ENCLOSURES

Sir,

SUB: ENGINEERING COLLEGE, Anantapur at Guindy - Shifting of the
College to Anantapur - incurring of expenditure on
contingencies by the Principal of the Government Arts
College, Anantapur - Authorization for - grant of a
temporary advance - Requested.

SPARE COPIES 2 info

The Principal, College of Engineering, Guindy has reported
in his letter D.O.No.10/48 dated 21.3.48 (copy enclosed) that in
connection with the shifting of the Anantapur Engineering College
to Anantapur, it will be necessary to incur at Anantapur a fairly
large expenditure from contingencies towards the payment of the
charges for unloading the consignments of goods at the Railway station
and transporting them to the Dehydration Factory buildings where
the College is to be located. Some temporary arrangement has to
be made to attend to these disbursements until such time as the
Principal of the Engineering College is appointed and assumes
charge. I therefore request that Government may kindly authorize
the Principal, Government Arts College, Anantapur to incur
expenditure to the extent necessary under the head "37(d)E.(ii)
Other charges - Voted - Other contingencies" from out of a
temporary advance to be placed at his disposal for the purpose.

2. The Principal, Engineering College, Guindy has suggested
that a sum of Rs.5000/- be placed at the disposal of the Principal,
Government Arts College, Anantapur to meet the expenditure. As
the expenditure will be spread over three or four months from now,
it is not necessary to place this sum with the Principal in full
advance and it will suffice if a temporary advance of Rs.1000/-
(Rs. One thousand only) is sanctioned and the Principal of the
Government Arts College, Anantapur is authorised to recoup
periodically the expenditure incurred by drawing contingent bills
under the head of account relating to the Engineering College.
The temporary advance will be refunded into the Public account
as soon as the movement of all the goods to Anantapur is completed.
As there is no provision for this item of expenditure in the budget
estimate for 48-49, I shall apply to Government for the necessary
additional funds in due course.

3. In the circumstances stated, I request that Government
may kindly (i) authorize the Principal, Government Arts College,
Anantapur to incur the necessary contingent expenditure in
connection with the shifting of the Engineering College and (ii)
grant to him, under Article 99 Madras Financial Code, Volume I,
a temporary advance of Rs.1000/- (Rs. One thousand only) to meet
the expenditure and also permit him to recoup periodically the
expenditure incurred from out of the advance.

4. As regards the transfer of the members of the staff,

P.T.O.

Page 473 4th
book hkh

staff, the Principal will be permitted to send them to Anantapur as and when required.

5. I request the early orders of Government on this letter.

for DIRECTOR OF PUBLIC INSTRUCTION.

COPY OF:
D.O.No.10/48 from dated 21-3-48 from The Principal, College of Engineering, Guindy to The Director of Public Instruction, Madras.

Sub: Shifting of the Anantapur Engineering College now at Guindy to Anantapur.

Since Sri S. Anantakrishnan went to Calcutta, machinery purchased from the military surplus stores is being received at the College at a rapid rate and even now difficulty is being experienced in storing the cases of machinery that have arrived. Many more cases of machinery are expected in the near future. The machinery has to be despatched to Anantapur and erected in the Dehydration Factory there. Other equipment has been purchased for the Anantapur College through the usual trade channels and this also has to be despatched to Anantapur and erected there.

It is therefore necessary to send the staff of the Anantapur College to Anantapur early in April to attend to the receipt, storage and erection of the equipment sent to Anantapur. Some staff will have to be retained here to attend to the receipt and despatch of equipment received here and for manufacture of a large number of auxiliaries needed by the Anantapur College in the Guindy College Workshop. The transfer of the staff to Anantapur will be gradual and will be made as and when necessary, keeping in view the work to be done at Anantapur as well as at Guindy. I request that I may be permitted to send the Anantapur College staff to Anantapur as and when required.

There are only two Gazetted members of staff for the Anantapur College at present. One of them, Mr. S. Anantakrishnan has gone to Calcutta. It is very necessary that he should remain in Calcutta till all the equipment ordered from the Disposals has been despatched. It may take him about a month to complete their despatch, and he cannot therefore be sent to Anantapur for some time. The other Gazetted Officer is Mr. S. Srinivasan. He has to remain at Guindy to assist me and supervise the manufacture of auxiliaries needed for the Anantapur College.

Thus, all the members of staff who can be sent to Anantapur until about the end of April, would be non-gazetted. A lot of expenditure has to be incurred from Contingencies for payment of charges for unloading the goods at the Anantapur Railway Station and transporting them to the Dehydration Factory. A Gazetted Officer is necessary for making payments on these accounts. I therefore request that the Principal of the Government Arts College, Anantapur may be authorised to meet the expenditure and make adjustments afterwards. All goods will be sent to Anantapur 'freight-paid' and the Principal will only have to meet the expenditure for unloading and transporting. The total amount on these accounts will be pretty large as a large number of heavy cases will be sent to Anantapur. I therefore suggest that a sum of Rs.5000/- may be placed at the disposal of the Principal of the Government Arts College, Anantapur.

All the goods sent for the Anantapur College will be addressed to the Principal, Government Arts College, Anantapur. The unloading and transport of the goods will be attended to by the staff of the Anantapur Engineering College. All that the Principal has to do is to make the necessary payments.

I request that early orders may please be passed on the request contained in this letter.
