Memo, No. 66680 R, 148-1 Edn d/8.9.48.
 The attention of the DPD is invited to G.O.
 no 2237 Education dated 9.9.48 in regard to the
 revision of the scales of pay of the staff employed
 in the schools for defective children under the
 control of municipal Councils. The Govt consider that
 the managements of aided special schools for the
 Deaf and Dumb and for the Blind maybe permitted
 to adopt the revised scales fixed for the staff in
 such schools under municipal Councils if they can
 afford to do so with the existing aid from Govt.
 The DPD is requested to offer his remarks on

Sir,

Sub: Schools - Special - for defective children - adoption of revised scales of pay.

Ref: Government Memo No.66680/B1/48-1 Edn., dated 8-9-1948.

In submitting a statement showing extra cost to Government if the managements of the special schools adopt the revised scales of pay, together with the Special Pay specified in Government memo No.91817 B1/47-3 Edn., dated 25-4-48, I have to state as follows:-

The scales of pay allowed at present to teachers in the above schools are roughly arranged according to the scales admissible to Secondary and Higher Elementary Grade teachers in aided schools. For a few European teachers on the staff of these schools, certain rates have been fixed by me with reference to their qualifications and in no case the maximum salary allowed to the latter exceeds Rs.150/- p.m. In preparing the statement referred to above, the salaries of the European teachers have therefore been excluded. Their salaries may stand as at present and salaries for new Europeans will be fixed in future, after evaluation of their qualifications with reference to the orders now under contemplation of Government.

2. The maximum additional cost to Government will be as hereunder, assuming that 2/3 of net cost is given as grant:-
Immediate extra cost = 2/3 of Rs.1287 = Rs.858/- 644
Ultimate extra cost = 2/3 of Rs.5148 = Rs.3432/- 2574
I may also add that some schools are paying at rates

who have long service extending from 25 to 35 years. When such teachers retire, the new teachers who will be in the revised scale will, being at the initial stage, bring down the extra cost considerably.

Yours faithfully,

G. Sankaran 8/11/48.

Schools - Special - Schools for defective children under private management - Adoption of revised scales of pay. Estimate of extra cost to Govt.

From the D.P.D. Memo 40 - 22/48 d 4.11.48

Special Memo 66680 B/48 - 3 Jan d 13.1.48

The ultimate extra cost to Govt on account of the adoption of the revised scales of pay to the staff in the special schools for defective children under private management shown in the statement appended to the Director's letter cited above does not appear to be correct. The extra cost should be the difference between the present fixed pay or average of the existing scale of pay, if any, adopted by the management and the average of the revised scale of pay to be adopted in the scales of pay fixed in G.O. No 2237 Jan d 9.9.48 to special schools under local bodies calculated on the basis of two thirds of the extra cost of

(A)

grant and from the ~~same~~ total cost thus arrived at, the grant that is now paid to the institutions should be deducted. In working out the extra cost, the special pay may be left out as orders have not yet been issued in regard to the grant of special pay. The immediate cost may be worked out on the assumption that the ~~relevant~~ revision will take effect from the date of issue of orders with out any retrospective effect assuming that orders will be issued by 1st January 1949. The D.P.9 is requested to furnish at a very early date a revised estimate cost calculated on the basis indicated above.

Re.No.40 D2/48 dated 26-11-1948.

Sir,

Sub: Schools - Special Schools - for Defective
children under private managements - Adoption
of revised scales of pay - Estimate of extra
cost to Government.

Ref: Govt. Memos No.66680 -B1/48-3, Edn., dated
13-11-1948, and 22-11-1948.

In submitting herewith a revised statement of extra
cost to Government as per instructions issued in the Memos read
above I have the honour to state that, there are no time-scales
for staff in any of the aided special schools. The salaries
allowed at present for purposes of assessment of grant have
been taken as fixed salaries and the average pay in the
revised scales, laid down in G.O.Ms.2237 Edn., dated 9-9-48
have been adopted in the case of teachers who hold competency
certificates but not ordinary teachers' certificates,
In the case of the latter, the rate admissible to trained
teachers in ordinary aided schools has been taken for cal-
culating average pay and additional cost to Government.

2. As already submitted in my letter dated 4-11-1948
the statement does not contain particulars of teachers who
possess foreign qualifications and whose pay will not therefore
affect the present calculations. They stand as of yore in a
special scale and invariably in a school it is only one
individual, who is the Principal of the School.

Order no 3236 Education. 17-12-48

The Govt have considered the question of fixing revised scales of pay for the teaching staff in the special schools for the deaf & dumb and for the blind under private managements and have decided that with effect from 1.1.49, they should be allowed the revised scales of pay fixed for teachers of corresponding grades in Elementary and Secondary schools under local bodies as has been done in respect of the staff in such special schools under municipal Councils.

G.O. No 2237 Edn 9-9-48

2. Headmasters of these special schools should

be granted in addition to pay in the appropriate time scale a special pay of Rs 10 pm if they have undergone L.T. B.T. or BEd or Secondary grade training and of Rs 5 pm if they have undergone Higher Elementary grade training. The special pay should also be given effect to from 1.1.49. The question whether in addition to pay in the revised scale, the teachers in the special schools should be given a special pay in view of the additional qualification required and the special nature of the work to be performed is under consideration of Govt and orders will be issued separately.

3 Teachers holding Govt certificate of competency but not the trained teachers' certificate may be allowed the following scales of pay.

- (1) Graduates with competency certificate Rs 75-5.145
- (2) Holders of ~~secondary~~ completed S.S. LC eligible for admission to University course and with competency certificate } Rs 45-2.85
- (3) Those who have passed the examination at the end of III Form of a recognised secondary school and have been awarded the certificate of competency } Rs 30-1.45

Teachers without any training will not be eligible for any time scale of pay. If any such teachers are employed their pay should be regulated with reference to the pay fixed for such teachers in Elementary and ~~special schools~~ Secondary schools in G.O. 11975 Edu 8.10.5.47 as subsequently amended.

4. Teachers possessing foreign qualifications will continue to draw pay at the existing rates & the revised scales of pay will not be applicable to them.

5. With a view to enable the managements to meet the extra cost involved in the adoption of the revised scales of pay, the Govt have decided to raise the basis of assessment of grants to these special schools for defective children from one-half to two-thirds of the approved net cost of maintenance of the schools with effect from the date on which the revised scales of pay are introduced. ^{in those schools} The D.P.D. is requested to communicate the orders to the managements of aided schools for defective children immediately.

Summarising Note.

Subject. Fixation of revised scales of pay for teachers in schools for the blind, deaf and dumb under private managements

There are six aided schools for defective children ~~xxxx~~ under private managements in this Province. The teachers in these special schools are now in receipt of fixed rates of pay. In the case of teachers in aided secondary schools under private managements ^{who were similarly in receipt of fixed pay} the Govt have already directed that at least the revised scales of pay fixed for teachers in secondary schools under local bodies should be adopted with effect from 1-6-47 and the revision has been given effect to. In respect of teachers in the special schools ^{for defective children} under the management of municipal councils, the Govt have also directed that the revised scales of pay fixed for teachers of the corresponding grades in Elementary and secondary schools should be adopted with effect from 1-7-48. The Govt have recognised the need for providing adequate facilities for the education of defective children and unless the teachers in the private schools ~~are~~ ~~adequately paid~~ are adequately paid and they are treated equally with teachers of the same grade employed in other institutions, it will not be possible to improve the schools and ensure efficiency. ~~xxxxxx~~ It was therefore considered that the managements of aided schools for defective children should be required to adopt for the members of the teaching staff the revised scales of pay fixed for teachers of the same grade in the special schools under municipal ~~xxxxxx~~ councils with effect from ~~1-1-49~~ 1-1-49 and that with a view to enable the managements to meet the extra cost involved in the adoption of the revised scales, the basis for assessment of teaching grants ^{to the special schools} should be raised from one half to two thirds of the approved net cost of maintenance as in the case of aided secondary schools. These revised scales will be applicable only to teachers without any foreign qualifications. Teachers with foreign qualifications will continue to draw

the present rates of pay which have been fixed having regard to their qualifications. The ultimate extra cost to Govt involved in the revision of pay is only Rs 3,486 per annum. Comptroller
& Kamikudo.

In G.O. No 2237 Education dated 9-9-48 the Govt directed that teachers employed in the special schools for the deaf and dumb and for the blind under the control of the municipal councils should be allowed the revised scales of pay fixed for teachers of the same grade in secondary schools under local bodies and that they should be allowed, in addition, a special pay as per orders to be issued later in recognition of the additional qualification required and the special nature of the work to be performed in the schools for the defectives.

In Memo No 66680 B1/48-1 Education dated 8-9-48 the D.P.I. was asked to offer his remarks on the proposal to allow the managements of private aided schools for defectives the revised scales of pay if they can afford to do so with the existing aid from Govt i.e. half the net cost of maintenance of the institutions and if so to furnish an estimate of the extra cost to Govt involved in the proposal. The Director has accordingly submitted proposals for adoption of the revised scales of pay for the staff of aided schools for defectives.

2. The D.P.I. reports that in respect of a few European teachers on the staff of these schools for defectives, he has fixed certain rates of pay with reference to their qualifications for purposes of assessment of grants, that in no case the maximum salary allowed to such teachers exceeds Rs 150 p.m. and recommends that they may be allowed to draw the present rates of pay. He recommends that the adoption of revised scales of pay may be only in respect of the non-European staff. The Director's recommendation may

be accepted.

3. In respect of the rest of the ~~staff~~ staff, the D.P.I. has calculated the immediate extra cost ~~assuming~~ that grant will be paid on the basis of two thirds of the net cost if the revised scales are adopted as has been done in respect of secondary schools under private managements to enable them to meet the extra cost involved in the adoption of revised scales of pay. In view of the fact that the management of these special schools should be encouraged to develop these schools and provide additional facilities and in view of the fact that the number of schools under private managements is limited, it is for consideration whether grants may be paid on the basis of two thirds of the net cost to institutions which adopt the revised scales of pay as proposed by

the D.P.I. If this is done, the Govt will only be continuing the principle adopted for aided secondary schools in the matter of aid.

4. The immediate extra cost if the revised scales of pay ~~are adopted~~ are adopted from 1-7-48 will be Rs Rs 3080. As grants for 1948-9 are payable in 1949-50, the extra expenditure will have to be incurred in the next year if orders are issued in the current year. If however the proposal is considered as a Part II scheme for 1949-50 with the concurrence of Finance, there will be no extra expenditure in 1949-50 ~~and hence~~ as the grant for 1949-50 the year in which the extra expenditure will be incurred, will become payable only in 1950-51. The ultimate extra cost will have to be calculated by taking the difference between the average of the revised scales of pay and the present rates of fixed pay plus special pay that will be admissible if the revised scales are adopted.

5. The remarks of Finance may be invited u.o.

Lin (exp. A)

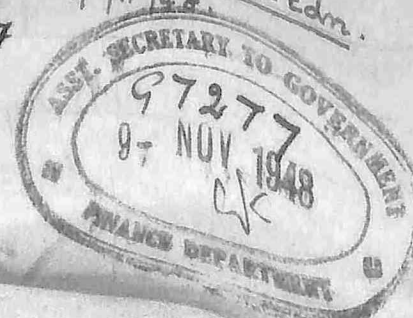

Please see the notes on pages 1-2 above.

The proposal is to allow private aided schools for defectives to adopt the revised scales of pay allowed to corresponding grades of teachers in aided secondary schools on the analogy of the

E & P. W. U. O. No.

66680 B. 148-2 Edn.
9/11/48

proposal to permit local body schools for defectives to all revised scales for their staff which was sanctioned by the Govt. in P.O. 2237 Edu D 9-9-48. This P.O. is not available in the E & P. H. Dept. now.

There are only six schools for defectives under private management which are now assessed grants on half the net cost basis. The D.P.I. while furnishing an estimate of the extra cost to Govt on account of the adoption of the revised scales by these managements has calculated the grant payable on 2/3 rds. net cost basis as in the case of secondary schools under private management. The E & P. H. Dept. agree to this enhanced basis of grant for the reasons given at 4 on p 2 above.

Finance may agree to these schools being allowed the revised scales of pay for the staff on the scale allowed to corresponding grades of management of secondary schools. The following remarks seem to have been called for:

a) In the case of local body schools for defectives, in addition to the pay in the revised scale, a special pay has also been allowed. But the rate of this special pay does not seem to have been fixed yet. The D.P.I. has taken into account special pay at varying rates, viz. 20, 10 & 5% in calculating the extra cost. It seems that until a decision has been reached in regard to special pay to be allowed for local bodies (which may probably apply to these schools also) the rates of special pay shown in the statement submitted by the D.P.I. will not represent a correct estimate of the additional cost. The proposal will therefore have to wait till orders regarding special pay are issued on a report from the schools for defectives.

b) For the reasons given at 4 on p 2 above, this Dept. may agree to payment of grants on a two thirds net cost basis.

c) E.P.H. have calculated the immediate extra cost to govt. as Rs 3,000/- assuming that the revised scales will be allowed from 1-7-48. There does not seem to be any necessity to allow retrospective effect to such Commission of Mr. 49 M.F. W.D. If the revised scales are to be allowed, they may take effect from the date of issue of order in the matter.

d) E.P.H. propose to approve the proposal now and include necessary provision in Part 2 next year's budget. As stated already, the proposal is not ripe for consideration before the actual extra cost to govt., both immediate and ultimate, is correctly worked out, taking into account the special pay to be allowed. As the financial procedure to be followed will have to be decided only thereafter.

proposal should be treated as a 'new service'. However, as the estimated extra cost does not exceed Rs 5000/- p.a. the case can be sanctioned after it is approved in circulation by the H.M. (Edn), H.M. (Fin) and H.P.R. As soon as orders are issued, a summarising note should be circulated to the other H.P.R.s, to the C.S. and to the Finance Dept.

As regards provision of funds in Part I of the Budget for 1949-50, E-PH may be requested to send, after issue of orders, relevant extracts to Fin (BEIV), not later than the 20th December, when the amounts ^{required} will be taken into account along with other alterations to the Budget.

Education and Public Health Department. (B 1 section)

The proposal in this file is to permit managements of aided special schools for the deaf and dumb and for the blind to adopt the revised scales of pay fixed for the staff in such schools under the management of the municipal councils (Kamthandi + Comkhani) in G.O. No 2237 Edn dated 9-9-48. The extra cost to Govt owing to the increase in the amount of grant that is now being paid on account of the revision of the scales of pay is estimated at Rs 872 immediate and Rs 3486 p.a. ultimate. As the estimated extra cost does not exceed Rs 5,000, Finance have pointed out that reference to the S.F.C. and Cabinet is not necessary and that it will be sufficient if orders are taken

Under Chapter VI of the Grant in Aid Code. Teaching grants to special schools should be fixed by the D.P.D. after a consideration of all the circumstances of the case. For the sake of uniformity the grant is now assessed by the Director on the basis of one half of the net cost of maintenance of the institutions in the preceding financial year. It is proposed that the basis of assessment of the grant may be raised from one half to two thirds of the approved net cost so as to enable the managements to meet the extra cost involved in the adoption of the revised scales of pay. This basis has already been adopted in respect of secondary schools under private managements from 1-1-47.

Please see the minutes of H.Pr. on page 4 ante. If grants to schools for defective children under private managements should continue to be paid on the basis of one half of the net cost of maintenance of the schools, the Govt can only commend to the managements the adoption of the revised scales fixed for the staff in Special Schools under local bodies and cannot insist on their adopting the ^{revised} scales. This for consideration whether orders may be issued accordingly.

The file may be circulated to H.Pr. (con)

The grant for defectives may be on the same basis as grants for other schools. In fact, it should be better because it is more difficult work. But since H.Pr. is against it, it may be given on the same scale as other secondary schools.

H.Pr. may see again.
