G.NO.22-B.6/46, DATED 30-----9-----1946.

SIR,

SUBJECT: Elementary Education - Introduction of pre-vocational training - Local Bodies - Provision for payment of subsidy - Proposals submitted.

In my letter RC.No.3756-B./45, dated 26-9-1945 proposals were submitted for the payment of subsidy to local bodies towards the introduction of prevocational training in higher elementary schools under their arrangement, and Government have in their Memo.No.34041-B.2/45-7 Edn dated 1-4-46 made the provision indicated therein in the Budget Estimate for 1946-47 and have called for proposals for the distribution of the amounts. In the above letter provision was suggested for the introduction of prevocational subject in 72 schools (22 schools in Ramnad District and 50 schools in other districts.

I now request that Government may be pleased to make ~~provision~~ provision in the Budget Estimate for 1947-48 towards the payment of subsidy in respect of another 40 schools, as indicated below:-

Non-Recurring:	Cost in 1947-48.	Ultimate cost.
Equipment grant for 40 schools at Rs.100 per school 40 x 100	4000	..
Recurring:		
Full time instructors in 50% of 40 schools Rs.20 x 20/2 x 9. (for 9 months)	1800	2400
Part-time instructors in 50% of 40 schools at 10/2 x 20 x 8	800	1200

I am including the scheme in Part II of the Budget Estimate for 1947-48.

I have the honour to be,
Sir,
Your most obedient servant,

for Director of Public Instruction.

According to the revised syllabuses for elementary schools, Prevocational Training is a compulsory subject in higher elementary schools. It is usual to sanction subsidies to local bodies towards the introduction of Prevocational Training in higher elementary schools, under their control. The rate of subsidy is fixed at Rs 120 for a full-time instructor and Rs 50 for a part-time instructor. The subsidy for Prevocational equipment is

calculated as

G.O. NO. 22-P. 6746, DATED 30-1-1948.

SUBJECT: Introduction of Prevocational Training - Local Bodies - Provision for payment of subsidy - Proposals submitted.

In my letter No. 1000-1-48, dated 22-1-1948 proposals were submitted for the payment of subsidy to local bodies towards the introduction of prevocational training in higher elementary schools under their control. The Government have in their letter No. 1000-1-48, dated 1-2-48, made the provision for the introduction of prevocational training in higher elementary schools in the Budget Estimate for 1947-48 and have called for proposals for the distribution of the amount. In the above letter provision was suggested for the introduction of prevocational subject in 38 schools (38 schools in 10 districts and 50 schools in other districts).

I now request that Government may be pleased to make provision in the Budget Estimate for 1947-48 towards the payment of subsidy in respect of another 40 schools, as indicated below:-

Ultimate cost. Cost in 1947-48.

Proposal - Submission of.
REF: Government Memorandum No. 57746-B2/46-2 dated 23--12--1946.

With reference to the Government Orders in their Memorandum cited above,
I have the honour to submit the following proposal for the distribution of 40 schools
where prevocational instruction is proposed to be introduced in 1947-48:-

Government have suggested that the provision should be so distributed that
all the District Boards which have not introduced prevocational training may be enabled
to introduce it in a few schools at least. The Nilgiris District Board is the only
board which has not so far introduced prevocational training in any of its higher ele-
mentary schools, but Government in their Memorandum No.19755-A-1 Education dated 20-7-43
decided that, in view of the financial position of the local body at that time, the
introduction of prevocational training should not be forced on that district board.
Among the other district boards, it is seen that the number of schools where prevoca-
tional instruction is yet to be introduced is comparatively greater in Malabar, Salem
and Vizagapatam districts. I may mention in this connection that Government have in
their order No.2384 Education dated 13-12-1946 already directed the District Board,
Malabar to take steps to introduce prevocational training in at least half the number
of schools or in as many schools as possible under the district board in 1947-48 and
in the remaining schools in 1948-49. As it is found that out of the 74 Higher elementar
schools under the district board, there are yet 68 schools which have to introduce
prevocational instruction, provision for 20 schools may be tentatively assigned for
the Malabar District out of the provision of 40 schools suggested in the Budget Esti-
mate for 1947-48. The remaining 20 schools may be distributed equally between the
District Boards, Salem and Vizagapatam, where instruction is yet to be introduced in
36 and 54 schools out of a total of 84 and 87 respectively. I request that Govern-
ment may be pleased to approve of the above distribution, as it seems to be equitable.

Elementary Education--Introduction of prevocational instruction in elementary schools under local bodies--distribution of subsidies--1947-48.

Reference:-Government Memorandum No.57746-32/47-3 dated 16.4.1947 and the reminder dated 19.6.1947 thereon.

I have called for certain particulars regarding the employment of pre-vocational instructors in the District Boards of Salem, Malabar and Vizagapatam. Unless some of the details such as the number of instructors employed, their salary, date of their joining duty etc. are known it is not possible to submit proposals regarding the distribution of subsidies. Since most of the schools are being reopened after the summer recesses it is too early now to expect a reply from the District Boards regarding their requirements etc. I am, however, requesting the District Board authorities to furnish the information called for as early as possible.

Ref: Govt. Memo.No.57746-B.2/47-3 Ean dated 16-4-47 and
3-2-1948

I have the honour to submit herewith proposals for the
distribution of subsidies as detailed in the enclosed statement
during 1947-48 to certain local bodies for the introduction of
Prevocational Training in the Higher Schools under their manage-
ment.

Slamantary

The subsidy payable to the local bodies towards the
salary of instructors (col.6 of the statement) has been
calculated with reference to the dates of joining and their
work as full-time or part-time instructors as furnished by the
local bodies. The subsidy for periods upto 31-12-1946 has been
worked out at Rs.120 per year for a full time instructor and
from 1-1-47, it has been worked out at Rs.180/- per year

(i.e. $\frac{30 \times 12}{2}$ the minimum of the revised scale of pay for the
Higher Elementary Grade trained teachers being taken into
account).

The Special Officer, District Board, Vizagapatam, has
reported that pre-vocational instruction has not been intro-
duced newly in any school during 1947-48 and hence no subsidy
is payable to the District Board in this regard. In the Salem
District Board also, prevocational instruction has not been
introduced newly in any school in 1947-48. Hence no additional
subsidy is payable to this District Board also.

In regard to Malabar District Board, the Special Officer
had stated that prevocation instruction was proposed to be
introduced in 10 Higher Elementary Schools under the District
Board during the current year and that necessary arrangements
were being made to provide the necessary additional accommo-
dation and secure the instructors. Further report from him
regarding the date of opening of the prevocational classes and
the employment of instructors is awaited and proposals for
payment of subsidy to this District Board will be submitted
later on receipt of the particulars from the Special Officer.

I request early orders sanctioning the subsidy.

Necessary provision for the payment of the subsidy has
been made in the current year's budget estimate under "37(1)
Edn. Primary - Grants to Local Bodies for Primary Education -
(1) A. Local Bodies - I Ordinary areas - (i) Excluding Post War

The Govt. approve the proposals of the D.P.I. for the payment in the current year to the local bodies mentioned in the annexure to these proceedings of the subsidies shown against each towards the salaries of teachers and cost of equipment required for introduction of pre-vocational training in higher elementary schools under their control.

2. The A.G. is requested to place the amounts at the disposal of the Local bodies. Special Officers of Dist. Boards and Executive Authorities of Municipal Councils concerned should present the necessary bills at the treasury for obtaining payment of the amounts or for getting them adjusted. In claiming the amount sanctioned for equipment, the Special Officer or the Commissioner should furnish along with the bills certificates to the effect that the articles of equipment have been purchased for teaching pre-vocational subjects and that the amount claimed represents one half of the actual cost of the equipment.

3. The subsidy sanctioned towards the salaries of teachers should be debited to the appropriation under " 37. Education - 1. Primary - Grants to local bodies for primary education - A. Local Bodies 1. Ordinary areas - 4. Teaching " and the amount sanctioned for the equipment to the appropriation under sub-head " 1. There is a provision of Rs. 12300/- in the current year's budget for the payment of subsidies to local bodies towards the cost of introduction of prevocational training in their higher ele. schools. The provision was intended for 72 schools. The D.P.G. has been asked to submit proposals for the distribution of the allotment ~~made in this year's budget~~. His proposals are awaited.

2. In his letter read above the ^{Director} D.P.G. suggests that a sum of Rs 6,600/- (Rs. 2,600/- for salaries of instructors and Rs 4,000/- for equipment) shd. be provided in the next year's budget for payment of subsidies to local bodies towards the cost of introduction of prevocational training in their higher ele. schools. He has ~~not~~ taken into account the cost of dearness allowance to full time instructors as it will get merged in the subsidy, if any, that will become payable for d. and to teachers in ele. schools. As prevocational training is a compulsory subject of study in ele. schools, the proposals of the Director may be considered as Part I Scheme for 1947-48. As usual the subsidy for the pay of instructors and for equipment for schools is limited to one-half of the cost.

The distribution proposed by the D.P.I. seems to be
equitable. Some backward areas such as Malabar, Vizag and Salem
may be subsidized for introducing pre-vocational training. To
distribute seventy subsidies to all the district boards at
three each seems to be based on the supposition that every
district is in equal need of such a subsidy. From the information
furnished by the D.P.I. it is clear that some district boards
have really more advanced than others in the matter of
providing pre-vocational training in their schools. It is
therefore right and proper that the backward district boards
should be helped in the first instance so as to bring them up
to the standard in the other district boards.

for the introduction of pre-vocational training in nine higher
elementary schools under their control.

It may be mentioned here that there is provision in the
current year's budget for payment of subsidies to Dt. Bds.
towards the cost of introduction of pre-vocational training in
40 higher elementary schools. For the reasons set out in his
letter at p. 7 c.f., the Director proposed that the provision
for 20 schools might be tentatively assigned for the Malabar
Dt. and that the provision for the remaining 20 schools ^{might} be
distributed equally between the District Boards, Salem and
Vizagapatam. Thereupon the Govt. in the memo at pp. 9-10 c.f.
asked him to submit proposals for the distribution of the
provision among Dt. Bds in accordance with this suggestion.

The Director now points out that no additional ^{Subsidy} ~~subsidy~~
is payable to the District Boards, Vizagapatam and Salem as the
subject has not been introduced newly in any school under these
Dt. Bds. Evidently on this account he has subd. proposals for
the distribution of subsidies to other local bodies which have
introduced pre-vocational training ^{newly} in their schools. The pro-
posals may be approved.

The Director's proposals in respect of Dt. Bd., Malabar,
promised in para 4 of his letter at p. 13 c.f. will be dealt
separately when read.

A draft order is submitted below for approval. May be
sent to Finance for acceptance.

Enclosures: No. PC. 479-B.2/47. dated 23-3-1948. 194

Sir,
Sub: Introduction of Prevocational Training in Higher Elementary schools - under local bodies - distribution of subsidy in 1947-48 - proposals - submitting.
1. My letter No. 479-B.2/47, dated 17-3-1948.
2. G.O. No. Ms. 365, Education dated 25-2-1948.

In continuation of my letter referred to above, I have the honour to submit herewith a copy of the letter of the Special officer, Malabar Ref. E.No.12098/47, dated 6-3-1948 stating that in view of the reasons stated in his letter P.V. instruction could not be introduced in the Higher Elementary schools under the District Board, this year.

Hence no subsidy is payable to this District Board this year.

For Director of Public Instruction.

Gr. 24.3.48.

Copy of letter No. E.1-12098/47, dated 6th March 1948, from the special Officer, Calicut, to the Director of Public Instruction. Madras.

Sub: Elementary - Education - Introduction of Prevocational instruction - Elementary Schools Distribution of subsidies
Ref 1. Your Ref.No.479-B-2/47, dated 17-1-1948.
2. My Ref.E1/12098/47, dated 13-2-1948.

In my above reference I have requested you to allow me time to furnish the details up to 10-3-1948. but no progress could be made on account of the following reasons.

2. The proposal is to introduce prevocational instruction in ten Higher Elementary Schools this year. The subjects selected are (1) spinning and weaving (2) Fibre works, (3) Tailoring and (4) Rattan and Bamboo works. The requirements were advertised in two prominent local dailies inviting applications. The hands required are six spinning and weaving instructors, two instructors for Fibre works, one for Tailoring and one for Rattan and Bamboo works. As a result of the advertisement, I could get only two hands for fibre works, of the two schools selected for fibre works, accommodation has to be provided for one. The Instructor may join by 1st April and start work. So the classes could not be started this year. I hope I will be able to introduce the prevocational instruction in the school concerned from next official year, whatever be the difficulties in the way.

For Director of Public Instruction.
