U.O.Reply No.11388 D/46.

Office of the
Director of Public Instruction,
M a d r a s, 23rd December 1947.

SUB:-Building grant - Aided Educational Institutions.

REF:-Government U.O.Note No.61664/47-B1, Education, dated
1-8-1947.

...

1. The Hon'ble Minister has suggested two forms for adoption in the matter of (i) of approval and (ii) inclusion in the list of approved works.

2. As regards Form 1 conveying merely departmental approval, the Director has already been granting such approval to the plans from an educational point of view under Rule 19, of the Madras Educational Rules. To make the intention of the Hon'ble Minister clear and definite, the following may invariably be added in the order of approval, if necessary:

"Subject to the condition that the institution should not expect any grant for the construction from Provincial funds"

3. As regards the other Form, the Hon'ble Minister seems to feel that the present form adopted conveys a moral assurance to managements and that this should not be the case. While including schemes in the list of approved works, we have been telling them that the inclusion should in no way be regarded as a commitment on the part of Government for giving a grant and at the same time the managements are informed that they are not precluded from applying for a grant after the completion of the scheme. This would appear to convey the intention of the Hon'ble Minister and hence no change in the present procedure appears to be necessary - vide: also Rule 53-A of the Grant-in-Aid Code introduced by G.O.No.1913, Education, dated 23-8-1939.

4. I may, in this connection add that Government have already accepted my recommendations regarding the submission of quarterly lists of building schemes arranged in the order of priority and part payment of building grants.

A above. In the case of an order like that at p. 12 c.f. of G.O. 2537 Edn., dated 27-11-1947, the second paragraph may run as follows:-

"2. The Government wish to make it clear that the inclusion of the scheme mentioned above in the list of approved works does not entitle the institution to any grant whatever from the Government, but that the claim, if any, for grant under the provisions of the Grant-in-aid Code, will be considered by the Government if and when funds become available, provided that all the conditions prescribed in the Code are duly complied with."

~~Q.12~~

To make things clear, I think A on page 5 ante may be done in cases where we give only approval and do not contemplate any grant. In cases in which we contemplate a grant, the formula in practice now will do.
