Sub: Government Press - half holiday granted to employees.

With reference to our telephone conversation this morning I have the honour to state that I have permitted a half holiday to the technical employees of the Government Press as their meal carriers did not turn up on account of the General and partial transport strike. Employees having urgent work were recalled at 4 p.m. so that feeding charges except for a very few (about 20) were avoided.

I request Government to ratify my action in having made these arrangements.

Superintendent.

The S.G.P. phoned to me that owing to the transport strike today the workmen in the Press would not be able to make arrangement for their mid-day meal and that they have not been able to make arrangements to ^{bring} food with them as they came very early in the morning. As was done on similar occasions previously he proposed to send away most of the workmen in the afternoon, and retain the minimum staff required for essential work paying them 8 annas a head for their meals. In view of the precedents, and in view of the urgency of the matter, I told the S.G.P. he might proceed accordingly. He would be retaining about 200 persons for essential purposes paying them 8 annas each. Orders of formal approval may be issued after Finance also sees the case.
