No. F.3-11/45-O.D.IV.

GOVERNMENT OF INDIA
MINISTRY OF EDUCATION.

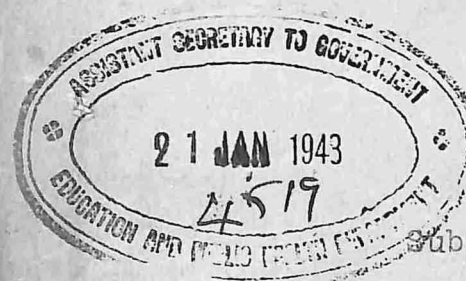

New Delhi 3, the 17th Jan., '48.

From

Sir S.S. Bhatnagar, O.B.E., D.Sc., F.R.S.,
Secretary to the Government of India.

To

The Secretary to the Government of Madras,
Education and Public Health Department,
M_A_D_R_A_S.

Subject:- ADVANCED STUDIES OVERSEAS IN RESPECT OF
MR. N.V. KUDVA, 1945 SCHOLAR - EXTENSION
IN THE PERIOD OF SCHOLARSHIP.

Sir,

I am directed to forward herewith for favour of necessary action, a copy of letter No. G-174/45, dated the 8th December, 1947 (with enclosures) from the Indian Embassy, Washington, on the above subject. Prof. Joseph M. Pettit of the Stanford University and the Educational Liaison Officer at the Indian Embassy have recommended an extension of four months, (i.e.) from January, 1948, to the end of April, 1948, in the scholarship period of Mr. Kudva, in order to enable him to complete the research work for the advanced Professional Degree of Engineering in Electrical Engineering - communications at the Stanford University by the end of April, 1948. The scholar could not complete the research work in time, due to some unexpected difficulties.

The Government of India are inclined to agree to the extension in Mr. Kudva's scholarship period upto the end of April, 1948. The Government of Madras may kindly consider the case particularly from the viewpoint of the type of work the scholar is expected to take up on his return to India, and communicate their decision to the Government of India telegraphically.

This may kindly be treated as 'urgent'.

I have the honour to be,
Sir,
Your most obedient servant,

D K Hingorani
for Secretary.

MALHOTRA 16/1

61 3
Copy of letter No. G.174/45, dated the 8th December, '44 from the Deputy Education Liaison Officer, Embassy of India, to P. Johari, Ministry of Education, Government of India, New Delhi, India.

In continuation of my letter No. G.174/45, dated the 17th November, 1947, effecting Mr. N.V. Kudva, a Madras Government Scholar, 1945-46, I am now to inform you that the scholar has reported through his Professor that his program of studies at the Standord University will not be completed till April, 1948.

p5 wipa
p7 wipa
I am enclosing herewith copy of the student's petition, together with his Professor's expert advice and recommendations, giving necessary details in this behalf, for consideration and decision.

Mr. Kudva arrived in this country on 28th December, 1945 and carried on his higher studies and training in electrical engineering (communications) at the Stanford University, California. So far he has completed his Masters' degree requirements but is now engaged upon higher studies and training that will entitle him to the professional degree of engineering. As reported, he has not yet completed his research project for which a special equipment and apparatus has been set up for his experience and training. We are prepared to recommend that Mr. Kudva may be permitted to study in this country till the end of April, 1948, so that he may complete the remaining important items of his work.

Suitable arrangement for his return passage to India after he completes his program by April 1948 will be made, and you will be notified of the exact date of his departure from this country later on. Please refer this matter to his sponsoring Government and let me have their decision at an early date, preferably by cable

Embassy of India.

Ref. File No. G.174/45.

My dear Sir:

I have received your letter and circular of the
18th instant.

I would be thankful if you would extend my stay
in this country by one more quarter i.e. up till April, 1948
I had expected to complete my thesis by the end of this
quarter, but due to unexpected difficulties which were
encountered I was unable to complete my thesis.

I am herewith enclosing a recommendation from
Dr. Pettit, under whom I am working for the thesis.

Yours sincerely,

Signed: N.V. Kudva.

MALHOTRA 16/1.

Stanford University,
Dept. of Electrical Engineering
Stanford, California

December 1, 1947.

Mr. A.S. Grewal,
Deputy Education Liaison Officer,
Education Department,
Embassy of India.

Dear Sir.

This is in reference to the accompanying letter of Mr. Kudva with reference to his request for an extension of his stay in this country.

As is known to you, Mr. Kudva has completed his requirements for the Master's degree, and is currently a candidate for the advanced degree of Engineer. This latter degree requires the completion of a research project, and the writing up of this work in the form of a thesis. Mr. Kudva's research work, which is being conducted under my direction, requires some measurements to be made with some special equipment. As Mr. Kudva states, unexpected delays have been encountered in the assembling and use of this equipment. It seems reasonable, however, that an additional three or four months should accomplish the completion of the work. I believe that if Mr. Kudva could see this work through to its completion, it would add greatly to his education. His classroom work has been completed with satisfaction, but this is the first opportunity he has had to work with equipment on his own initiative, with the necessity of assembling it and making it work. Hence I should be in favour of having Mr. Kudva stay for a longer period, if it is possible for him to do so.

I shall be glad to communicate with you further on this if you have any special questions.

Very truly yours,

Sgd. Joseph M. Pettit
Acting Associate Professor.

MALHOTRA 16/1.

8th December, 1947.

Our file G.174/45.

Dear Mr. Likus:

In continuation of my letter of even number dated the 18th November, 1947, I am now to inform you that Mr. N.V. Kudva will need a return passage early May 1948 or soon thereafter, and not early in February, 1948.

This change has been necessitated because Mr. Kudva and his Professor have now reported that his program of work in this country will not be completed until April, 1948. In all other respects my previous letter referred to above will still hold good.

I am sorry if this involves any inconvenience to you.

Yours sincerely,

Sd/-
A.S. Grewal.

Endorsement No. 4579 cr/48-1 Edn dated 22-1-48.

Referred to the Director of Public Instruction for remarks. Mr. N.V. Kudva is a Scholar selected in 1945-46 for advanced studies in "Electrical Communication Engineering - Wire Communication" and is intended, after completion of studies, for absorption on the staff of the Coast Engineering College. Mr. Kudva's absorption in the Education Dept. need not be considered immediately with ref. to Govt Memo No 98173 cr/47-1 Edn dated 7-1-48. The Director is requested to treat the reference as specially urgent.

Post copy by air mail. The Educational Liaison Officer may
kindly note that the Report on Mr. Kudva's studies received with
his endorsement No. G.174/45 dated the 19th January, 1948 has
not been endorsed by the University authorities and the Educa-
tional Liaison Officer. This may kindly be done when the
duplicate copy of the Report is forwarded to this Ministry.

Copy to the Secretary to the Government of Madras, Education
and Public Health Department, Madras, with reference to his tele-
grams dated the 10th February, 1948 and 11th February, 1948
regarding Mr. N.V. Kudva. Mr. Kudva will continue to be treated
as a Provincial Government sponsored scholar, expenditure on whose
studies will be borne equally between the Provincial and
Central Governments. A copy of the Report on Mr. Kudva's studies
received through the Indian Embassy, Washington, is herewith
forwarded for the information of the Provincial Government.

Overseas Scholarships - 1945-46 - Mr N.V. Kudva - Extension in the period of Scholarship.

C.N. 4519 c/lr. From the C. of G. F. 3-11/45 - O.D. 10/2/48
DPI, v.o. n. 3344 c.1 14/2/48

Mr over the letter

Mr N.V. Kudva is a Scholar sponsored by this Court in 1945-46 for advanced studies in the U.S.A. in "Electrical Communication Engg - Wire Communication" and is intended, after completion of studies for absorption in the staff of the Court Engg. Colleges. He reached the U.S.A. towards the end of Dec-45 (28-12-45). The normal period of Scholarship allowed for each Scholar is 8 two years. Mr. Kudva completed the ~~period~~ of two years by the beginning of Jan 48. He now requests that his Scholarship period may be extended upto ^{the end of} April 48 (ie) for 4 months in order to enable him to complete the research work for the advanced Professional Degree of Engineering in Elec. Engg. Communications at the Stanford University. Prof. Joseph M. Pettit of the Stanford University and the Ed. Liaison Officer at the Indian Embassy have recommended the Scholar's request. The C. of G. are also inclined to agree to the extension of Scholarship. The DPI, who has been consulted, also recommends that the extension in the period of Scholarship may be granted. The addl. cost involved in the proposal will be roughly Rs 1142. It is not unusual to grant extension of study for provincial scholars - vide the statement at (P). In the circumstances, the extension in the period of Scholarship of Mr N.V. Kudva upto the end of April 48 may be granted.
