The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

R.G.No. 2131-L5/48 dated 29th November 1948.

SIR,

TOURS--Instructional tours--Travelling Allowance
to members of the staff accompanying the
students--Arthur Hope College of Technology,
Coimbatore.

In enclosing herewith a copy of the programme
relating to the "instructional tours" of the students
of the Arthur Hope College of Technology, Coimbatore
for 1948-49, I request that Government may be pleased
to permit the incurring of an expenditure of not
exceeding Rs. 2700/- on Travelling Allowance to the
members of the staff accompanying the students on tour.

2. In this connection, I have to report that the
Principal has already undertaken and completed a part
of the tour in anticipation of necessary sanction.
His action may therefore be kindly ratified. The
Principal has also taken peons on tour though
this is not ordinarily permitted. However, as the
expenditure has already been incurred, I request that
Government may kindly approve the Principal's action.
The Principal is being asked not to take peons on
instructional tours in future.

3. For reasons explained in the Principal's letter
R.G. 66-B/48 dated 11.11.1948 (copy enclosed), I request
that Government may permit more than one member of the
staff to accompany each batch of students when the
number of students in a batch exceeds 15.

4. The expenditure on Travelling Allowance to
the members of the staff will be debited to the Budget
Head "57(a) Education--University--Government Professional
Colleges--(a) E. Postwar Reconstruction (1) Arthur Hope
College of Technology, Coimbatore--(a) E. 1. S. Allowances-
Voted" in the Civil Budget Estimate for 1948-49.

5. With reference to Rule 52(b) of the Madras M.T.A.
Regulations, the head of the department may allow any
Government servant subordinate to him to proceed on duty
to any part of the territories of the Local Government
or to a district, an Indian State or a Foreign
Settlement adjoining the territories of the Local
Government. Kindly let me know whether, with reference to
the above rule, I can permit the incurring of an
expenditure on T.A. to the members of the staff of
Government Colleges when they accompany students on
instructional tours and when the places to be visited
are entirely within the jurisdiction specified above.

At present Government sanction is being obtained even when the places to be visited are within the jurisdiction specified above.

Yours faithfully,

P. M. S.

Copy of letter R.G.No.66-B/48 dated 11th November 1948 from the Principal, Arthur Hope College of Technology, Coimbatore to the Director of Public Instruction, Madras.

Subject:- Arthur Hope College of Technology, Coimbatore - Instructional Tours - Sanction of expenditure.

Refce.:-- Your Proceedings R.G.No.2151-L.3/48 dated 5.11.48.

A similar tour was undertaken last year with the sanction of the Director accorded in his proceedings L.Ds. No.269-K2/48 dated 11.2.1948.

2. When 30 or more students visit a factory or works the students have to be taken round in groups of 10 to 15 each and it becomes necessary to entrust each group with an Instructor, so that he may explain all the necessary points to the students. Otherwise the inspection will not be of educational and instructional value to the students. Further the factories and officers in charge of works insist that during the visit of the students a responsible member of the staff should accompany them to guard against damages or accidents.

3. The necessity for a peon to accompany the students on educational Tours is due to the fact that students take their kits which often require to be looked after when they go out for visits to inspect works and that their luggages has to be left either in Hotels or Hostels where they temporarily stay, or on Railways Platforms when they have to catch the next train on the same day after completing the visits in a particular place. Sometimes one or the other member falls sick during the tour and a Peon is necessary to wait upon him especially when he has to be left alone when others go out

for visits to works or factories. Besides these, the Peon's services are required for many other odd things such as escorting luggages to and from the Railway Station, & Collection of post etc. For the tour from 2.10.1948 to 15.10.1948, the Professor in Electrical Engineering accompanied the students and a peon was taken by him for this tour.

4. The following Instructional tours have already been undertaken and completed:-

Rc 2407 L.3/49 dated 6.2.50

Subject: Travelling Allowance - Instructional tours -
College of Engineering, Guindy 1949--50

In G.O. No. 2446 Edn dated 25-9-48, the instructional tour of the College of Engineering, Guindy was permitted to be undertaken for the year 1948--1949, I have permitted the Inspee Instructional tours of the College for the current year with reference to the orders contained in G.O. No. MS 3339 Edn, dated 29.12.48 wherein I was informed that I may in future under Rule 52(b) of the Madras Travelling Allowance Rules permit the incurring of expenditure on Travelling Allowance to the staff accompanying the students of Government Colleges going on instructional tours so long as the places to be visited are entirely within the jurisdiction of the Controlling Officer provided such expenditure has been previously approved in principle by the Government.

From a careful scrutiny of the tour programme for the current year it has been now observed that some places like Tatanagar, Howrah, and Calcutta in the Bengal Presidency have been included for tour. As these places in the Bengal Presidency are not adjoining places to Madras Presidency I request you to kindly ratify my action in having permitted the staff of the college to proceed to those places through though they are not adjoining territories to Madras Government.
