The District Board in its resolution No.1620 dated 26-6-1947, copy enclosed, resolved to collect ^{1/43 fee} from the beginning of the school-year 1947 from pupils belonging to backward classes in other than upland taluqs and full concession ^{from} pupils belonging to backward classes studying in schools in upland areas of the District. Under M.E.R. 92 (b) only half fee concession need be given to pupils of backward classes but the District Board in spite of its heavy expenditure on Secondary Education is continuing to ^{give} full fee concession for pupils studying in secondary schools of the District in the upland area and only nominal collection of $\frac{1}{4}$ fee in schools in other than upland areas. I furnish below receipts and expenditure under Secondary Education for the last 3 years.

Year.	Receipts.	Expenditure.	Balance borne out from General--Funds.
1944-45.	1,98,000/-	3,59,000/-	1,61,000/-
1945-46.	2,30,000/-	4,47,000/-	2,17,000/-
1946-47.	2,94,000/-	4,72,000/-	1,78,000/-

The inspecting officers and the Government previously had remarked that the receipts on Secondary Education be increased or the expenditure curtailed. In G.O.No.975, Ed., dated 10-5-47, while giving revised scales to teachers, ^{the} remarked that steps should be taken to increase income of the Board.

It is understood that neighbouring District Boards, Guntur & West Godavari, are giving only half fee concessions to pupils belonging to backward classes. Poor Harijan pupils ^{under grant} deserve full fee concession. It is desirable that rule 92 (b) is amended in such a manner that poor pupils of backward classes are given full fee concession, the Government making good the loss incurred by -- Local Bodies in giving full fee concession to deserving poor pupils of all backward communities.

~~Some~~ local bodies were granting full exemption from fees to pupils belonging to the Scheduled classes with reference to an order of 1934. Recently ~~some~~ local bodies for financial reasons have withdrawn the concession. The question of laying down a rule that scheduled class pupils should be granted full fee concession in Form VI and below is separately under consideration. In this view it is for consideration whether the Special Officer, District Board should be asked to report the circumstances under which he cancelled the granting of full ~~scholarship~~ ^{fee concession} to Harijan pupils.

The Concessions granted to Harijans by the previous Govts and continued by the Advisory regime should not now be removed lest the public should think that the present popular Congress Govt. is not helping them. The cancellation of such orders by the Local Boards will create a wrong impression on the minds of the people and much criticism is levelled against the Govt.

Issued as Memo No. 54810 C1-47-1 dated 1-8-1947
From the Special Officer, Kistna District Board, No. 15385 -47 dated 9.9.47.

According to the Madras Educational Rule 92,

as it stands at present, the following educational concessions are made available to the Harijans and other Backward classes in the various educational institutions in this province.

	Elementary Schools	Secondary	Colleges
Harijans	Full Fee Concessions	Half Fee concessions	Full fee concessions
Other Backward classes	Half Fee concessions	Half Fee concessions	Half fee concessions

From the above it would appear that while the Harijan pupils are eligible for full fee concessions in elementary schools and colleges they are eligible only for half fee concessions in Secondary schools. Local bodies have been permitted to ^{grant} extend full fee concessions to Harijan pupils in Secondary schools if they so desired. The question of granting Harijan pupils in Secondary schools also full fee concessions is separately under consideration.

Normally Harijan pupils in secondary schools under the Kistna District Board are eligible only for half fee concessions. But that District Board passed a resolution

1939, sanctioning full fee concessions to all Harijan pupils studying in its secondary schools. This concession appears to have been continued in 1946-47 also in the resolution No. 1029. When the question of continuing the full fee concessions to Harijan pupils in secondary schools for the year 1947-48 was considered it was ~~not~~ decided to collect $\frac{1}{4}$ fee from the pupils in non-upland areas under the District Board and to grant full fee concessions to the pupils in the upland areas. The present protest in the "Prajasakti" in page 1 ante is against the decision of the Board to collect $\frac{1}{4}$ fee from Harijan pupils in the secondary schools in the non-upland areas of the Kistna District Board. The Govt. have no powers to compel the District Board, Kistna, to grant full fee concessions. The District Board has already granted a concession in excess of that admissible under the rule. The grant of full fee concession is left to the discretion of the Board. No action is called for.

This may now be circulated to H.M.(Edn.) and H.M.(R.D.) with reference to 'A' on page 2 ante.

If, under the rules, we cannot compel the District Board to forego their fee income from the Harijans, the only way out is that the Government should come forward to meet the amount that may have to be foregone and ask the District Board to give the Harijans full fee concessions. H.M. R.D. may take up the matter. Finance may also see.

I SA
80 OCT 1947
I entirely agree with the suggestion of H. H. (Edn.) in the past 10 years, the district boards consisting of elected presidents and members granted full concessions to promote literacy among Harijans. I see no reasons why officials acting as special officers of St. Bds should meddle with the concessions granted by elected and popular bodies. The acts of the special officers in withdrawing these concessions are being misunderstood by the Harijans and general public as having been done under the orders of the popular Govt. In order to

ward off this wrong impression, it is essential to continue all the existing concessions. We may therefore issue directions to the special officers not to interfere with the resolutions of the St. Bds in this regard.

The question of compensating the St. Bds or the municipalities the income foregone by them may be considered if they require financial assistance from the Govt. After all, the loss of fee income involved in this proposal for each district board may be a paltry sum considering the huge amount they are spending on educational and other services.

The concessions may be divided into two.

(1) The concession given to Harijans and converts as backward communities i.e., half concession.

(2) The extra concession given by Dt. Boards, Municipalities etc., that Harijans may be given the full concession.

The first concession applies to converts also. The second concession will apply only to Harijans and Harijans means Hindu Scheduled castes. This may be made clear.
