To

The Hon'ble Minister for Education
Government of Madras
Fort Saint George, Madras

23 SEP 1948

MADRAS

38857

Government are aware that even now very few Harijans get admission for Teachers' Training in the Secondary Grade. This is chiefly due to the existing hard Rules. Harijan Candidates who fail in one or two subjects in the S.S.L.C. examination may be allowed to be selected in the Secondary Grade.

(2) As Harijan students find it very difficult to get admissions either in High Schools and Colleges a reasonable percentage of seats may kindly be reserved in all High Schools and Colleges for Harijan students.

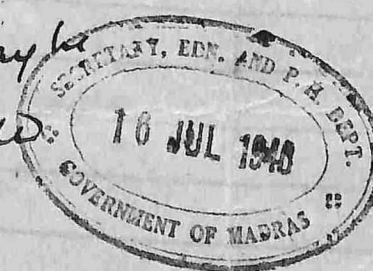

(3) A Harijan student failing once in any class is now allowed to continue fee concessions. Existing circumstances provide a strong case for extending this concession. We, therefore, request Government to be pleased to allow the fee concessions at least for two years if a Harijan student fails in the same class.

To Secy E + P. H.

then proposals may be
examined and reported.

Sir,
Sub:- Madras Educational Rules - Educational concessions to
Harijan students.

Ref:- Government Edn. No. 38857 B1/46 Edn., dated 27-9-46.

I have the honour to resubmit the representation received along
with the endorsement cited above and to state as follows.

2) Three points are raised in the representation.

- i) Lowering the educational qualification for admission to
secondary grade training, ^{seats}
- ii) Reservation of ^{seats} in educational institutions, and
- iii) Grant of concession under Rule 92 of the Madras Educational
Rules to students who may fail in a class.

3) Of these, the first does not deserve to be entertained.
There are two issues (i) to provide the state with a supply of
ADEQUATELY QUALIFIED TEACHERS and (ii) to ^{help} Harijans to obtain a
large number of teaching posts. Both are equally important and one
should not be sacrificed for the other. However much it may benefit
a few individual Harijans, if the educational requirements are not
insisted upon it will be a national calamity and a sacrifice of the
innocent children, if this is done. To be taught badly by an ill-
qualified Harijan rather than well by a qualified non-Harijan, so that
the former might make a few more rupees, is no consolation for children
whose future is thus being marred. It is the duty of the state to
see that adequate steps are taken to help the handicapped Harijans
to acquit themselves well in the school so that they would be selected
for the teaching profession.

ii) As regards the principle of reservation of ^{seats} for Hari-
jans a proposal was already submitted by me in my letter Rc. 6027 E4/46
dated 6-3-47.

iii) Seeing that the Educational Cultural and Political back-
ground of the vast majority of the Harijans, a further
relaxation of rule 92 e(i) Madras Educational Rules may be agreed
to in the following directions.

- (a) The concessions may also be enjoyed for a third year
of study in succession in one class in any of the six forms.
- (b) The concession may be retained for a second year in
the three classes in the six forms.

While these concessions will go a long way to satisfy the
Harijans, it will not mean in actual practice much additional
expenditure, since the boy will realise very soon in his career
that education and he don't agree and that they may part. It will
mean, at the worst, a stay of 4 additional years over and above six
years in the form classes (i.e.) 10 years in all (i.e.) such a boy will
be 20 years old before he sits for the S.S.L.C. and qualifies himself
for the eligibility certificate.

C. Leckie

I have the honour to state that I have recommended in my
letter J.No. 1882-E4/47 dated 11.8.1947 that full-fee concessions
may be granted under rule 92 of the M.E.R. to all Harijan students
in High Schools. With reference to the Government Memorandum
referred to above, I submit that further concessions in deserving
cases can be given in the shape of Book-allowance, Boarding and
Lodging grants and special scholarships to give them encouragement
to take to education for a limited period of about ten years after
which they may be withdrawn.

Sir,

Madras Educational Rules - Educational Concessions
to Harijan Students -

Reference your letter to the Hon'ble Minister for
Education d. 15th July 1946

I am directed to state that the Govt have
carefully considered the three points raised in the
representation cited above and have decided that
the existing position may continue for the reasons
given below: -

(1) Lowering the educational qualifications for
admission to the secondary grade training

The Govt consider that this should not be
done as the efficiency of teaching will suffer
and the future of innocent children will be marred.

(2) Reservation of seats for Harijans in Schools +
Colleges

para 2 on
p. 127

Orders have already been issued reserving
10 percent of the seats in all secondary and
training schools and Govt Arts + Training Colleges
and the Law College Madras

(3) Continuance of fee concessions at least for
two years to Harijan students who fail in the
same class.

K. 27f

The question of granting full fee remissions
to all Harijan pupils in secondary schools
and of permitting them to retain the fee
concession for two years in one class during
the course of studies from Form I to Form VI
once during his studies from Form I to Form
III and for another time during his studies from
Form IV to Form VI is under the consideration of
Govt. no further concessions are considered
necessary

S. J. S. J.

Madras Educational Rules - Educational concession to Harijan students.

Please see the representation from the Harijan M.L.A.'s on page 1 of. and the remarks of the D.P.I. pages 3-4 of.

The three points raised in the representation are briefly noted on below:-

(1) Lowering the Educational qualifications for admission to the secondary grade training.

The D.P.I. is of the opinion that this should not be done as the efficiency of teaching will suffer and the future of innocent children will be marred. He says that adequate steps should be taken to help the handicapped Harijans to acquit themselves well in the school so that they might be selected for the teaching profession. For this purpose, he suggests that in addition to fee concessions, further concessions in deserving cases can be given in the shape of an allowance for books, boarding and lodging and special scholarships for a period of about ten years to encourage them to take to education and then the concession may be withdrawn. The Director's recommendation practically amounts to Govt. ~~meeting~~ the entire cost of education of Harijans. It is for consideration whether in the present financial stringency, the concessions proposed by the D.P.I. should be allowed. If so he may asked to furnish an approximate estimate of cost involved in giving effect to his recommendations.

2. Reservation of seats for Harijans in Schools and Colleges :

Orders have been issued reserving 10 p.c. of seats in ~~educational institutions for Harijans~~ all secondary and training schools and Govt. Arts and Training colleges and the New College.

not published.

A. will refer to
the 2nd the request
of Govt. of
the Government

The grant of educational concessions to Harijan pupils

fail in a class is governed by Rule 92 (e) of the M.E. Rules which runs as follows:-

" The concessions shall be withheld from a pupil who remains for more than one year in the and the same class or form, provided that, if the pupil belongs to one of the Scheduled classes, he may retain the concession for a second year also in two classes during the entire period of his secondary school course (viz.) from the first class to the Sixth Form; this concession shall be withdrawn only if he fails to secure a pass even at the end of the second year"

The M.L.A. requests that a Harijan student may be allowed fee concession at least for two years if he fails in the same class. The D.P.I. recommends that Rule 92 (e) (i) may be further relaxed so that

- (a) the concessions may also be enjoyed for a third year of study in succession in one class in any of the six forms
- (b) The concession may be retained for a second year in the three classes in the sixth forms.

If the D. P.I.s. proposal at 'A' above is accepted a student can enjoy educational concessions for eight years for a course of study in six classes - Form I to VI. If the proposal at 'B' is accepted a student can enjoy the educational concessions for 9 years in a course of study of six classes - Form I to VI.

As the rules stand at present a Harijan student can remain only in two classes for more than one year or in other words he should complete the eleven years course in 13 years. Recently at the suggestion of H.M. (R.D.) the Govt. decided to ^{grant} ~~extend~~ the full fee concession to all Harijan pupils in secondary schools also and to admit two failures in their case during the course of studies from I Form to VI Form. ^{Thus the} Harijan pupils ^{will be} permitted to remain for two years in one class during his studies from I Form to III Form and for two years in one class during his studies from IV to VI Form.

The proposal is to be placed before the S.F.C. and the cabinet.
In view of the fact that the decision has been

P.T.O.

been arrived at granting additional concessions to the Harijan pupils as set out at 'K' above, no further action seems to be necessary.
