir,

SUB:- Schools - Secondary - Municipal Girls High School, R.S. Puram - Coimbatore Municipality Transfer of management to Government - Proposal - Not recommended:

REF:- Government Endorsement No. 25313/B.1/48-1 Education, dated 1st May 1948.

In resubmitting herewith the Government Endorsement quoted above, I have the honour to state as follows:

Temporary recognition was granted to the school in my Proceedings Dis. No. 6718/47 dated 13th December 1947, till the end of the school year 1948-49 subject to the following conditions:

- (i) adequate and suitable accommodation should be provided;
- (ii) proper sanitary arrangements should be made to the satisfaction of the health officer.
- (iii) furniture, apparatus and appliances should be supplied to the satisfaction of the Inspector;
- (iv) the men teachers should be replaced by qualified women teachers and unqualified teachers by qualified teachers.

The Municipal Council has requested Government to take over the management of the school on the proposal of the Commissioner for setting apart a sum of Rs. 11,000/- for the construction of the laboratory hall. The Council would not have raised the question of transfer if the conditions specified above were not insisted on and permanent recognition was granted. There is need for the continuance of the school in the locality and its immediate requirements are provision of additional accommodation and equipment. The Civil Engineer of the Municipality has stated that it will cost Rs. 20,000/- for additional construction. Even if Government were to take over the management of the school with the existing building a similar amount has to be spent for additional accommodation, besides the cost of maintenance. There is already a Government Secondary and Training School for Women and a Government Middle School for Muslim Girls in Coimbatore.

Coimbatore Municipality is one of a few Municipalities whose financial conditions is very satisfactory. I am of opinion that the Municipality can find the necessary funds to maintain the school and thus there is no need for Government to take over the management of the Municipal Girls High School, R.S.Puram.

Yours faithfully,

R. S. Puram

for DIRECTOR OF PUBLIC INSTRUCTION.

provision of facilities for secondary education. The girls high school at R.S. Puram is eligible for teaching grant, but not for building or equipment grants as it is an mstr. opened after 1930. The Retrenchment Committee has recommended that the distinction now made between schools opened before 1930 & after 1930 in the matter of aid for building & equipment should be removed & the recommendation is to be placed before the Cabinet. If it is approved, the school will become eligible for grants non-recurring. As pointed out by the D.P.D., the municipality is not a poor one & there is no case for taking over of the management of the school by Govt. The request may be turned down. It may see prior to this.

also printed out by the D.P.D., there is a Govt. Secy and Training School for women and a Middle School for Muslim Girls at Crimble.
