Grants for the equipment of secondary schools under private management are sanctioned under the provisions of Chapter IX of the Grant-in-Aid Code. Schemes eligible for grants exceeding Rs. 2,500 are sanctioned by Government, for inclusion in the approved list; schemes eligible for a grant of Rs. 2,500 and less are sanctioned by the Director of Public Instruction but in the case of secondary schools for boys and training schools for masters, schemes for which the grant payable does not exceed Rs. 500 are sanctioned by the Divisional Inspectors of Schools. Applications accepted are included in an "Approved list". The grants are disbursed after the articles of equipment have been purchased and the necessary vouchers produced. The actual distribution of the amount provided each year for all schemes except those sanctioned by the Divisional Inspectors of Schools is authorized by the Director of Public Instruction with reference to the urgency of applications in the "Approved list". The amount required for disbursement of grants for the schemes sanctioned by Divisional Inspectors is placed at their disposal by the Director of Public Instruction and payment is authorized by them.

2. The following statement compares the amounts provided in the last three years and the provision proposed for the next year :—

	RS.
1945-46	44,800
1946-47	97,000
1947-48	1,20,200
1948-49	1,87,900

3. The total demand for grants in respect of equipment schemes for 1948-9 is Rs. 1,90,900. In view of the necessity to aid a large number of institutions, the Government have restricted the maximum grant payable for each equipment scheme to Rs. 5,000. Consequently the demand has been reduced to Rs. 1,87,900 as against Rs. 1,20,200 in 1947-8. The increase over the allotment made in 1947-8 is mainly due to the admission to aid of a large number of schemes for the purchase of equipment. This is inevitable as there has been a phenomenal increase in the number of secondary schools under private managements and a number of new schools are being opened every year to meet the demand for secondary education. The Director of Public Instruction proposes that provision may be made for the entire liability in the budget for 1948-9. This Department recommend the proposal.

Finance (B.E.II)

Part II Scheme for 1948-9.

Equipment grant to non-Government Secondary Schools under private management.	Non-recurring.	
	Ultimate cost	Cost in 1948-9
	Rs 1,87,900	Rs 1,87,900

The D.P.I. has recommended that a provision of Rs 1,90,900 may be made in Part II of the Budget for 1948-9 for grants towards equipment for Secondary Schools under private management. The E. & P.H. Department have examined the proposals on pp.1-2 above and have reduced the demand to be made in Part II to Rs 1,87,900. The grants proposed in this case are not for new objects but only for the normal running of the schools. As these grants are sanctioned every year after treating the proposals as Part II Schemes, the criteria laid down in G.O.No. 577, Fin., dated 1-8-47 restricting Part II Schemes for 1948-9 need not be applied in this case.

P.t.o.

The provision proposed for 1948-9 compares as shown below with that made in the previous years' budgets:-

Year	B.E. P. & P.H. Rs
1943-4	29,300
1944-5	49,900
1945-6	44,800
1946-7	97,000
1947-8	1,20,200
1948-9 (proposed)	1,87,900 (Part demand)

It will be seen from the above statement that the amount proposed for next year is much in excess of that provided in the previous years' budgets. In view of the need for restricting expenditure on new items for 1948-9, the E. & P.H. Department may be requested to consider whether the amount proposed for next year can be reduced to say, 1.50 lakhs. The reduction may be spread over the several applicants for grants with reference to the relative urgency of the purposes for which the grants have been asked for. Subject to this remark, the proposal of E. & P.H. may be accepted in Finance.

with reference to the suggestion of the Finance Dept at Z above, it is submitted that the number of secondary schools under private management is gradually increasing owing to the opening of new schools every year and it is not possible to restrict the expenditure to the amount sanctioned in previous years. ~~It is~~ This Dept has already restricted the maximum to Rs 5000 and if a further reduction is to be made as suggested by Finance, it will be necessary to cut the amount of grant admissible for each item further in consultation with

the D.P.D. It is for consideration whether this Dept. may possess for a provision of Rs 187900 being made in the B.E. for 1948-9.

The file may be circulated to HM (Eon) & HM (Fin) by 23.11.47

22/11/47

The High Schools have increased phenomenally in recent years. For every year they are increasing by nearly 200. We have stopped them the building/equipment grants also for many years and it is very necessary that our High Schools must have the wherewithal to impart proper instruction. In view of these circumstances, the grant for building and equipment to High Schools may be allowed. After all, it is not much when one knows that the total number of secondary, middle and high schools are in the whereabouts of nearly 1500 in the Province.

EDUCATION AND PUBLIC HEALTH DEPARTMENT.

PART II SCHEME FOR 1948-9.

[SUBJECT:—Equipment grants to secondary schools under private managements.]

Summary.

Head of account. (1)	Item of expenditure. (2)	Non-recurring.	
		Ultimate cost. (3) Rs.	Cost in 1948-9. (4) Rs.
37-g. Education—Secondary— Direct grants to non-Govern- ment secondary schools—A. General—4. Equipment.	Equipment grants to non- Government secondary schools.	1,87,900	1,87,900
Total ..		1,87,900	1,87,900

Grants for the equipment of secondary schools under private management are sanctioned under the provisions of Chapter IX of the Grant-in-Aid Code. Schemes eligible for grants exceeding Rs. 2,500 are sanctioned by Government, for inclusion in the approved list; schemes eligible for a grant of Rs. 2,500 and less are sanctioned by the Director of Public Instruction but in the case of secondary schools for boys and training schools for masters, schemes for which the grant payable does not exceed Rs. 500 are sanctioned by the Divisional Inspectors of Schools. Applications accepted are included in an "Approved list". The grants are disbursed after the articles of equipment have been purchased and the necessary vouchers produced. The actual distribution of the amount provided each year for all schemes except those sanctioned by the Divisional Inspectors of Schools is authorized by the Director of Public Instruction with reference to the urgency of applications in the "Approved list". The amount required for disbursement of grants for the schemes sanctioned by Divisional Inspectors is placed at their disposal by the Director of Public Instruction and payment is authorized by them.

2. The following statement compares the amounts provided in the last three years and the provision proposed for the next year:—

	RS.
1945-46	44,800
1946-47	97,000
1947-48	1,20,200
1948-49	1,87,900

3. The total demand for grants in respect of equipment schemes for 1948-9 is Rs. 1,90,900. In view of the necessity to aid a large number of institutions, the Government have restricted the maximum grant payable for each equipment scheme to Rs. 5,000. Consequently the demand has been reduced to Rs. 1,87,900 as against Rs. 1,20,200 in 1947-8. The increase over the allotment made in 1947-8 is mainly due to the admission to aid of a large number of schemes for the purchase of equipment. This is inevitable as there has been a phenomenal increase in the number of secondary schools under private managements and a number of new schools are being opened every year to meet the demand for secondary education. The Director of Public Instruction proposes that provision may be made for the entire liability in the budget for 1948-9. This Department recommend the proposal.
