"CONFIDENTIAL"

EDUCATION DEPARTMENT.

From

DR. S.R.U. SAVOOR, M.A.(Cantab.), D.Sc.(Lond.), I.E.S.,
Director of Public Instruction,
M a d r a s.

To
The Secretary to Government,
Education & Public Health Department,
Fort St. George,
MADRAS.

R.CL. No. 47/47, Dated the 6th of December, 1947.

Sir,

Subject:- MADRAS EDUCATIONAL SERVICE - Posts of Professor
and Instructor in Electrical Engineering -
Vacancies - Filling of - Proposals submitted.

In paragraph 2 of my Confidential letter to Government,
R.CL. No. 47/47, dated 25th July 1947 I proposed that in the
circumstances explained therein the post of Professor of Elec-
trical Engineering at the Arthur Hope College of Technology,
Coimbatore might be kept unfilled after Sri K.N. Ramanathan's
transfer until Flying Officer A.R. Ramanathan or Sri A.Srinivasan
became available to fill the post. The above proposal has been
accepted by Government in their order No. Ms. 2365 Education,
dated 4th November, 1947. Sri K.N. Ramanathan has since been
transferred as Officiating Professor of Electrical Engineering,
College of Engineering, Cocanada and the post of Professor of
Electrical Engineering in the A.H.College of Technology, Coimba-
tore is vacant. In thier Order No. Ms. 2210 Edn., dated 15th
October 1947 the Government have sanctioned a new post of Instructor
in Electrical Engineering for the Anantapur College of Engineering
at Guindy, and this has to be filled.

2. In this connection I may submit that Messrs. A.Srin-
vasan and S. Srinivasan, two of the Government servants sent to
the U.S.A. for advanced studies in "Electrical Engineering" are
arriving back in India very shortly after completion of their
studies abroad and they have to be suitably posted. Of the two

two Officers, Sri A. Srinivasan is a permanent Laboratory Assistant in the Subordinate Educational Service and a probationer in the post of Junior Instructor in Electrical Engineering in the Madras Educational Service in the College of Engineering, Guindy. ~~He is junior to~~ Flying Officer A.R. Ramanathan who is now on ~~other~~ duty in the Civil Aviation Directorate of the Government of India.

In view of the fact that there is no immediate possibility of Sri A.R. Ramanathan reverting to the Education Department shortly (vide correspondence resting with my ^{Endorsement} letter CL.No.47/47, dated 16-9-1947), the question of appointing Sri A. Srinivasan to the vacant post of Professor of Electrical Engineering may be considered.

3. Sri A. Srinivasan possesses a ^{B.E.} degree in Mechanical Engineering of the University of Madras obtained before 1934, and also an M.Sc. degree of the Madras University in Electrical Engineering. He has undergone advanced studies in the Illinois Institute of Technology and has obtained the M.S. degree in Electrical Engineering. He does not strictly possess the prescribed qualifications for appointment as Professor. However, I consider him suitable for appointment as Professor and in this connection give below an extract from the remarks of Dr. J.J. Rudra, Principal, College of Engineering, Guindy, dated 28th November 1947 on the suitability of Sri A. Srinivasan for the post.

" 7. A. Srinivasan like K.N. Ramanathan and Flying Officer Ramanathan does not satisfy the qualifications for the post of Professor of Electrical Engineering and he will have to be appointed under Rule 9(a)(i) as K.N. Ramanathan. I, however, consider A. Srinivasan very suitable for appointment as Professor, particularly at Coimbatore. He is an M.Sc. of the Madras University in Electrical Engineering, and has spent about 2 years in the U.S.A. He did post-graduate study and research in the Illinois Institute of Technology and has obtained the M.S. degree in Electrical Engineering. His research work was done in collaboration with his Professor. The work was undertaken by the Professor on behalf of a large manufacturing works in the U.S.A. and A. Srinivasan continued his research in the Works during his practical training which was arranged in the same Works. He has presented a paper at the Convention of the American Institution of Electrical Engineers and this is very creditable. He should have presented another paper at a subsequent Convention had he remained longer in the U.S.A. While at the Illinois Institute of Technology, he did responsible teaching work. In my opinion, he is very suitable for appointment as Professor, although he, unfortunately, does not satisfy the qualifications prescribed for that post. I do not think that a man satisfying the qualifications for the post that we may be able to get would be more suitable as a

a Professor than A. Srinivasan.

8. The reason why I recommend his appointment as Professor, particularly at Coimbatore is that he has not only worked in one of the leading institutions in the U.S.A., but has visited a number of institutions in that country. His knowledge would, therefore, be, particularly useful for organisation of the Laboratory for the final year classes in Electrical Engineering and electrical engineering research.

In view of the above remarks I have the honour to recommend that the Government may be pleased to appoint Sri A. Srinivasan, permanent Laboratory Assistant and probationer in the category of Junior Instructor in Electrical Engineering, to officiate as Professor of Electrical Engineering, Arthur Hope College of Technology, Coimbatore, under rule 9(a)(i) of the General Rules relating to the Madras Provincial and Subordinate Services.

4. Sri S. Srinivasan, the other candidate, has passed the B.E. degree examination as well as the College of Engineering Diploma Examination in Electrical Engineering with Honours. He has obtained the M.S. degree from the Illinois Institute of Technology. He is an approved probationer in the post of Laboratory Assistant in the Madras Educational Subordinate Service. He satisfies all the qualifications prescribed for the post of Instructor in Electrical Engineering and I consider him very suitable for appointment as ~~INSTRUCTOR~~ to the post. I have already made recommendations to the Madras Public Service Commission for inclusion of the name of Sri S. Srinivasan in the "Approved List" for appointment as Instructor. Pending the question of his regular appointment I recommend that the Government may be pleased to appoint him as Officiating Instructor in Electrical Engineering at the Anantapur College of Engineering, now located at Guindy, under Rule 9(a)(i) of the General Rules relating to the Madras Provincial & Subordinate Services.

5. I solicit the favour of early orders.

I have the honour to be, Sir,
Your most obedient servant,

For DIRECTOR OF PUBLIC INSTRUCTION

E. H. O. A. depr. (A)

The proposals of the 20. at S and T.
on p. 3 ante for the empty appt. of Messrs.
A. Srinivasan and S. Srinivasan as Prof. of
Elec. Engg., Coimbatore Engg. College, and as Instructor,
Anantapur Engg. College at Guindy, may be
accepted.

May be od. to H. H. (En.)

EDUCATION DEPARTMENT.

From

DR. S.H.U. SAVOOR, M.A. (Cantab.), D.Sc. (Lond.), I.E.S.,
Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education & Public Health Department,
Fort St. George,
Madras.

R.CL. No. 47/47-, Dated the 23rd December, 1947.

Sir,

Subject:- Madras Educational Service - Posts of Professor
and Instructor in Electrical Engineering -
Vacancies - Filling of - Proposals.

IN continuation of my Confidential letter R.CL. No. 47/47,
dated 6th December 1947 recommending the appointment of Messrs. A.
Srinivasan and S. Srinivasan as Professor and Instructor in Electri-
cal Engineering, respectively, in the Madras Educational Service
on their return from Overseas, I have the honour to state as fol-
lows:-

2. Since submitting my recommendation regarding Sri A.
Srinivasan, Dr. J.J. Rudra, Principal, College of Engineering,
Guindy, informs me that the former will be completing his practical
training in the United States by 24-12-1947 and thereafter will be
applying for leave probably in continuation of the study leave.
It is not known definitely when Sri A. Srinivasan will actually
return to India. Moreover, a number of applications is being re-
ceived from Non-Muslim refugees from Pakistan for appointment to
suitable posts in the Engineering Colleges. I find that some of
the applicants seem to possess good qualifications and considerable
teaching experience. I am examining the suitability of some of
the applicants for appointment to the post of Professor of Electrical
Engineering, and shall submit my recommendations in the matter shortly.
In the above circumstances I request that my recommendation regarding
the appointment of Sri A. Srinivasan as Professor of Electrical Engi-
neering

Engineering may not be proceeded with.

3. As regards Sri S. Srinivasan I have the honour to state that the Officer has already returned to India and had to be given a posting immediately. Under my instructions the Principal, College of Engineering, Guindy, issued informal orders appointing Sri S. Srinivasan as Officiating Instructor in Electrical Engineering of the College of Engineering, Anantapur at Guindy. Sri S. Srinivasan has joined duty as Officiating Instructor in Electrical Engineering on the fore-noon of 15th December 1947. I have the honour to request that the Government may be pleased to issue formal orders appointing Sri S. Srinivasan to his present post as already recommended in paragraph 4 of my letter R.C.L. No. 47/47, dated 6--12--1947.

I have the honour to be, Sir,
Your most obedient servant,

S. R. Saron

DIRECTOR OF PUBLIC INSTRUCTION.

NB/22-12.

M.E.S. - Srinivasan, Sri S. - Appd. Temp. as Instructor in Elec. Engg. in College of Engg. Anantapur, at Guindy.

Read: - From R.O. 1, No. 47/47, dt. 23.12.47

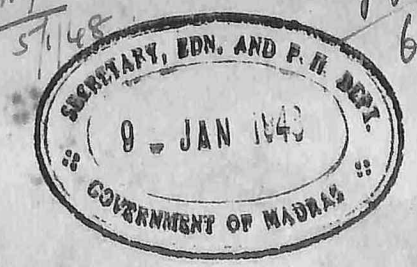

G.O. (Ms.) NO. 67. Edn., dt. 10-1-48

under rule 9(a)(i) of the General Rules for the Prov. & Sub. Services, Sri S. Srinivasan, offg. Lab. Asst. in the M.E.S.S., is appd. to officiate as Instructor in Elec. Engg., College of Engg., Anantapur, at Guindy, in the M.E.S.

2. The appt. ^{ordered above} will be deemed to have taken effect from the 15th Dec. 1947.

3. The reason for the temp. appt. is that there is no candidate in the approved list for regular appt. to the post.
