## ANNEXURE NO. 8.

## EXPLANATORY REMARKS.

80330

37 (g) Education - Secondary - Direct Grants to Non-Government Secondary Schools - A.General (g) A. 3. Buildings - Voted.

The outstanding liabilities on 1-4-48 are expected to stand at Rs.3,04,417 or Rs.3,04,400/- and they are made of Rs.89,050/- relating to part-paid schemes and Rs.2,15,367 relating to schemes for which no payment has hitherto been made.

Though a provision of Rs.19,000/- was made in the Budget Estimate for 1946-47 in respect of scheme No. 1; a grant of Rs.2,368/- only was paid in that year as the management could not execute much work due to want of building materials. It is for the same reason a provision of Rs.5,000/- was made in the current year. It is therefore doubtful whether the management will be in a position to complete the work in 1948-49. A provision of Rs.5,000 only is proposed under Part I of the Budget Estimate for 1948-49 in respect of this scheme. No provision is necessary in the Budget Estimate for 1948-49 in respect of schemes Nos. 3 and 4 as the work has not been put on hand. The provisions made in the current year in column 6 of the annexure in respect of Schemes Nos.1,2,5,6 and 8 to 14 are likely to be claimed by the managements in the current year. A provision of Rs.10,000/- was made in the Budget Estimate for 1946-47 in respect of scheme No.7. But the amount was not utilised since the management was unable to purchase the site and building during that year. The management reports that the scheme will be completed and the grant claimed during 1948-49. A provision of Rs.10,000/- is therefore proposed in Part II of the Budget Estimate for 1948-49 in respect of this scheme. Schemes Nos. ~~8 &~~ 9 and 13 are likely to be completed in 1948-49 and payment claimed. The balance of grant due is therefore proposed for provision in the Budget Estimate for 1948-49 under Part I. As regards scheme No. 8 a provision of Rs.20,000/- only is proposed under Part I of the Budget Estimate for 1948-49 in view of the existing difficulties in procuring building materials.

(P.T.O.)

3

Schemes Nos. 15 to 20:-- All these schemes are new schemes. Provision for payment in respect of schemes Nos.15,16 and 19 are proposed under Part II of the Budget Estimate for 1948-49 in view of the progress of the works reported by the managements concerned. The managements of the institutions in respect of schemes Nos.17,18 and 20 are likely to claim the grant in full during the year 1948-49 as the works are already in progress and are likely to be completed in 1948-49. Provision for the entire amounts due to the managements are, therefore, proposed under Part II of the Budget Estimate for 1948-49.

Scheme No. 21:-- A sum of Rs.12,186/- was paid to the management during 1946-47 in respect of this scheme. The actual cost of the completed building has exceeded the approved cost and an additional grant of Rs.3,314/- is due to the management and the Government have already been addressed for sanctioning the grant in the current year.

Under the existing rules, grants to managements under Chapter VIII of Grant-in-aid code can be paid only when the entire scheme is completed. But Government have sanctioned part-payment of grants to managements in respect of big schemes during 1947-48 -vide G.O. No. 794 Education dated 18..4..1947. It would be a strain on the managements' finances to wait for the payment of grant after the entire scheme is completed. Due to scarcity of building materials and labour, it may hot be possible for the ~~me~~ managements to complete certain schemes. It is for this reason that part payment of grants have been suggested in ~~some~~ some cases.

G.O. for part-payment [illegible] [illegible] at Ⓥ

Summarising the above, the following provisions are proposed under both Part I and Part II of the Budget Estimate for 1948-49:-

## ANNEXURE NO.10.

## EXPLANATORY REMARKS.

### 37 (g) Education - Secondary - Direct Grants to Non-Government Secondary Schools - A.General - (g) A.5. Miscellaneous Grats - Voted - Playgrounds.

The outstanding liabilities on 1.4.48 will be Rs.13,528/- or Rs.13,500/- and they relate to two old schemes (Nos.1 and 2) and a new scheme (No.9). The current year's provision in respect of schemes Nos.3 to 8 will be utilised except for scheme No. 6 which has since been dropped as Government have refused to approve the management's alternate proposal to construct a building instead of the acquisition of a site for playground. Though provision was made in the Budget Estimate for 1946-47 in respect of scheme Nos.1 and 2 payment was not made to the managements, as the purchase and improvements to the playgrounds were not effected in that year. Provision has been proposed under Part II of the Budget Estimate for 1948-49 in respect of these 2 schemes with reference to the increased cost and the Government are being addressed separately in this matter. A provision of Rs,4,215/- has been proposed in respect of scheme No. 9 as the purchase of the site and the improvement of the site is likely to be completed during 1948-49.

The total provision required in Part II of the Budget Estimate for 1948-49 is Rs,13,500/-. No provision is necessary under Part I of the Budget Estimate for 1948-49.

Re: Building Grant to our School.

We desire to place a few facts for your kind consideration.

Our school was started in 1941 with a strength of 119 and now it is about 900. It is a full-fledged High School.

The school is located in two rented premises on a monthly rent of Rs.300/- With a view to locate the buildings in a spacious building providing playground and accommodation and hostel we applied to the Government to acquire for us a site measuring 55 grounds in Dr. Besant Road and the acquisition was ordered under the Land Acquisition Act and we were asked to deposit a sum of Rs.31,000/- towards the half the estimated cost of the acquisition, the Government having provided a like sum from Provincial Funds towards the same.

Z/25

Subsequently the Government were pleased by their Memorandum 54344/46 E1 3 Edn. dated 19th March 1947 to sanction a long lease instead of acquisition and fixed the rent so as to cover 3 per cent on the estimated value of the property.

(contd.)

2

8
9

Dated 26th Jan. 1948

Subsequently the president of the Hindu Religious Endowment Board by his Order No.1674 dated 6th June 1947 fixed the rent at Rs.3,543-2-0 per year and the Trustees have granted the lease of the site to us commencing from the 1st December 1947. We have also entered into possession of the land, from 1-12-47.

Subsequent to the order sanctioning the Lease, we applied to the Government to sanction our Building Scheme and the sanction was accorded to us, on our scheme of Rs.1,40,000. (Vide G.O.Mis.No.2267 Edn. dated 27th Oct. 1947 contained in Director of Public Instruction Proceedings No.11388 D2 /46 dated 5th November 1947).

Ⓦ

In the natural course of things we assumed that we should be entitled to get from Government half the amount of our estimated cost. The Government have however sanctioned only Rs.30,000/- as against Rs.70,000/-. We were trying to raise funds to meet the deficit and commence construction immediately, so that we may relieve the congestion to some extent and start our High School classes in the new buildings in July 1948.

Ⓜ 6-7

Memo 92450
B/47-2 Edn
12-1-48

To our great surprise and disappointment we received a communication (a copy of which is herewith sent) stating that no provision has been made for our grant in the Budget for 1948-49 and that provision will be made in the Budget for 1949-50. This order is a serious set back to our efforts to raise sufficient funds from the public for carrying out our Building Scheme. This Government Order will also make us lose a sum of Rs.300 every month as long as the building construction is delayed.

(Contd.)

--3--

The charitable public also will not be induced to donate so long as the building construction is not begun. We have to pay the lease rent of Rs.300/- p.m. to the Lessors.

Having regard not merely to the hopeless congestion in our present rented premises but also having regard to our slender resources, it is absolutely necessary that one should start construction work immediately and conserve our present resources.

We would therefore earnestly request you to kindly consider favourably our request and somehow arrange to include in the Budget for 1948-49 the sanctioned amount of Rs.30,000/- so that we may be enabled to start the school building construction at once.

As the matter is very urgent we appeal to you to kindly give your immediate consideration to our request.

Thanking you,

Yours faithfully,

T. S. Tirumurti

They have built the Sri Ramakrishna Mission Boys' School at Thyagarayanagar and the Thyagaraya Chetty Secondary school in Tondiarpet recently and the National Secondary school Buildings, Triplicane. The firm has a well-established reputation for efficiency and punctuality. In our case as the Government have sanctioned only a very small sum of Rs.30,000 on our estimated cost of Rs.1,40,000 we are obliged to go to the public for raising the necessary funds for the construction of our school building. The public and the intending donors will naturally look to the credentials of the contractors to whom we entrust the work before making their contributions. The name of Messrs. Gannon Dunkerley & Co. (Madras) Ltd., is a sure guarantee for the public and the Donors as they are a well-known firm of repute in Madras who can be relied upon for efficient and speedy execution of work and prompt delivery of goods.

The difference between the lowest tenderer and Messrs. Gannon and Dunkerley (Madras) Ltd., is only Rs.3,874 on a total amount of Rs.1.74 lakhs and hence negligible. The lowest tenderer seems to be a new firm and we have no knowledge of their capacity of capabilities. Apart from this as already stated the difference is very small and we do not therefore hesitate to select the one in whom we have the greatest confidence.

We are arranging for the commencement of the works early in March with a view to render the building available for occupation just in time on the reopening of the school after the summer recess.

Submitted to the Director of Public Instruction, Madras with reference to his Proceedings Rc.No.993 D2/47 dated 28th January 1948.

2. The tenders were opened in my presence on 16.2.1947 and there were present representatives of Firms Nos.1 and 3 mentioned in the Correspondent's letter to the Director dated 19th February 1948. Messrs. Gannon Dunkerley & Co. was not represented. The Correspondent and Dr. T.S. Tirumurti were also present.

3. I scrutinized the figures and although I know the lowest tenderer, the Madras Commercial Corporation Ltd., Mount Road, it struck me that No.2. would be the best agency to do the work, the difference in the estimate being negligible. I expressed no view, however, and the Managing Committee have happily chosen the same Contractors. I am told the foundation of the building is to be laid on 12-3-48. I recommend that the choice made may be allowed to stand.

Building grants to aided secondary ~~[illegible]~~ schools
Part II Scheme for 1948-1949.

Grants towards the cost of construction of buildings and acquisition of land for school, hostel, or playground for secondary schools under private managements are sanctioned and disbursed in accordance with the rules in Chapter VIII of the Grant in Aid Code. ~~Under these schemes the D.P.I. maintains a list of schemes approved from a technical point of view.~~ Under ~~these schemes~~ rule 53-A, the D.P.I. maintains a list of schemes approved from a technical point of view. The inclusion of a scheme in the list implies no sort of liability on the part of Government for making a grant though managements will not be precluded from applying for a grant in respect of the scheme in the approved list after the buildings are completed. The Director recommends for the consideration of Government every year such new schemes out of the list for which provision should be made in the next year's budget. Provision is made in Part I for schemes for which a portion of the grant has already been paid and in Part II for new schemes.

pp 7-10 of R.K No 40

2. Building grants 1948-9 : Part I. Having regard to the progress made in the execution of the building schemes, the Director recommends that a provision of Rs. 50,000/ may be made for four part paid schemes No.1,8,9 & 13 in the list on 4 cf. In regard to scheme No. 21, construction of a separate block for girls in the High school, Srirangam, the Director recommended an additional grant of Rs. 3314, but the recommendation was not accepted. Vide Memo 57628 /47-B1. dated 24-9-47. The provision recommended for the other four schemes i.e. Rs 50000/ may be included in Part I of the estimates.

## Part II Scheme for 1948-9.

### Building Grants to Aided Secondary Schools.

----

In the circumstances stated by E.& P.H. on pp.1-2 above, their proposal at 'X' on p.2 above may be agreed to in Finance. E.& P.H. may, however, prepare the necessary note on the Part II Scheme after obtaining orders in circulation including H.M.(Finance) and ~~H.P.M.~~ Hon'ble the Premier. (~~H.P.M.~~ Hon'ble Premier wishes to see all proposals relating to expenditure on buildings which are considered essential).

R 21.11.47

x H.P.M. referred to Govt buildings, but the principle will apply to Govt grants for buildings also. but see below. R 21.11.47

The buildings for which grants are proposed on pp1-2 above are all now under construction and there is therefore no question of postponing the construction with refce to high cost of labour & materials. The only point is whether the Govt will provide for the payment of ~~the~~ grants for them in the next year's budget (Part II) This will be decided in due course. In the circumstances, it does not seem necessary to insist on circulation to ~~H.P.M.~~ the Hon'ble the Premier in this case at this stage. ~~H.P.M.~~ Circulation to H.M. Fin. will probably be made as in the case of Part II schemes generally.

What about the applicability of the present maximum limit of grant in the case of scheme No 5 on page 2 of the draft note. I think we have taken orders ~~that the limit~~ in a similar case that the limit should be applied even though the sanction order for inclusion in the approved list mentioned a higher maximum.

9.12.47

The scheme for the construction of a building for the Muzharul Uloom High School, Ambur, was included in the approved list and the govt grant for which the institution would be eligible was fixed at Rs 75,400. - Vide para 3 of Memo no 3818/47 31-2 Edn of 7.3.47 - ~~There are no~~ and also the notes on pages 3 & 4 N.F. of (A). There are no orders that the maximum grant for ~~[illegible]~~ this scheme should be limited to Rs 30.000. In the case in the linked file referred to in my note at 'A' above, the question was raised whether in the case

of Hindu College, Masulipatam and Pachaiyappas College, Madras for which equipment grants not exceeding Rs. ~~28,766~~ 22,786 and Rs.27,70 (half of the estimated cost) were included in the approved lis should be reduced in view of the recent proposal to limit ~~the~~ the grants maximum grants ~~to a fixed amount~~ so as to enable a larger numbe of Colleges to be benefitted by the scheme of Grant-in-Aid. The reduction of grant to the maximum limit ~~under consideration~~ of Rs 10000 equipment gra was approved ~~by~~in circulation. Please see the note on page 4 N.F. in the linked file.

2. The proposal ~~is~~ also under consideration is to restrict the building grant payable to each type of institution ~~is~~ as in para 3 of the note for the Standin Finance Committee at ~~(2)~~ (R). The whole scheme including the proposal is to be considered first by the Standing Finance Committee of the Cabinet.

The present case ~~however~~ relates to a building grant. The management of the Muzharul Uloom High School, Ambur, has been told that Govt. have no objection to its proceeding with the construction of the building for the School after inviting tenders. The estimated cost of the building has been fixed at Rs. 1,50,800/- rendering the management eligible for a grant ~~not exceeding~~ of Rs. 75,400/-. The management was however told that the approval of the total estimated cost of construction by Govt. does not absolutely commit Govt. to the payment of half grant of the work. In the circumstances, it is for consideration whether the maximum grant payable to this institution should be limited to Rs. 40,000/- (one-third of the total cost being about Rs. 50,300/-) according to the proposal now under consideration or Rs 30000 as for the cases sanctioned in the G.O. at (V). It may be argued by the management that they have proceeded construction of the building on the assumption that they would be given the half grant of Rs. 75,400/-.

(B)

A

C

3. The case may be circulated to H.M.(Edn.) for orders whether the provision to be made in the B.E. for 1948-49 may be Rs. 75,400/- or only Rs 40,000/- according to the proposal now under consideration or Rs 30000/ as in the cases sanctioned in the G.O. at (V)

In view of 'A' above & the order at (B) there would have justification in thinking this, & so I think neither of these limits need be imposed in this case.

| | Total | 1,37,400 | 1,18,000 |

Grants towards the cost of construction of buildings and acquisition of land for school, hostel or playground for secondary schools under private managements are sanctioned and disbursed in accordance with the rules in chapter VIII of the Grant-in Aid Code. Under these rules, the Director of Public Instruction maintains a list of schemes approved from a technical point of view. ~~The inclusion of a scheme in the list implies no sort of liability on the part of government from making a grant though managements will not be precluded from applying for a grant in respect of the scheme in the approved list after the buildings are completed.~~ The Director recommends for the consideration of govt every year such new schemes out of the list for which provision should be made for payment of grants in the next year's budget ~~connection with Part II budget estimates~~.

2 Budget procedure requires that provision should be made in Part I for schemes for which a portion of the grant has already been paid or is likely to be paid before the end of the year preceding the budget year and in Part II for other schem

proposed for inclusion

3. A provision of Rs 50,000 has been made in Part I for four part paid schemes. The following are the new schemes for which provision has ~~[illegible]~~ been suggested in the next year's budget :-

(Items 7, 15, 16, 17, 18, 19, 20 in the list on p[illegible] vide pp. 3-4 & para 4 on p 2 refer)

| | Total estimated cost Rs | Maximum grant admissible Rs | Amount proposed to be provided for payment in 1948-9 Rs |

All the institutions mentioned above except ~~[illegible]~~ the St Francis Xavier's orphanage, Tanjore, and the Muzharul Uloom High School, Ambur, are institutions for girls for which ~~[illegible]~~ there they are no restrictions in regard to payment of building grants. The two excepted institutions were ~~specia~~ admitted to aid as a special case was made that grant was ~~essential~~ to those institutions. The grant in the latter case ~~has~~ (Mazharul Uloom High School Ambur) has been restricted to Rs 40000/

---

Provision for part payment of grants has been suggested in certain cases as only a part of the scheme is likely to be executed & the grant therefor is likely to be claimed in the next year.

4 The provision of Rs 13,500 for playgrounds is intended for the following schemes

| | Total estimated cost Rs | Grant admissible & provided for Rs |
|---|---|---|
| 1. R.C.T. High School, Chidambaram - Improvement to playground | 5000 | 2,500 |
| 2. Banadurai High School, Kumbakonam Purchase and improvement | 13625 | 6,813 |
| 3. Besant National Girls High School Mangalore - Purchase of site and improvement | 8430 | 4215 |
| | 27055 | 13528 |
| | or 27000 roundly | or 13500 roundly |

In all these cases the purchase & improvement of the sites is likely to be completed during 1948-9.

5. This Department recommend that provision

~~11~~ 10

of Rs ~~1,53,400~~ 1,18,000 be made in the next year's budget as shown in the summary at the top.

Reference:-G.O.No.Ms.771-Education dated 5.4.1948 regarding Grants--Buildings and Playgrounds--Non Government Secondary schools 1948-49--Sanctioned Maximum grant for Mazharul Uloom High School, Ambur.

(B). With reference to Government Memorandum No. 3818/47-B1-2 Education dated 8.3.1947, I presume that the maximum grant of Rs.40,000/- mentioned in Col.3 of the annexure to the G.O. quoted above for Mazharul Uloom High School, Ambur is an error for Rs. 75,400/- and that Rs.40,000/- provided for (in Col.4.) is only an advance.

Kindly let me know if my presumption is correct.
