MEMORANDUM NO. 11751/48-1 DATED 29TH JANUARY, 1948.

Sub: POST-WAR DEVELOPMENT - Programme for 1947-48 - Schemes eligible for Central Grants - Progress - Speeding up.

7998
The Government of India have allotted a block grant of Rs. 625 lakhs for Post-War Development Schemes including Grow More Food Schemes proposed for execution during 1947-48. A list of Post-War Development Schemes eligible for Central Grants has already been communicated to the Heads of Departments, concerned, with Development Department Memo No. 1226 P&D VI/47-1 dated 17-11-1947.

From the Annual Statement of Expenditure, received from Heads of Departments, it is observed that the progress of expenditure in respect of Post-War Development Schemes is not satisfactory and that it is doubtful whether the total expenditure during the year, will reach the level to qualify for the full grant. In order to avoid the lapsing of the Central Grant, Heads of Departments, concerned, are requested to make every effort to speed up the execution of schemes and ensure that no part of the grant lapses.

PP3-4 ante

In reply to Government's reference quoted above, I am to state that as against the provision made in the Budget for the year for the construction of Buildings for the Engineering College, the University has already drawn for the year 1947-48 one lakh in G.O.MS.1861 dated 25-8-1947 and has applied for the grant of the second lakh in letter No.10176 d. 5-2-1948.

As intimated already, the building works completed include the workshop, Survey Store, Strength of Materials laboratory, Smithy Shed and Technology I Stage and the work of construction of other blocks to house the laboratories and lecture halls is proceeding with all possible speed. The work of equipping the various laboratories is also making fair progress and the University is tapping all available resources for completing the laboratory and workshop equipment before the close of the year. In the circumstances, the University hopes to be able to utilise the provision for the 3rd lakh during the year and will apply for the grant early in March, 1948.

As regards the construction of New Hostels, much progress could not be made this year as had been estimated, for want of adequate technical staff and for want of building materials. The expenditure on the construction of New Hostels to date amounts to Rs.1,40,867 and on the basis of half grants the University has already drawn for 1946-47, Rs.51,388/- in G.O.MS.563 d.20-3-47. For the year 1947-48, the University hopes to spend Rs.40,000 and claim a grant of Rs.20,000 and surrender the balance.

Disbursement during 1947-48.

Ref: Letter No. 7441-G3/48-4 Edn. d. 19-2-48.

In reply to Government's letter quoted above, I am to state that the application for the grant of the sixth lakh towards expenditure on buildings and equipment of the college of Engineering and Technology has been made in my letter No. 10176 d. 5-2-48 and the sanction of the grant is pending orders with Government. The application for the seventh lakh will be made early in March, 1948.

The grants due for the year, on account of the construction of new hostels will be applied for as soon as the Executive Engineer's certificate for value of work done is obtained. The Executive Engineer, South Arcot, has already been requested to inspect the buildings and issue the necessary certificates in my letter d. 10360/10-2-48 and No. 10695/20-2-48 and he is again being reminded.

The Govt. sanction the payment to the Madras University

Secretary, E. & P.H.

I understand from the Finance Dept. that, as we have not fully utilised the grant given by the Govt. of India for Post-war Development, nearly a sum of two crores of rupees has to be surrendered. This is really pathetic, if we are not to utilise all these funds. I would like you to draw up two lists:-

(1) List of expenditure which can be brought under Post-war Development schemes for which sanction has already been given by the S.F.C. and the Cabinet and which was pending expenditure but which have not been spent. As far as possible steps may be taken, so that these may be spent within the year.

(2) We have sent certain schemes which are pending before the S.F.C. Those may be examined. For instance, acquiring buildings for the Anantapur Engineering College and repairing it, may be cited as an example. If these things can be passed within February and the expenditure on them incurred within the month, they can be brought under the Post-war Development and we can have the benefit of those funds. A list of all such schemes pending before the S.F.C. may be prepared with an asterisk mark for those which can be brought under Post-war development.

A note also may be sent as to which items may be brought under Post-war Development Schemes.

Post-war Development schemes - Grant from the Govt. of India - Surrender.

Please see the minutes of H.M (Edn) on p.1 ante. Details of for the anticipated surrender of Rs. ~~2xix~~ 2 crores are not available, in Finance or ~~Publix~~ Devt.(P.& D.). The following are the post-war schemes relating to this ~~XXXXXXXXXX~~ section:--

- (1) Grant to the Loyola College, Madras, for the construction of buildings for the B.Sc.(Hons) Chemistry course.
- (2) Grant to the Annamalai University for the construction of buildings for the Engineering College.
- (3) Grant to the Annamalai University for the construction of hostels.
- (4) Grant to the Madras University for the construction of buildings for the Alagappa Chettiar College of Technology.

Item (1) - Construction of buildings for the B.Sc.(Hons) course, Loyola College - The total grant under the Post-War scheme is Rs. 2 lakhs. A sum of Rs. 1.5 lakhs was already disbursed in 1946-47, the expenditure having been incurred already. The balance of grant, viz. Rs. 50,000/- has been provided for in the Revised Estimate for 1947-48. The D.P.I. may be asked to expedite the completion report for payment of the balance of grant due. The draft T.M. below is for approval.

Item 2 - Annamalai University - Engineering College buildings
The total grant payable for the scheme is Rs. 10 lakhs. An expenditure of Rs. 4 lakhs has already been incurred and the amounts disbursed in 1946-47. The balance of grant due is Rs. 6 lakhs. Provision has been made in the B.E. for 1947-48 for Rs. 3 lakhs. ^{Of Rs. 2} A sum of Rs. 1 lakh has already been disbursed in August 1947. The balance of Rs. 2 lakhs has to be drawn before the 31st March 1948, ^{Minise} if the amount is ~~not to lapse~~ ^{have the surplus}. The University may be asked to report what expenditure has been incurred on the work so that the balance

of grant provided for this item may be disbursed in time, before 31.3.1948. The draft below is for approval.

It may be mentioned that the total provision of Rs. 10 lakhs has to be drawn during the quinquennium ^{commencing from} 1946-47; ~~if~~ even if the provision made ~~in~~ in the Budget is not drawn during 1947-48, it may be utilised ~~within~~ ^{ultimately} in the subsequent ~~years~~ year or years. The question of ^{sur-}render does not therefore arise.

Item 3 - Construction of hostels - Annamalai University.

The total grant for the scheme is Rs. 4.5 lakhs. Out of this amount ^{an expenditure} a sum of Rs. 51,400/- was incurred during 1946-47 and the ^{grant was} amount ^{has been} disbursed during that year. A provision of Rs. 1.5 lakhs ^{has been} was made in the B.E. for 1947-48, but ^{only} in the R.E. for 1947-48 with reference to the University's report ^a provision of Rs. 85,000/- ^{has been made}. The University may be requested to state as to what ^{expenditure} amount has so far been incurred in the year 1947-48 and also to hasten the work so that the progress of work may ~~be~~ not be very slow and the full provision of Rs. 4.5 lakhs may be utilised ~~during the~~ by the University ~~during the post-war quinquennium~~. The draft below is for approval.

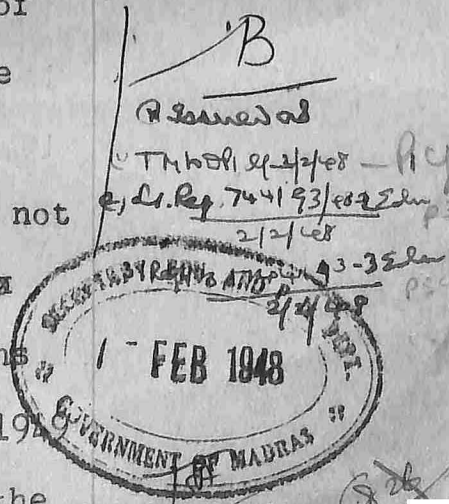

Item 4 - Madras University - A.C. College of Technology.

The total grant for this scheme is Rs. 7 lakhs. The amount ^{of grant sanctioned} ~~spent~~ up to 46-47 is Rs. 2.5 lakhs. The balance is Rs. 4.5 lakhs. A provision of Rs. 1 lakh has been made in the B.E. (and also ⁱⁿ R.E.) for 1947-48 on this account. The University has not so far spent the amount. It may be asked to ^{to report the expenditure incurred on the work} ~~provide with the work and also~~ state how much of this provision will be utilised during the year. As the ~~expenditure~~ grant of Rs. 4.5 lakhs is to be utilised during the post-war quinquennium, even if the amount is not utilised this year, it will not lapse. ~~The University~~ The provision made in the B.E. for 1948-49 is Rs. 2 lakhs and the University hopes to complete the work by March 1949 and the amount will be utilised by 1949-50 i.e. within the post-war period.

Please see the note of the S.P. H. Dept. on Page 7 of the Budget notes for 1947-8 under "37 Ed. A. University - Grants to Universities". The S.P. H. Dept. states that though the University had not been told that the grant would be disbursed in instalments equal to half the actual expenditure in each year, it would seem desirable to regulate the payment of grant with reference to the certificates of expenditure furnished. In the present case, against the total grant of Rs 7 lakhs promised for the work, ^{a sum of} Rs 2½ lakhs was disbursed in 1945-6 and it is proposed to disburse a further sum of Rs 1 lakh in the current year, making a total of Rs 3½ lakhs. It would appear from the letter of the Regr, Madras University, on Page 15 of the report that the progress on the work has not been appreciable. The total grant of Rs 3½ lakhs referred to above will practically be an 'advance' grant. This is not in conformity with the normal procedure for building grant.

Checks are given only on the post-payment system.
The only justification for the ^{proposed} departure from the
normal procedure in this case is that the disburse-
ment of the grant will be helpful in increasing
the expenditure in the current year on p. w. devt.
schemes and thereby reducing ^{correspondingly} the lapse ⁱⁿ of the 'block'
grant from the Govd for p. w. devt. schemes.

The ES&H. Dept. may kindly take orders in circulation
to the effect also before issuing the order bills.

R

The Govt have sanctioned a "block" grant of Rs 65 lakhs towards expenditure on p.w. dest. schemes in 1947-8. It has not been allocated by them specifically among the several p.w. dest. schemes. A general programme of expenditure on p.w. dest. schemes in 1947-8 was sent to them, and they approved of it, subject to certain remarks. If the total expenditure on p.w. dest. schemes in 1947-8 falls short of Rs 65 lakhs, the Central grant will be limited to the actual expenditure. There is no guarantee as to the amount, if any, to be given as Central grants for p.w. dest. schemes in 1948-9 and subsequent years. It is very doubtful whether any p.w. dest. grants will be made in the present scale in subsequent years. In any case, after the allocation of financial resources ^{under the new constitution} between the Centre & provinces has been settled ~~and~~ and the ^{new} ~~Central~~ arrangements have been brought into effect, there may not be any Central grants for p.w. dest. schemes if provinces get a substantial increase in revenue. It cannot therefore be assumed that the grants for any of the p.w. dest. schemes ^{under p.w.} ~~shall be~~ ^{sanctioned for the minimum} (The

The case relates to the payment of grants promised for Post-War Devt. Schemes. One of such items is the grant for the construction of buildings and equipment for the Alagappa Chettiar College of Technology. Out of the total non-recurring grant of Rs. 7 lakhs promised for the scheme, a grant of Rs. 2.5 lakhs has so far been disbursed. The University now requests the disbursement of a grant of another Rs. 1 lakh ~~now~~, as the work is actually in progress. A provision of Rs. 1 lakh ~~has been~~ made in the B.E. for 47-48. This Dept. has proposed to sanction this amount, but Fin. state that the progress of work made by the University has not been appreciable. They consider that as building grants are paid only on post-payment system, the only justification for a departure from the usual practice in this case will be that the disbursement of grant will be helpful in increasing the expenditure in the current year on P.W.D. schemes and thereby reducing correspondingly the lapse in the 'block' grant from the G. of I. for P.W.D. schemes. They request that orders in circulation including H.M.(Fin.) may be obtained before issuing the order below. The case may accordingly be circulated to H.M.(Edn.) and H.M.(Fin.) for approval of the draft order below.
