Dear Mr. Subramaniam,

97386
In my letter No.1 dt.63/
5/6, dated 11th August 1947, I
pointed out that I intended to
apply for leave and deputation in
February 1948 and that I had
arranged with Messrs. Grindlay &
Co., Shipping Agents for passages
for myself, my wife and family
in the first half of that month.
In my letter dated 5-9-47 (while
on leave) I stated that I was
particularly anxious to proceed
on leave in February for important
family reasons.

Although these reasons
still exist I presume that on the
same grounds as those under which
Government withheld my application
to the Federal Public Service
Commission for the post of
Controller of Printing and Sta-
tionery, India a formal applica-
tion for leave if submitted now
is bound to be refused.

If

If my presumption is correct I should be grateful if you would furnish as early as possible a certificate as required by the shipping agents to the effect that leave applied for by me has been refused.

Yours sincerely,

at your

MR. LEPPER, SUPERINTENDENT GOVERNMENT PRESS- LEAVE.

In his letter No. I dt. 63-5-6 dated the 11th August 1947 the S.G.P. stated that he proposed to apply for 8 months' absence on leave and deputation in February 1948, and added that he had applied to the shipping agents for passages for himself and his family. Again in connection with Mr. Raghava Menon's deputation, Mr. Lepper wrote saying that he was particularly anxious to proceed on leave in February 1948 for important family reasons.

Mr. Lepper, last month, sent in an application to the Federal Public Service Commission for appointment to the post of Controller of Printing and Stationery under the Government of India. As Government felt that they could not spare Mr. Lepper's services, they have declined to forward his application. In the letter in the c.f. Mr. Lepper presumes that the same reason, that is, exigencies of Public Service would make Government refuse leave to him in February and requests Government to pass orders accordingly in order to produce these orders to the shipping agents whom he had already contacted for the necessary passages for himself and his family. His presumption seems to be correct, and he may be informed domi-officially that the Government cannot in the present circumstances release him in February 1948 as required. His letter in the c.f. shows that he is prepared not to press for the leave which he originally intended to apply for.

It is presumed that in case he ~~stays~~ stays on in service till the date of his compulsory retirement, this order refusal will make him eligible for ~~the~~ leave after the date of such retirement. Please see Fundamental R Finance may see the case for remarks on this point circulation.

If he can take the same quarters as before, B.K. J. will be able to take this work to him.
