No.Skr/Lino. Dated:- 3-12-1947.

Sub:- Linotype metal melting pots - Purchase of - Sanction for -

I have the honour to state that eight of the Linotype machines purchased prior to 1932 were fitted with Mozzali metal pots of Italian manufacture. Due to the war, the Italian Companies have ceased to manufacture heating elements for these parts and the Linotype Company Ltd., is not able to supply suitable elements for these pots to replace in case of the heating elements going out of order. The Linotype Company suggests that the Mozzali pots may be replaced by Funditor pots of English manufacture which can be fitted to the existing machines. I propose to purchase three Funditor pots to replace the three Italian pots and to use the elements as spares in case of breakdown.. The probable cost of each pot is Rs.1700/-. I request that Government may be pleased to sanction a sum not exceeding Rs.5500/- towards the cost including Sales Tax and other miscellaneous charges and increase of cost if any at the time of delivery for the purchase of these three Funditor metal melting pots.

The expenditure will be met from the budget provision under "56 Stationery & Printing (d) Government Press (Madras) F other expenditure 4. Stores purchased in India" or by re-appropriation if necessary.
