Government of Madras

PUBLIC (PLANNING AND DEVELOPMENT) DEPARTMENT.

G.O. No. 413, 5th February 1947

Post-war schemes—Progress reports—To be sent to Government of India in prescribed form.

Order—No. 413, Public (Planning and Development), dated 5th February 1947.

The Government of India wish that progress reports on the execution of each post-war development scheme should be sent to them for each financial year in the form annexed to this order so as to reach them not later than the 1st July following. They want four copies of the reports, each scheme being written on a separate sheet. Heads of Departments are accordingly requested to send six copies of the report on each scheme (four for despatch to the Government of India and two for this Government) together with a descriptive review of the work accomplished. Information regarding the return on the Capital Outlay on Irrigation and Electricity Schemes, when available, should be entered in the last column of the copies intended for this Government. The first annual report and review will relate to the year 1946–47 and should be sent to Government not later than the 10th May 1947.

2. Quarterly reports on each scheme should be sent to this Government as at present so as to reach them not later than the 20th of the month following.

(By order of His Excellency the Governor)

K. Ramunni Menon,
Additional Chief Secretary.

To the Heads of Departments concerned.

Copy to the Departments of the Secretariat.

Ref: Your letter No. 89949 G 3/47-1 Education dated 14-11-'47 - Submission of annual progress reports Etc., - Post-War Development schemes - Grants for University A.C.College of Technology, Guindy.

----

① I have the honour to inform you that the scheme relating to the A.C.College of Technology does not appear to come under the category of Post-War Development schemes, the scheme having been approved and the necessary grants for the purpose having been sanctioned in G.O.No. 666 Edn. dated the 29th April 1944. The conditions attaching to these grants will be found in the above G.O., according to the terms of which the submission of quarterly or annual progress report is not contemplated. The recurring grant sanctioned for the College is in the nature of a block grant while the non-recurring grant is spread over during the period of construction and equipment.

② The construction of the two hostel blocks for the College at a cost of about Rs 2 lakhs was completed last year and the buildings have been occupied. The University has since engaged an Architect and prepared complete plans, estimates and specifications for the construction of the main buildings for the College, and has engaged a Contractor for executing the construction after calling for tenders. The Contractor has actually started construction, and the foundation work is now in progress. It is estimated that the general work will cost about Rs 13 lakhs, while the special installations such as electricity, water supply, gas and steam supply, etc., will cost another 5 lakhs, though no estimate has yet been prepared for the latter installations. Through the kind help and cooperation of the Government the University has been able to get the necessary permits for the acquisition of the steel and cement required for the buildings. It is expected that the main buildings will be completed in the course of the next eighteen months, and the buildings will be ready for occupation by the commencement of the academic year 1949-50.

③ Of the non-recurring grant of Rs 7 lakhs sanctioned for the College by Government, a sum of Rs 2½ lakhs has been paid by Government so far (Rs 50,000- in 1944-45, and Rs 2 lakhs in 1945-46). It is proposed to draw Rs one lakh out of the non-recurring grant during the current year and the balance of Rs 3½ lakhs during 1948-49.

④ However, information called for in the annexure to G.O. No. 413 dated 5-2-'47, is furnished below as far as possible:
