To
The Honble Minister for Education,
Government of Madras, Madras.

Sir,

I have the honour to submit herewith a copy of the resolutions unanimously passed at the meeting of the Managers of the Oriental Institutions in the Malabar District on the 16" March 1947, for your kind perusal and favorable consideration.

I have the honor to be,
Sir,
Your Most Obedient Servan

K. V. Narayana Sastri
Secretary,
Malabar Oriental Institutions Managers' Association.

Resolutions.

1. This Association requests the Government to sanctio teaching grant and dearness allowance to the Oriental Institutions on the same basis as that of other educational Institutional, such as the Secondary Schools and Colleges.
2. This Association regrets that the teachers of the Oriental Institutions have been ignored in the recent notification published by the Government, determining the salary of teachers, and also requests the Government to fix the scales of pay of the said teachers of the Oriental Institutions.

To

The Hon. Minister for Education,

Memorandum submitted on behalf of the South Kanara Oriental Institut Teachers Association, Perdal, S.Kanara.

Sir,

We on behalf of the above association beg to submit the following for your kind consideration:-

1. The Association regrets why the Cabinet Salaries Committee has not taken into account the teachers serving in the Oriental Institutions while publishing the scales of pay to the other teachers.

2. The Association prays that a decent scale of pay may be fixed to the teachers serving in the Oriental Institutions also, as is done in the case of the other teachers, and the same may be announced soon.

3. As the Oriental Elementary Schools are also eligible to impart Elementary Education under the compulsary Education scheme the teachers serving there may be given the same scale of pay and dearness allowance as is given to the other Elementary School teachers.

Hoping that our prayer would receive favourable consideration at your hands.

We beg to remain,

Sir,

Your Most Obedient Servants,

Resubmitted.

2. Government have recently directed, in their Order No.750, Ms.Edn., dated 16--4--47, that teaching grants to aided Sanskrit Schools should be assessed and paid on the half net cost basis. But I feel that it is necessary to take a liberal view in respect of teaching grants to the Oriental institutions, as these institutions neither collect fees nor have they sufficient funds at their disposal. I, therefore, suggest that the recent instructions of Government regarding the payment of teaching grant on the basis of 2/3rds of the net cost should be made applicable to Oriental institutions as well provided they satisfy the conditions prescribed by Government.

W

A

3. It is true that separate scales have not been fixed for teachers in Oriental institutions. The University has taken into consideration only two grades (viz.,) (i) the degree holders and (ii) the title holders in the matter of scales of salaries to be adopted in Oriental Colleges and fixed the following:-

(i) For holders of B.A.(Hons), M.A., B.O.L.(Pass) or B.O.L.(Hons). etc. Rs.100--200.

(ii) For holders of Oriental Titles - Vidwan, Siromani etc., Rs.75--5--125.

But the existing staff in many Oriental Colleges can be classified under the following heads:-

(a) M.A.,B.O.L., or B.A.,L.T., with Oriental Title qualifications.

(b) Oriental Title holders trained or with certificates of proficiency with general education qualification or without, and

(c) Great scholars and eminent teachers of language, who do not possess any University qualifications, but are so efficient in their subject that Universities consider it a privilege to utilise their services.

4. However, I consider that though qualification will be the main criteria for the scales of pay, still in such exceptional cases, a relaxation is necessary; for, we cannot brush aside such scholars as "unqualified", according to our set up standard. Hence this should weigh with Government in considering the scales of such erudite scholars with no up-to-date University qualifications.

5. Government are considering the proposals for the revision of scales of pay for staff in Arts Colleges under private and aided managements - vide Director's letter R.C.No.6967-B-4/46 dated 31-3-47 in reply to Government Memo No.53346-A-46/2.Edn., dated 10--12--46. Government may therefore consider whether the scales of pay finally fixed by them in respect of staff in Arts Colleges may also be made applicable to the staff in Oriental colleges.

B

6. As regards Pandits and General Subjects teachers in Oriental schools, I am of opinion that there should be no discrimination between them and such teachers in secondary and special schools, and between Board and Aided schools. The nature of work of a Pandit in an Oriental school as compared to that of

5

of a Pandit in a general school may not be less important or taxing and hence the differentiation should be abolished. I agree with the suggestions made in the Government U.O. note dated 16-4-47, that managements of aided institutions be advised to adopt the scales of pay fixed for teachers in the service of Local Bodies.

Classification of grades of Pandits and Munshis in Secondary Schools and ~~x~~ the scales of pay to be fixed for them are separately under the consideration of Government - vide Government Memo.50972-B1/47-2, Edn., dated 22-7-47. The scales of pay for language teachers in Oriental schools have therefore to be fixed with reference to the scales which Government may finally fix for the same class of teachers in Secondary Schools under Local Bodies and aided managements.

It is presumed that the Director's recommendations are in respect of institutions under private managements only and that it is his intention that the revised basis of assessment should be adopted only in the case of institutions which adopt the revised scales of pay. Please say whether this presumption is correct. and if so what exactly will be the position of such institutions, ~~[illegible]~~ under the control of local bodies - In respect of the latter it may be stated whether they are now in receipt of any subsidy towards maintenance and even if they are not. teaching grants on half or two thirds of the net cost basis should be paid

The presumption in the first sentence of the Telephonic Message read above is correct.

2. Oriental institutions under the management of local bodies are not now in receipt of any subsidy towards their maintenance. But with the adoption of revised scales of pay the expenditure towards the salaries of staff in these institutions is bound to increase and the local bodies may naturally feel it a burden to maintain these institutions entirely from their own funds. It is but fair that local bodies are paid teaching grants on behalf of ~~some~~ sanctioned institutions maintained by them on the basis of on half the approved net cost as in the case of secondary schools under their management - vide Government Memo.No. 68198-B1/47-1 Edn.,dated 5-9-1947.

There are 4 Oriental institutions under the control of Local bodies - One College, two advanced Sanskrit Schools and one Elementary Sanskrit School. No subsidy is being paid now to the Local bodies concerned in respect of these institutions. The extra cost involved by ~~xx~~ the proposal in respect of the three latter institutions will be half the cost of the salaries to the staff which works out to Rs.3510/-.

2. As regards the college (viz. Rajah's College, Tiruvadi) it is doubtful whether it is really an institution maintained out of Board's funds. As this requires further examination, I have addressed the Special Officer, District Board, Tanjore in the matter. On receipt of his reply a further report regarding this institution will be submitted to Government and pending the submission of this report the extra cost in respect of this institution may be taken to be Rs. 10,200 (based on half-net cost).

3. A further report regarding extra cost in respect of aided Oriental institutions will be submitted shortly.

With reference to the Government Memo. cited above, I have the honour to submit herewith a list of Oriental Institutions - showing separately - colleges, advanced schools and elementary schools which are now aided by Government. The Oriental studies provided for in each of these institutions are noted against them.

2. Regarding para 2 of the memo I recommend that where managements adopt the scales of pay prescribed by Government they may be rendered eligible for a grant equal to 2/3 of the approved net cost, while in cases where the managements find it difficult to adopt the scales prescribed by Government the grant will be limited to 1/2 the net cost. The recommendation applies both to colleges and to schools.

The Govt ~~have~~ had under consideration ~~considered~~ the question of ~~fixing~~ laying down revised scales of pay for teachers in Oriental schools - Advanced & Elementary - under local bodies and private managements ~~and~~ they have decided that it is desirable that the teachers in oriental schools ~~they~~ should be allowed the revised scales of pay fixed for teachers of corresponding grades in the general schools, Secondary & Elementary schools respectively, under local bodies - and that the ~~The~~ scales of pay fixed by Universities ~~may~~ should be adopted in Oriental colleges

2. The Special Officers of the District Boards ✓Vizagapatam, ✓Kistna, ✓Guntur, ✓Tanjore & ✓Tinnevelly are informed that they may adopt the revised scales of pay for teachers in Oriental schools under their control with effect from 1.1.47 if they can afford to meet the entire cost involved from the district board funds no grant will be made from Provincial funds in aid of those schools.

3. The Director of Public Instruction is requested to communicate the orders to the managements of aided oriental schools ~~Local Bodies~~ and ~~instruct~~ advise them to adopt the revised scales of pay for the teachers from 1.6.47 if they can afford to do so with the existing aid from Govt.

4. The DPI is informed that Govt have decided that the question of raising the basis of assessment of teaching grants to oriental institutions under private managements from one half to two thirds of the approved net cost of maintenance and of paying teaching grants to such institutions under the control of local bodies on the basis of half the net cost of maintenance of the schools in the preceding financial year ~~has been~~ should be dropped.

Issued in G.O. 750 Edn (W)/32 16/4/47

3 Oriental institutions are under the control of local bodies & private managements. The Scales of pay for Secondary grade teachers & pandits, & others in the service of local bodies will apply to the posts in the same grade in the oriental institutions under the control of these bodies. In regard to private institutions, the managements will be advised to adopt the scales of pay fixed for ~~those~~ teachers in the service of local bodies (and ~~two~~ no separate scales of pay have been fixed for the staff in private aided institutions) It seems therefore unnecessary to fix separate scales of pay ~~given~~ for teachers in oriental Institutions.

2. Fixation of revised scales of pay for teachers in oriental institutions

The D.P.I. considers that no discrimination should be made between teachers in oriental schools and teachers in other schools and between ~~the~~ oriental schools under local bodies and those under private managements in the matter of fixation of the revised scales of pay as all of them do the same kind of work. He therefore recommends that local bodies may be asked to adopt for the teachers in their oriental schools the same scale of pay fixed for teachers of the same grade in other schools under their control and that managements of aided oriental schools may be advised to adopt the scales of pay fixed for teachers in schools under local bodies- both secondary and elementary. As regards oriental colleges the Director recommends that the scale of pay that may be finally fixed by Govt for the staff in aided Arts colleges may be adopted for the staff in oriental ~~institutions~~ colleges also. The Director's recommendation may be accepted and orders may be issued immediately inregard to the adoption of the revised scales of pay for teachers in ~~advanced~~ oriental advanced ~~school~~ schools and elementary schools.

16-X-47

3. Teaching grants (i) Oriental institutions under private managements

In G.O. No 750 Edn dated 16-4-47 the Govt accepted the Director's proposal that teaching grants to aided sanskrit schools and colleges should be assessed and paid on the basis of half the approved net cost of maintenance of the institutions in the preceding financial year as in the case of other aided educational institutions. In respect of the latter, the proportion has been raised from onehalf to twothirds of the net cost to enable managements to meet the extra cost involved in the adoption of the revised scales of pay. The Director recommends that grants to oriental institutions should also be assessed on the same basis as the need for liberal help from Govt is greater in the case of oriental institutions than in the case of tother aided institutions. The Director's recommendation may be supported.

p 3 cf 16-X-47

(ii) Oriental institutions under local bodies

No subsidy is now paid by the Govt towards the cost of maintenance of the oriental institutions under the mangement of local bodies. With the adoption of the revised scales of pay, the expenditure on the maintenance of the oriental institutions is bound to increase and local bodies will feel it a burden to maintain these institutions entirely from their own funds. The Director therefore recommends that teaching grants may be paid to oriental institutions under the management of local bodies on the basis of onehalf of the approved

p 8 cf

---

net cost as in the case of secondary schools under local bodies. The number of oriental institutions under the control of local bodies is only four and one of them ~~one~~ is a college. The question whether the college should be admitted to aid is under examination by the Director but pending a final decision in the matter, he recommends that it may be presumed that it will be eligible for half grant for purposes of considering this proposal. The Director's recommendation may be supported.

(D.P.I's further report is on p. 12 CF)

16-X-47

4. Extra cost The extra cost on account of the raising of the basis of assessment of teaching grants to oriental institutions under private managements from onehalf to twothirds of the approved net cost is estimated at Rs 5,700 per annum while the cost on account of the payment of teaching grants to oriental institutions under local bodies on half the net cost basis at Rs 13710. The total recurring cost on account of both the proposals is Rs 19410 or 19400 roundly.

5. As the teaching rants for 1947-8 are payable only in 1948-49, the proposal may go forward as a Part II scheme for 1948-9. Orders inregard to the adoption of the revised scales of pay may be issued immediately without commiting Govt to the payment of any aid over and above what is alread being given.

6. The remarks of Finance may be invited u.o.

2. The necessity for the proposal has been explained by the E.&P.H. department in para 3 of their note on pp.2-3 above.

In view of the stringent need for economy, only post-war development schemes, schemes relating to Grow More Food, remunerative schemes and schemes that are imperatively and immediately essential for the proper running of departments are to be considered as Part II Schemes for 1948-9. As the present scheme does not seem to satisfy the criteria laid down for Part II Schemes for 1948-9, E.& P.H. may be requested to take orders in circulation including H.M.(Finance) as to whether this will be included for consideration as a Part II Scheme for 1948-9 or not.

These Oriental Institutions have just now been given half grant and we have paid Rs.20,000 ~~for~~ in the last year's budget for that purpose. It is not necessary to enhance the grant immediately after. Besides, in our own institutions ~~are becoming~~ a proper place is being given to the regional languages & ~~Oriental institutions~~, it is not necessary in the future to ~~give~~ maintain ~~grants to~~ Oriental institutions separately. Oriental institutions are mainly dealing in Sanskrit and classical Tamil & Telugu. Classical learning is being taught by these institutions and not by our colleges and schools. Conditions in these institutions are very deplorable. Salaries are very low, mainly due to lack of finance. I do feel that they should be treated on a par with other schools for purposes of grant.

It is proposed to make teaching grants to Oriental schools under local bodies for the first time now. There is no separate sub-head under '37 Edu. Special Schools' for payment of grants to local bodies. As the expenditure on payment of these grants will be small, it is for consideration whether it may be included under the existing sub-head 'Non-Govt. schools' under which the grants paid to oriental institutions under private managements are shown. If Finance consider it necessary to open a new sub head, they may be requested to suggest the heading to be adopted.

2. The question of fixation of pay for the teaching staff in Arts colleges under private managements has been dropped as it is a matter for the University. The scales of pay fixed by the University for Oriental colleges & specified by the DPI on p 4 cf will have to be adopted in these colleges by the managements concerned. As for advanced oriental Schools & Ely schools, the revised scales of pay fixed for the teaching staff in other Schools under the respective managements - private & local bodies, may be adopted. It is for consideration whether the managements may be advised to adopt these scales from 1-6-47

The object is that no discrimination should be made between teachers in Oriental schools and teachers in other schools and between Oriental schools under local bodies and such schools under private managements in the matter of fixation of revised scales of pay, as all the teachers do the same kind of work. If equal treatment should be given the scales should be given effect to from the dates on which they were given effect in ordinary schools under the same management. This can be done only without committing Govt. to the payment of any additional aid - the proposal for which is under consideration in this file. If no additional aid is promised, it is not likely that the managements will adopt the revised scales. Unless the revised scales are adopted, the institutions concerned will not become eligible for the grant now proposed, if Govt. should sanction them ultimately. In the circumstances it seems better to inform the D.P.I. of the position so that he may inform the managements. Orders on this point may be taken in circulation.

13/12

There is some difficulty in this matter. I understand there are Oriental Schools and Oriental Colleges. We are giving a two-thirds grant only to schools and we are giving a half-grant only to colleges. I would like to know which are the Oriental schools and which are the Oriental Colleges. The D.P.I. may be asked to make the matter clear along with the other information he has been asked to submit. In the meantime, separate part II notes may be prepared for the consideration of the S.F.C and the Cabinet.

15 DEC 1947

With reference to the minutes of HM (Edu) above, it is submitted that oriental institutions recognised and aided by Govt consist of three classes

(a) Oriental colleges affiliated to the University of Madras and the Andhra University and preparing students for the oriental titles examinations of the Universities

(b) Advanced schools recognised by the DPI

(c) Elementary schools recognised by the DPI

The ~~latter~~ advanced schools & elementary schools follow the syllabus approved by the DPI. - The Director holds public examinations every year, on passing which the students become eligible for admission to oriental colleges.

(W)/5

All the three classes of institutions are now aided by Govt and the grant is assessed under rule 45 of the Grant-in Aid Code ~~and~~ The grant is now paid only on the basis of half the net cost of maintenance. The proposal now is to raise the basis of assessment of teaching grants from one half to two thirds of the approved net cost in respect of all the aided oriental institutions (under private managements) and not to make any distinction between Oriental schools

and Oriental Colleges. In respect of oriental schools under local bodies, it is proposed to make teaching grant for the first time on half the net cost basis as in the case of secondary schools - There is only one Oriental College under the control of the Tanjore Dt Bd and it is not proposed to make any teaching grant to that institution as it is maintained entirely out of chatram funds - Vide the Director's letter on p 12 cf. The Part II scheme note already prepared revised requires no revision.

2. The DPI may be asked to furnish a list of oriental institutions under the control of private managements and local bodies which are now aided and which are proposed to be aided from 1948-9 and indicate ~~whether any of the~~ what oriental languages are taught in each institution.

Extract from the recommendations of the Standing Finance Committee on Part II schemes for 1948-9

(a) The following schemes may be omitted

64 Payment of teaching grants to oriental institutions under private managements and local bodies on the basis of twothirds and one-half of the net cost of maintenance respectively in the previous year'

The question of reorganisation of oriental schools is under separate consideration. Dr Sankaran, Professor of Sanskrit, Presidency College, Madras, has made certain suggestions and after perusing those suggestions H.M.(Edn) has minuted as follows:-

' The D.P.I. may be asked to give his constructive suggestions as to what should be done with these elementary and other schools which are called oriental institutions. Time was when in the ordinary schools there was not much scope for Indian languages and culture and so it was necessary to have this separate set of institutions as oriental schools. It will be the remnant of slavery if we in this country maintain a separate set of schools as oriental schools. I think hereafter our own general schools should be the repository of all our culture and learning and be instrumental in the development of our languages and there should not be necessary for another set of separate schools to develop our languages and culture. The matter may be gone into in this light by the D.P.I. and reported.'

The D.P.I. is being asked to report.

It is for consideration whether pending a decision on the question of the future of the oriental schools (Elementary and Advanced) the existing arrangements for payment of grants may continue and whether the proposal to raise the basis of teaching grants to aided schools from one half to two thirds of the net cost and to make teaching grants to the schools under the control of local bodies on half the net cost basis may be dropped with reference to the recommendations of the standing Finance Committee extracted on page 9 ante. If this is done, it may not be possible to insist on the adoption of the revised scales of pay for the staff in these schools. Attention is in this connection invited to the minutes of H.M.(Finance) on page 5 ante.

The file may be circulated to H.M.(Edn) for orders. He ~~may if he so desires~~ press for provision ~~being included for the scheme at the Cabinet~~ meeting. ~~to be held on the 28th inst.~~

3. The DPI may now be informed that the Govt have decided that the question of raising the basis of assessment of teaching grants to oriental institutions under private managements from one half to two thirds of the approved net cost of their maintenance in the preceding financial year and of making teaching grants to such institutions under the control of local bodies on the basis of half the net cost of maintenance has been dropped.

4. It is for consideration whether managements of aided oriental schools (Elementary & Advanced) and local bodies may be advised to adopt for the staff in the oriental schools the revised scales of pay fixed for teachers in the corresponding grades in Secondary Schools under local bodies if they can afford to do so with the existing aid from Govt. In regard to oriental schools

10.2.48

under local bodies, it seems desirable to direct them to adopt the scales of pay fixed for teachers of the same grades in Elementary & Secondary Schools as enquiries have been made as to what revised scales of pay should be adopted. ~~As~~ The oriental institutions under local bodies are not in receipt of any aid from Govt. ~~[illegible]~~ and they will continue to be so even after the revised scales of pay are fixed.

For orders - The remarks of L.A. may be invited as on para 4 above.
