EXPLANATORY NOTE

The question of opening a hostel for the Government Training School for Masters, Dindigul was examined last year, but it was decided that the scheme might be brought forward as a Part II scheme for 1948-49. The Director has accordingly forwarded proposals for the opening of the hostel. In that connection, he has stated as follows:-

"The Divisional Inspector of Schools, Coimbatore reports that the boarding and lodging facilities available in Dindigul are not satisfactory and that the pupil teachers of the Government Training School for Masters, Dindigul find it extremely difficult to get suitable accommodation for lodging and proper boarding facilities. This state of affairs it is reported, have prevented many students from seeking admission for training in the school. Further the existing conditions are not conducive to the health of the pupil teachers or their studies. The opening of a hostel is necessary in the interest of efficiency of instruction, of discipline and health of the students."

This department accepts the proposals of the Director and recommends that provision may be made in the Budget Estimate for 1948-49 as shown in the summary at the top.

The same scheme was originally proposed to be introduced in the current year (1947-48) but it was decided in circulation that this may be considered as a Part II Scheme for 1948-49. Since then the criteria for the introduction of Part II estimates have been issued in G.O. 577 in B. 1.8.47. According to the instructions laid down therein, only (a) Schemes included in the five year programme of post-war development schemes or schemes that can be treated as modifications of such schemes (b) Grow More Food Scheme, (c) Schemes that are fully remunerative and (d) Schemes that are imperative and immediately essential for the proper running of the dept can be introduced as Part II Schemes. E.P.H. department state that the scheme can be considered to be one in furtherance of the scheme for the training of additional teachers included in the Post-war Five Year Plan (Scheme No. 34) and can therefore be as much it may be considered as a Part II scheme. However it may be stated that though the training of teachers is included in the Post-war Five Year Plan, the opening of hotels does not seem to be so very imperative and immediately essential for the proper running of the institutions. Further the proposal does not seem to satisfy any one of the criteria mentioned at K above. This department may therefore suggest that the proposal may be deferred.

The order of the Finance Dept.

at pp 1-2 ante may be pressed. As already noted on p 1 ante the need for the opening of the hostel has already been accepted. - Vide A on p 4 nf and the order in circulation at p 5 nf. (X) laid down last year. The criteria for part II Schemes for 1947-48 was the same as that mentioned at K on the previous page. Please see the instructions issued in the Finance D.O. note No. 543031B-1 of 9.8.46. at (d). It would therefore seem that what was worth proposing as a Part II Scheme last year would continue to be so as the instructions re. the preparation of Part II Schemes have remained unchanged. In the circumstances it is for orders whether the proposal may be pressed and as to order.

27/10/47.

The need for the hostel has been fully explained by the B.P.D. in his letter of 11.1.47. Cf. The want for a good hostel for the only kept student away from the school and even those who have found no lodging. In the interest of efficiency of instruction, of discipline and the health of the students the proposal may be pressed for orders as to circulation.
