In G.O. No. 1495 Education, dated 31-7-1946, the Government ordered that the entire grant assessed on behalf of teachers in aided ele. schools in the plains should be disbursed to ~~the~~ teachers and that ~~the~~ managements should be paid a separate grant for ~~the~~ upkeep of school buildings, ~~provision for~~ equipment and contingencies, at 15% of the assessed grant. The ultimate extra expenditure to Government on this account was estimated at Rs. 12 lakhs though the liability might not materialise. The orders were given effect to from 1-1-1947.

2. The D.P.I. now recommends that the orders may be made applicable to schools in the Agency tracts also. Grants are assessed for schools in the Agency at 50% in excess of the rates admissible to schools in the plains. Budget provision for grants to schools in the Agency is Rs. 86,000/- If the entire grant is paid to teachers and a separate grant is given to the management for ~~the~~ maintenance of schools, etc., the extra cost will be Rs. 13,000/-. The revised scales of grants sanctioned for aided schools in the plains have not ⊗ been made applicable to ~~the~~ ele. schools in the Agency. This point has been raised separately. On the basis of the revised scales, the grant for management will be Rs. 22,000/-

3. If Government decide to extend the system of separate grants to managements for schools in the Agency tracts also, the question arises as to the date from which ~~they~~ it should be given effect to. The payment of grant for schools both in the plains and in the agencies is for the calendar year. In the case of the schools in the plains, the new system has been brought into force from 1-1-47. It is for consideration whether the system may be introduced in respect of schools in the Agency with retrospective effect from 1-1-47 or whether it is sufficient if it is given effect from the calendar year 1948. In the latter case no additional ~~provision~~ provision need be made in the current year's budget for the purpose, as the grant for the 1st quarter of 1948 is payable only in May 1948 i.e. from the allotment for 1948-49

Please see the note of E.P.H. on page 1 above.

The proposal is to extend to the Agency tracts the principle (now in force in the plains) of disbursing the entire "assessed" grants to the teachers in aided elementary schools and of giving a separate grant to ~~teachers~~ the managements, for upkeep of school buildings, equipment and contingencies at 15% of the "assessed" grant. The extra cost involved in the proposal is stated to be Rs 13.000 p.a. according to the existing rate of grant and Rs 22.000/- on the basis of the revised scales of grant.

E.P.H. have stated that the question of making the revised scales of grants to managements

(Previous Finance note on pages 2-3 above)

The further note of E & PH on pages 3 - 4 above may be perused. In the circumstances now stated by E + PH, Finance may agree to the question of ~~giving~~ extending the scheme of giving separate grants ~~p~~ to managements for the upkeep of buildings etc, to the Agency tracts being considered now.

2. The question then arises as to the date from which it should be given effect to. E & PH propose that it should be given effect to with effect from 1.1.1947. It may be mentioned in this connection that this Department agreed to the scheme sanctioned in G.O. No. 1495 Edn dy 31.7.46 mainly on the ground that there will be no extra cost to Govt. In the present case, the extension of the scheme to the Agency tracts is estimated to cost Rs 13,000 p.a. on the basis of the existing scale of grants or Rs 22,000 p.a. if the

revised scales of grant are introduced. In view of the large extra cost involved in the proposal and of the fact that the ~~academic~~ year has progressed considerably ~~Finance may advise that effect may be given from 1.1.48~~ it seems desirable to give effect to the scheme with effect from the next calender year (1948). It may also be mentioned that it is not usual to give retrospective effect to pecuniary concessions. Finance may therefore advise that the proposal be given effect to from 1.1.1948.

The present proposal for applying the system of separate grants to managements of aided elementary schools has been approved by the Standing Finance Committee. Vide above.

The D. P. I. has been urging for very early orders so that grants may be disbursed to managements in the current year itself. In the ordinary course any proposal approved by the Standing Finance Committee is also placed before the Cabinet unless previous orders are obtained for waiving the procedure for placing the case before the Cabinet. If the present case is to be placed before the Cabinet it may not be possible to issue final orders to enable disbursement of grants to the managements in the current year. In the circumstances the procedure for placing the case now before the Cabinet may be waived.

Finance may see before circulation.

Sir,

Sub: Elementary Education - Aided - Schools in Agencies - payment of maintenance of grants to managements.
Ref: G.O. No. 503-Education, dated 13-3-1948.

28208

I have the honour to state that Government in their order cited above have directed that the orders contained therein take effect from 1--10--1947. As the assessment year is the Calender year ending 31--12--1947, it is necessary that the change in the system is given effect to from 1--1--1948 instead of from 1--10--1947. It cannot be now given effect to from 1--10--1947 as grants for 1947 would have already been paid. Hence I request that Government may be pleased to issue revised orders giving effect to the orders from 1--1--1948. Kind attention is in this connection invited to Government Memorandum No. 65632 C1/46-5-Education, dated 26--2--1947 wherein a similar change was ordered in the case of schools in plains.
