R.G.No. 2779-B2/46 dated 28th September, 1948.

SIR,

ELEMENTARY EDUCATION--Building grant--St. Joseph's
Higher Elementary School--Arni--Payment of grant--
Instructions--regarding the -- Solicited.

7314A

A scheme for building grant for the St. Joseph's
Higher Elementary School, Arni was approved by me and was
included in the list of approved works in 1946 at an
estimated cost of Rs. 48,500/-. The work has now been com-
pleted and the management have submitted completion
certificate etc. The management have also satisfied the
Government Solicitor with regard to their title and a
Mortgage deed has also been executed and registered.
Payment of grant has now to be authorised.

2/ It is submitted, in this connection that no
provision has been made for payment of grant for this
scheme in the current year's Budget Estimate. However in
connection with the special allotment of Rs. 6 lakhs made
by Government, in the current year for building grant
schemes, I have submitted a list of grant building schemes for
aided elementary schools which are expected to be completed
during the current year and I have suggested that grants in
respect of these schemes may be paid out of the 6 lakhs
provision. This is one of the schemes which has been
included in the list of schemes referred to above.

3/ I request the orders of Government whether I may
authorise payment of the grant in respect of the scheme in
question and also the other schemes submitted to Government
for payment out of the lump sum provision referred to
above, during the current year and when they become
ready for payment, though no specific provision, therefore, is

made in the current years Budget Estimate.

YOURS FAITHFULLY,

For Director of Public Instruction.

Sub. Ele. Edu. Building grant - Aided Ele. schools -
payment during 1948-49.

Ref. From the D.P.G. No. 2779. Bz/46 dated 28-9-48

please see the letter from the D.P.G. at
p.p.1-2 of. In the circumstances stated he requests
orders as to whether he can authorize payment of
building grants towards the construction of St. Joseph's
Higher Ele. school building, Arni, and towards the
construction of aided elementary school buildings recommended by
him, out of the Rs 6 lakhs allotment made during
the current year.

As stated by the D.P.G., the building scheme
relating to the school at Arni was included in the list
of schemes for the current year, and a half grant
of Rs 24250/- was also recommended by him. It
has been decided to distribute the special allotment of
Rs 6 lakhs districtwise and on population basis. ~~subject to the condition that the grant does not exceed half the~~
~~actual cost~~ The grant ^{to be} allowed in each case is half the
actual cost not exceeding Rs 7000 in the case of
a Higher Elementary school and Rs 4000 in the case
of a Lower Elementary school. In this view it was
proposed to allow only Rs 7000 as grant towards
the construction of the school building at Arni.

The D.P.G. has now stated that this work was
approved by him and included in the list of approved
works in 1946 at an estimated cost of Rs 48500.

As the work has been completed, and a half grant
of Rs 24250/- can be paid to the management.

The Director says that no provision has been made
for payment of grant in respect of this scheme in the
current year. The total amount of grant payable
in respect of the schemes in the current year amounts
to Rs 2.3 lakhs. There is no objection to meet

The grant of Rs 24250/- payable to the management of the school at Arni out of the balance of Rs 3.7 lakhs in the current year. A sum of Rs 1000/- ^{already} included as an item of grant in the list of schemes in the current year on account of this school ~~of 1947~~ will be deleted.

As per the existing rules the Director is competent to sanction grants not exceeding Rs 500/- in each case. The sanction of Government is necessary in cases where the grants exceed Rs 500/-.

In the present case and in all the cases included in the current year's list the grants payable exceed Rs 500/-. Therefore the Director cannot disburse ~~the~~ grants without Govt's sanction.

The case may be sent to Finance for remarks.

Finance (Exp. A)
The D.P.'s reference in the C.F. and the notes on pages 1-2 above may be perused.

In the circumstances explained, Finance may agree to the proposal of E.O.H. to sanction a half grant of Rs 24,250/- towards building grant for the St. Joseph's H.E. School, Arni, as a special case, (i.e. in excess of the limit of Rs 7,000/-).

There is no provision in the current year's budget for payment of grant for this scheme. As the cost grant payable exceeds the limit of Rs 10,000/- non-recurring, the proposal will have to be treated as a 'New service'. The matter should also be placed before the F.P.C. and the Cabinet, as the cost exceeds Rs 20,000/- non-recurring. A supplementary estimate for a token sum should also be obtained from the Legislature in due course.

The view of E.O.H. at B' above may be concurred in.

The proposal to pay a half grant of Rs 24250/- to the management of the St. Joseph's Higher E.E. School, Arni towards the construction of the School building has been accepted by Finance. But they have ~~suggested~~ ^{stated} that the proposal should be placed before the Standing Finance Committee. The S.F.C. has reported that the construction of the School building has been completed. Therefore the building grant will have to be paid in the current year ^{itself}. If the proposal has to be placed before the Standing Finance Committee, it may not be possible to sanction the grant in the current year for want of time. In the circumstances the procedure of placing the matter before the Standing Finance Committee and the emergency procedure adopted may be dispensed with, Finance may see again.

SUMMARISING NOTE

Sub:- Payment of grant towards construction of building for the St. Joseph's Higher Elementary School, Arni

It was decided that a provision of Rs.2 lakhs might be made in the current year towards building grants for elementary schools and the amount disbursed district-wise on population basis. The grant payable for a lower elementary school was fixed as half the cost not exceeding Rs.4,000/- and that for ^ahigher elementary school as half the cost not exceeding Rs.7,000/-.

The Director of Public Instruction recommended that a half grant of Rs.24,250/- might be paid to the management of the St. Joseph's Higher Ele. School, Arni, for the construction of a school building, the expenditure being met from the provision of Rs.2 lakhs referred to in para 1 above. The scheme was included by the Director in the list of approved works in 1946 at an estimated cost of Rs.48,500/- and a half grant was promised. The grant exceeded the prescribed limit of Rs.7,000/- for a higher elementary school. But it was promised to the management before the limits mentioned in para 1 above were adopted. It was therefore, considered that the limits need not be applied to this case and that a half grant of Rs.24,250/- might be paid to the management. As the extra cost to Government involved exceeds Rs.20,000/- (non-recurring), a reference to the Standing Finance Committee is necessary. The construction of the school building having been completed, it was considered that the grant should be paid in the current year. If the proposal was placed before the S.F.C. it might not be possible to disburse the grant in the current year itself. The emergency procedure was accordingly followed, and orders were issued after circulation to H.M.(Edn.), H.M.(Fin.) and H.Pr.
