Dear Chettiar,

I am informed that the

I have the honour to submit herewith for favour of orders a copy of letter Rc.No.498/47, dated 17-12-1947 from the Principal, Government college for Muslim women, Madras on the subject mentioned above. In view of the orders referred to above, the notification can only be conditional and as pointed by the Principal applicants will hesitate to apply for admission and there is hardly any likelihood of 25 Muslim girls seeking admission.

2. I therefore recommend that the Principal may be asked to publish a conditional notification in the gazette. I would also suggest that the last date for the receipt of applications may be fixed three days earlier than for the Queen Mary's College, Madras so that if the number does not come up to 40 (25 being Muslim) the applications can be transferred to the Queen Mary's College, Madras.

Copy of letter Rc.Rc.No.498/47, dated 17-12-1947 from the Principal, Govt.College for Muslim Girls, Madras.

I have the honour to submit that the following two Govt. orders were received by me.

- ④ 4 CF 1. G.O.No.1872 Edn., dated 26-8-47 communicated in proceedings Roc.No.6318 K2/46, dated 28-8-47 of the Director of Public Instruction *

2. Govt. Memorandum No.69356-1/47 A Edn., dated 29-10-47 communicated in proceedings Rc.1533 K2/47, dated 5-11-47 of the Director of Public Instruction @

@ "Unless at least 40 students are admitted in each class next year, the college will be abolished."

p.t.o.

The strength of any class can be known only after admissions are made. To enable me to make admissions, notification inviting applications for admission to the several classes have to be sent to the Gazettee early in April 1948.

In view of the above orders it is not clear whether such notification is to be sent, and if sent, whether it is to be conditional or unconditional. With only one group in B.A. (Group IV (b) the chances are very remote that the strength of the Junior B.A. class will be 40. Even more remote is the chance that 25 Muslim Women students will seek admission to the Junior B.A. class next year.

Under these circumstances I request that the following points may kindly be clarified.

1. Is a notification to be sent to the Gazettee in April 1948 inviting applications for admission to the several classes next year?

2. If a notification is to be sent, is it to be conditional or unconditional?

3. If the notification is to be conditional in respect of the continuance of this college, the intending applicants will naturally hesitate to seek admission to this college.

In this connection I wish to submit that the prevailing uncertainty regarding the future of this college is very likely to scare away intending applications. It is therefore necessary to clear the atmosphere one way or the other.

R.CL. No. 4/48, Dated 29/1/48 January 1948.

Sir,

Subject:- Government Muslim College for Women,
Madras - Giving over to Mr. V.L. Ethiraj
to run a Women's College.

Reference:- Government Memorandum No. 98398 A.3/47-A
Edn., dated 21st January 1948.

I have no objection to Government handing over the Government Muslim College for Women, Madras to Mr. V.L. Ethiraj for running a Women's College subject to certain conditions. Though the buildings and the ground may be lent to Mr. Ethiraj rent-free for a period of five years, I do not recommend the lending of the equipment, laboratory articles, furniture and books, as these will be required for the Government Muslim College next year if the transfer of the Intermediate Classes from the Presidency College is approved. I, therefore, suggest that the reference to equipment may be omitted from conditions (1) and (3) specified in the Government Memorandum cited.

2. I suggest one more condition, viz., that the new management should undertake to provide for instruction in Urdu and Persian both for the B.A. and Intermediate Classes.

3. The points raised in paragraph 2 of the Government Memorandum under reference are answered as follows:-

(i) The High School will be continued in the same place as it is not possible to shift the school elsewhere. This will be located in separate buildings as shown in the plan and in the explanatory note. The provision of a compound wall is intended to separate the high school from the College.

(ii) Unless the new management desire to take over any member of the staff on loan for a specific period subject to the usual conditions, the rules governing

governing service conditions will be followed in discharging the superfluous members of the staff. It is not likely to cause any hardship as the people to be discharged consequent on the abolition of the posts will be either temporary people appointed under General Rule 9(a)(i) or the junior-most officiating persons, whether they are working in this institution or elsewhere.

(iii) It will not be necessary to take up the work of constructing new buildings and the proposal may be dropped.

(iv) The "Wellington House" intended to serve as a hostel may also be handed over to the new management if it is willing to run a hostel in the building or use it for the College in any other way. Till the actual transfer is effected, rent will, however, have to be paid by Government.

4. I suggest that a wall as shown in the plan may be constructed to separate the College buildings from the High School buildings. It will be necessary to provide for an office room for the High School at the western end of the compound. The high school Office is now located in a portion of the College Office block. The College will also have to be provided with separate latrines as at present the college students are using the latrines which are located within the high school compound. The construction of the compound wall, the Office room for the High School and the latrines may perhaps be carried out by the new management, or Government may provide the compound wall and the Office block alone leaving the latrines to be provided by the new management. The latter course is preferable.

5. The plan enclosed is a rough sketch. If desired, a blue-print will be prepared and submitted to Government.

I have the honour to be,
Sir,
Your most obedient servant,

For DIRECTOR OF PUBLIC INSTRUCTION.

NB/30-1.

Copy submitted to the Hon'ble Minister for Education,
Government of Madras, as desired.

CERTIFICATE.

If a wall as shown in the plan is constructed to separate the buildings now occupied by the high school and the college, the buildings to the east of the wall would be adequate for the college, though some of the smaller language classes may have to be held in the hostel buildings. The buildings to the west of the wall will be adequate for the high school except that a separate building will have to be constructed for the high school office which is now located in a portion of the block occupied by the college office. This may be constructed close to the western entrance so that it may be easily accessible to the parents.

Till separate latrines are provided for the college, the college students and staff may continue to use the latrines located on the High school grounds and for this purpose, a gate may be provided at the southern end of the wall to be constructed as shown in the plan.

We agree to these arrangements.

Please see the representation of the Hon. Secy. of the Muslim Educational Association of Southern India overleaf. Attention is in this connection, invited to the notes and orders at 'B' on page 26 up of (5). It was deemed sufficient to communicate para. 1 of the L.O. above. It is not known why the Assocn. should require the entire L.O. The other paras. of the L.O. are also not necessary for the Assocn. or useful to it in any way. It is for consideration whether the Hon.
