A note on the Proceedings of the meeting of the
Principals of Training Colleges held at 10 A.M.
on 27.2.48 at Meston Training College.

At a meeting with Principals of Colleges on 26-2-48 the Minister emphasised the urgent need for the training of Graduates in teaching who would be able to train teachers for Basic Schools and serve as Supervisors of Basic Schools. He had raised the question informally with the Universities but it would take some time for University regulations and courses to be changed, and he wondered whether the Principals could suggest some means whereby an element of Basic Training could be introduced during the coming academic year.

After a general discussion it was arranged that the Principals and others should meet at 10 A.M. on 27-2-48 to discuss practical steps and, in particular, the question as to whether it would be in the best interests of Education to introduce a "Basic" element into the B.T. classes at once (e.g. during the time allotted to Arts and Crafts) or to use the year 1948-49 in making mature plans for the introduction of Basic Courses in June 1949.

On 27-2-48 there was a detailed discussion resulting in the following recommendations:-

1. It would be in the best interests of Education that any major scheme take effect from 1949 and that the year 1948-49 be used for careful planning and the training of key personnel. Nevertheless, if any college possessed the essential trained staff and equipment, work might be begun on an experimental basis. (It was stated that St. Christopher's has a Wardha trained member of Staff; and Saidapet has equipment and crafts instructors).

2. The Training College of the future would need to prepare personnel both for Training Supervisors of Basic Schools and Basic Training School teachers and also for teaching in Forms IV to VI of the Secondary Schools. While therefore all the training of all students should have a Basic orientation, only a proportion of them would need specialised Basic Training. For the latter Basic Education should be an Optional Subject as Primary Education is at the present time. Probably, however, more time should be allotted to it than for the present Optionals.

3. Before beginning their training course proper, it is essential that students undertaking Basic Education as an Optional should have some intensive initial training in a craft. It is therefore proposed that such students should have a preliminary course in crafts for about four weeks. This period should be regarded as probationary as well as preparatory; and those who show no real aptitude for crafts should be diverted to other subjects.

4. It was agreed that, with this preparation, a subsequent course of 150 days should be sufficient. It is important the B.Ts should have similar arrangements for vacations to those training for other professions if the course is to attract the best men and women.

5. Government is advised to invite each of the Colleges to depute at least one and, if possible, two members of its Lecturing Staff for Basic Training during 1948-49 and to provide the necessary financial facilities. Lecturers so trained will be able to take up the subject of Basic Education in 1949 and also to leaven the life of the college with Basic ideals and methods.

I have the honour to offer the following remarks on the recommendations of the Principals of Training Colleges.

1. The Principal of the St. Christopher's College has written to say that St. Christopher's has no intention of introducing Basic Training in the B.T. course in 1948-1949.
2. I agree with the recommendation should the University agree to accept Basic Education as an optional subject for the B.T. course. If the Government approve the proposal I shall address the University authorities in the matter.
3. I have no objection to accept this recommendation also. It means that there should be a preliminary training only with a view to eliminate the unsuitable.
4. This recommendation may also be accepted. It seems from their recommendation that the B.Ts should not lose their vacation and that the preliminary craft training should be given before the beginning of the regular session for the year.

The result of accepting these 2 proposals (3 and 4) will be that one who seeks to be a Basic Education B.T. should undergo four weeks preliminary training in a craft and then take the B.T. course.

5. I have no objection to one Lecturer from each College being sent, to Perianaikenpalayam for a course of training. The Committee has not indicated what the period of training should be. I expect ~~5 months~~ that it should be for a minimum of 5 months. I suppose the present staff at Periyanaikenpalayam will be sufficient.

2. As regards the ^{Hon. Minister's} Headmaster's suggestion that Basic Education may be introduced in the Lady Willingdon Training

= 2 =

Training College in 1948-1949, it is submitted that Srimathi Rajalakshmi and Srimathi Saradambal are the only women graduates trained in Basic Education now available. Though one or two under training at Wardha may be thought of, but they are not qualified to teach in Tamil.

The Govt. agree that ~~the~~ Basic Education should be made an optional subject for the B.T. Course. The D.P.I. is requested to address the University of Madras in the matter.

The Director is also requested to arrange for the re-training of members of the staff of training colleges in Basic Education. The period of training may be 5 months.

The Govt. consider that Basic Education should be introduced in the Lady Wellington Training College and the Teachers' College, Saidapet, at least in 1949-50. Some members of the staff of the two colleges should be deputed for training in Basic Education this year itself. The Director is requested to examine the matter and submit necessary proposals.

With regard to Training Colleges, it must be the University that must face the problem. I have had a talk with the Vice-Chancellor already. We must get the Training Colleges reorganised by the end of this year. The University reorganisation must meet the following needs:-

- (1) Must supply us suitable staff for teaching our higher grade training schools with spinning and horticulture as the basic craft.
- (2) Must supply us suitable staff to man the Secondary Grade Training Schools.
- (3) Must supply us suitable staff to serve in our Technical High Schools and High Schools where bifurcation has been introduced.

The University may be addressed in the matter.

REF:- Your letter R.No.170/M/48 dated 17th June 48 inclusion of Basic Education in the syllabus for the B.T.Degree Course and reminder there-
to dated 13th September 1948.

I write to inform you that the question of introducing Basic Education as a subject for the B.T.Degree Examination had already been taken up by the Board of Studies in Teaching, and your letter under reference was forwarded for consideration by the Board in this connection. The subject was fully considered by the Board at its meeting in July last, and on its recommendation, the Academic Council at its meeting held on the 10th instant, resolved:

(1)(a) That the principles and methods of Basic Education be included in the following syllabus for the B.T. Degree Examination.

A. General Principles of Education: B. Educational Psychology:
C. General Methods: D. School Organization and Hygiene.

(b) That the Theory and Practice of Basic Education be introduced as a new Optional subject under Section E of the B.T. Degree Course, that students undertaking this subject be required to take one Optional subject only, and that Regulation 3(i) E. of Chapter LXIV of the Laws of the University be suitably revised.

That there should be 2 papers in the Theory and Practice of Basic Education, each of 2½ hours duration and each carrying 75 marks.

That in consequence of this, Primary Education as an optional subject may be dropped from the examination scheme with effect from the academic year 1952--53.

(2) That the revised syllabuses in the following subjects be approved and that the syllabuses take effect forth with.

- A. General Principles of Education.
- B. Educational Psychology.
- G. General Methods.
- D. School organization and Hygiene.

(3) That the syllabus in the Theory and Practice of Basic Education as an optional subject under Section "E" of the course of study for the B.T. Degree be approved and that the syllabuses take effect from the academic year 1949--50.

The Academic Council has also adopted the consequential alterations to the Regulations governing the B.T. Degree and these are subject to approval by the Senate. The syllabuses in the various subjects referred to above have also been approved and a copy thereof is sent herewith for your information.

Sir,

Sub: Training colleges - B.T. Course - Inclusion of
Basic Education as an optional subject.

Q20

In continuation of my letter Roc.No.170-M/48
dated 21--7--1948, I have the honour to report that the Academic
Council of the Madras University has accepted the recommendations
of the Board of Studies in Teaching that the Principles and
methods of Basic Education should be included in the following
syllabuses for the B.T. Degree Examination.

- A. General Principles of Education.
- B. Educational psychology.
- C. General Methods.
- D. School Organisation and Hygiene.

It has also been decided to introduce the theory
and Practice of Basic Education as a new optional object
under section E of the course. In consequence of the intro-
duction of this new subject the University propose to drop
Primary Education as an optional subject from the examination
scheme from the Academic year 1952-53.

2. It is proposed to affiliate the Teachers college,
Saidapet and the Lady Willingdon Training College, Madras in the
new subject with effect from the academic year 1949-50, and the
required ~~affili~~ application will be forwarded to the University
in x time. The Registrar Andhra University proposes to appoint a
Sub Committee to work out the revised syllabus of the B.T. Course
by including Basic Education. The final recommendation of the
University in this matter may be awaited. For the teaching of
Basic Education in the two colleges, it is sufficient if two
Assistant Lecturers qualified to teach the subject are appointed in the
beginning. The existing posts of Kindergarten ~~teac~~ lecturers
in the colleges have to be retained as Primary Education will
continue to be optional subject till 1951-52. I, therefore,
request that Government may kindly sanction the employment of 2
Assistant Lecturers in the scale of Rs. 150-5-200-10-250
one in the Lady Willingdon Training College and the other in
the Teachers' College, Saidapet with effect from 1-5-1949
so as to enable the staff to equip the colleges for the
new work and begin the classes in July. The extra cost in
1949-50 will be Rs. 3000/- and the ultimate cost Rs.4934/- or
Rs. 4900/-.

The proposal in the file relates to the introduction of Basic Education as an optional subject in the B.T. course from the academic year 1949-50. The proposal has been taken up at the instance of H.M. (Edn) and it has been stated that the Madras University has accepted the proposal. In this connection the D.P.I. has proposed the employment of two Assistant Lecturers on Rs.150-250, one in the Teacher's College, Saidapet and the other in the Lady Willington College, Madras with effect from 1-5-49 so as to enable the staff to equip the colleges for the new work and begin the classes in July. The D.P.I. has proposed to affiliate these two Colleges in the new subject from the academic year 1949-50. The extra cost works out to Rs.6,600/- per annum.

2. As the number of students seeking admission in the B.T. course for this new subject is not likely to be many, this department may suggest that the course may be introduced in the Teacher's College, Saidapet in the first instance with the appointment of one additional Assistant Lecturer. If this is agreed to, it is sufficient, if the case is circulated to H.M. (Fin).

If the entire proposal of E & P.H. for the appointment of 2 Assistant Lecturers is to be accepted, the case will have to be referred to the S.F.C. and the Cabinet before the issue of orders.

Please see the note of the Fin. Dept on the
previous page. Perhaps this dept may agree to the
suggestion that the course need be introduced only
in the Teachers College in the first instance.

The file may be circulated to H. C. (Edn) and
H. C. (Fin) for orders.
