Sir,

Sub: Books and Publications - Printing of College calenders.

Ref: Govt. Memo No.8824 A/46-8 Edn., dated 10-12-1946.

I have the honour to resubmit for the favourable consideration of Government the proposal for reviving the printing of Government college calenders contained in my letters to Government Rc.No.149 J/46 dated 6-2-1946 and Rc.No.3120 A4/46 dated 7-11-1946. The Principals of the Government Colleges have been pressing hard for permission for the printing of calenders as they are very helpful to students. I request, therefore, that the Government may be pleased to sanction the proposal at a very early date and to advise the Superintendent, Government Press to make the necessary arrangements for printing the calenders either at the Government Press or at any private press so as to render the copies available atleast by the time the Colleges reopen in July next.

Sir,

Books and Publications - College Calendars - paper for printing.
Ref: Your letter No.41/Mis/Skr dated 6-10-47.

In your letter No.41/Mis dated 31-7-47 addressed to Government through this office for transmission with my remarks, you have stated that about 140 reams of paper in royal size will be required for printing all College Calendars and therefore information was called for by me regarding the size and substance and the stock of white printing Royal and Double Royal paper available at the press.

In view of the facts explained in para 2 of your letter under reference, I am returning herewith your letter dated 31/7/47 in original, for sending a fresh letter to Government, through this department. If you consider that the stock of 2,000 reams of Demy size paper after drawing 175 reams for the work, is sufficient, the requirements for the printing the College Calendars can be met by you. I have no stock of bleached Demy 21 lbs. or Double Demy 42 lbs. and no supply under this item is due for the period ending 31st March 1948.

Please let me know whether the Director of Public Instruction, Madras may be permitted to get the work done locally subject to conditions referred to in my letter No.Comp/Mis dated 9-7-1946 sent to Government (copy enclosed for ready reference) or in the alternative to have the printing of these calendars suspended for one more year and revived in January 1949. ENCLOSURE.

Copy of letter No.Comp/Mis. dated 9th July 1946 from the Superintendent Government Press, Madras, to the Secretary to Government, Education & P.H. Department, Fort St. George, Madras.

Sub: Colleges - Government calendars - Printing of.

With reference to Government Memo.No.8824 A/46-3 Edn., dated 15-6-'46 I have the honour to state that if the paper required for printing the calendars is not available with the Director of Public Instruction, Madras, it may be obtained on indent from the Superintendent of Stationery, Madras as the procedure suggested in getting the supply of paper from private presses for Government Printing work is contrary to the instructions issued in Government Memo.No.38219-B/45-3 Edn., dated 15-10-1945.

2. In this connection, it may be stated that the sale price of College Calendars not being regulated by the actual cost of production but fixed at a uniform rate of eight annas (vide Education and Public Health Memo.No.2528.B/36-5, dated 26-5-1937 incorporated in para 195(c) of the Printing Manual), the proposals to get the calendars printed with one of the local presses at the discretion of the Principals and to recover the cost thereof from the students will result in the fixation of various sale prices. Further it will not be ultimately economical unless the future printing of these calendars is entrusted to the same presses from the matter to be asked to be kept standing. Apart from the question of sanction of a special advance to meet initially the cost of such printing involved in the proposal many private presses cannot be expected to do this because of their small equipment. I would therefore suggest that competitive tenders may be invited by the Director of Public Instruction, Madras to get all the College Calendars printed (in consultation with me) by one or more presses for a minimum period, say, two years, in order to get all of them printed in the shortest possible time at a uniform sale price to be fixed by Government and the cost of printing met from the Government Press Budget.

I have the honour to state that the printing of Government College Calenders can no longer be postponed. The suspension of the printing of calendars has been in force for a long time enough. The Government Colleges suffered a set-back in this regard. In the circumstances stated by the Superintendent, Government Press, the Principals may be permitted to get the work done locally

for the year 1948-49 and the Superintendent, Government Press should however renew the work from 1949-50. The established price of each copy at As.8 need not be rigidly observed for the year and in the ~~alternative~~ alternative, if any extra cost is involved which may by all means be negligible, it may be borne by the Government.

Books and publications - Printing of College Calendars.

C. No. 28313 A/47, From the DPI, No. 260 I/47 dt 9-4-47.

The printing of College Calendars remained suspended for the duration of the war in view of the shortage of paper supply. In Feb. 46, the DPI proposed that the printing of College Calendars might be revived. The question was then fully examined in consultation with the S.C.P. and the DPI was informed that the printing of Calendars could not be till revived till the paper position became normal. However, he was asked to renew the proposal in the beginning of April 47 - Vide the notes and orders on pp 1-3 NF and the memo. on p 2 / CF of C. o. No. 2390 Edn dt 14-12-46.

2. The Director has now renewed the proposal for the reasons stated in his letter in CF. It may be noted that the paper position has not yet improved. From the statistics on pp 25-26 CF of (P), it will be seen that the proposal will involve a voluminous quantity of paper and it is very doubtful whether the Supdt of Stationery will be in a position to spare so much of paper for a single item of Govt publications. In the circumstances, it is for orders whether the question of printing the Calendars may be postponed for the present; if it is decided to take up the work even now, information may be called from the Supdt of

to the absolutely essential requirements, the cumulative effect may be a great drain on the limited quota allowed to the Govt by the controller. Since the proposal for printing calendars for Govt colleges has to be met out of the Govt quota, the proposal may be deferred till the paper position becomes normal.
