SIR,
Sub: Madras Educational Rules - Rule 89(c) Special fees collection
of Government Arts College, Coimbatore from students taking
Geography as a subject of study.

.....
I have the honour to state that the University of Madras
are of the opinion that Geography is a Science subject. In view of
this, the Principal of the Government Arts College, Coimbatore desires
to know whether the science fee levied from the students studying
other science subjects, has to be levied from students taking up Geo-
graphy also. In the circumstances I request you to let me know whether
it would be necessary to collect science fees from students taking up
Geography subject. Though it is true that the provision of equipment
for this subject involves ~~relating~~ more expenditure than for other
arts subjects the levy of a science fee need not be insisted upon as
no laboratory is required.

levy of special fees for geography -
proposal regarding.
Ref: Government Memorandum No. 93357-2/47-A
Education, dated 16-1-1948.

With reference to the above Government Memorandum I have the honour to suggest that an amount of Rs. 5 per annum from students taking up geography as a subject of study in the Intermediate class and an amount of Rs. 10/- per annum from students taking up Geography as a subject of study for Part III of the B.A. degree exam. may be levied as special fees for Geography. If this proposal is accepted by Government, I shall submit necessary amendments to the Madras Educational Rules. I also suggest that effect may be given to the order for the levy of the above special fees from the next academic year (1948-49).

Finance (Accounts A).

It is stated that provision of equipment for the Geography subject does involve more expenditure than for other Arts subjects. This is sufficient justification to levy a science fee on students taking up Geography as a special subject in colleges, and

There seems ^{to be} no case for exempting the Geography students from the payment of science fee. Finance may accordingly advise against the proposal of Education and Public Health, and suggest that science ~~being~~ fee may be levied from students who take up Geography ~~subject~~ as a special subject in colleges.

2. If Education and Public Health wish to press the proposal, they may be requested to take orders in circulation including H.M. (Finance).

By Dr. 5/1/48
If science fee is considered to be high, a fee suitable to cover the extra expenditure involved in providing the special equipment required for instruction in Geography may be fixed in consultation with the D.P.D. H.M. (Finance) may see if S.P.H. wish to
