37 (h) Education - Secondary - Grants to Local Bodies for Secondary Education - A. Ordinary Areas - (h) A.2. Buildings.

80332 Scheme No. 1 has been deferred by Government. As regards scheme No. 2 it is reported that the District Board addressed the Government for change of contractor and for treating the remaining portion of the work as a new scheme. This scheme is not likely to come up for payment in 1947-48 or 1948-49. Scheme No. 4 has been deferred by the District Board till the cost of materials and labour come down appreciably. No provision is therefore required on this scheme also.

The outstanding liabilities in respect of schemes Nos. 5 to 9 are expected to stand at Rs. 34,920/- or Rs. 34,900/- and they are made up of Rs. 26,100/- relating to part paid schemes and Rs. 8,800/- relating to new schemes. The following provisions are proposed in the Budget Estimate for 1948-49 in respect of these schemes:

Part I	Rs. 16,000/-
Part II	Rs. 4,000/-

2. As the Board Moyan Girls' High School, Palghat, is in urgent need of additional accommodation, the District Board, Malabar propose to construct a tiled shed (92'x21') with 6' verandah in front of it. The plans and estimates for Rs.9600/- in respect of this scheme have already been accorded administrative approval in Director's Proceedings Rc.No.207-G2/47, dated 22-5-1947.

12/2/48
3. In this letter under reference, the Special Officer requests payment of half-grant (Rs.4800/-) as subsidy towards this scheme on the ground that the financial position of the Board does not permit it to do anything substantial without Government aid.

4. Since there is a pressing need for the proposed construction and since this is a girls' institution it is recommended that the request of the Special Officer for half-grant (Rs.4800/-) may be considered. I am accordingly suggesting necessary provision in connection with Part II of Budget Estimate for 48-49.

The accommodation in almost all board secondary schools is inadequate
and unsuitable. The financial position of the board does not permit it to
do anything substantial without Government aid. I therefore, request that
you may be pleased to recommend to Government subsidy not exceeding one
half of the cost of construction of the buildings for the following works.

Sir,

Grants-Board high schools-Salem District Board -1948-49
application.

I enclose herewith an application in the prescribed form received from the Divisional Engineer (Highways) Salem for half grant for the construction of Retiring rooms and latrine to three high schools in the Salem South Division in the year 1948-49 for favour of early sanction.

X The resolution of the District Board agreeing to meet one half of the cost of works will be obtained and sent soon.

The three estimates for the works have been duly revised as instructions of the consulting Architect to the Government of Madras as required by the Director in his proceedings No. 560 G-46 dated 5-11-47. The Divisional Engineer (Highways) Salem also reports that in respect of the estimate for the construction of retiring room for girls in the Board high school Tiruchengode and Namakkal, he has effected some

alteration in wood work doors and windows (ie) instead of double collars, single collar with tie rod $\frac{1}{2}$ " diameter at 10'-0" apart are provided and also teak wood is replaced by Pillamarudu wood. The several sections for scantlings are safe. The soil is also safe to carry the weight.

B
As serious remarks threatening withdrawal of the recognition of the schools are passed by the inspecting officers if these amenities are not provided, I request that this may be treated as a special case and the grant applied for may be sanctioned.

The application for grant in respect of the schools in the Salem North Division will be sent soon after its receipt.

2. As the number of girls on rolls in the Board High schools Tiruchengode and Namakkal warrants the provision of separate retiring rooms for girls, the Special Officer, Dt.Board, Salem proposes to construct a retiring room in each of the said High schools. The plans of the proposed construction and the connected estimates for Rs.4,100 and Rs.3,465 respectively have already been accorded administrative approval in Director's Proceedings Rc.560-G2/46 dated 5-7-1947.

3. Subsequent to Director's approval the Special Officer, has again effected some more alterations in wood work doors etc. in the estimates and consequently the cost of the estimates has been revised as Rs.4230/- and Rs.3810/- respectively. In his letter under reference the Special Officer requests the payment of half grant (Rs.2115 and 1905 respectively) as subsidy towards these schemes.

4. The Administration report of Salem District Board for 1945-46 shows that the financial condition of the Dt.Board is very unsatisfactory and as such it is naturally in need of help from provincial funds to carry out these schemes. As these schemes relate to the construction of retiring rooms for girls, it is recommended that they may be taken

From Deputy
 The Director of Public Instruction, Madras (Finance)
 To The Assistant Secretary to the Govt. of Madras,
 Education and Public Health Department,
 Fort St. George, M a d r a s.

Reference (Postcopy) of Telephonic message dated
 6.10.1947 of Government regarding subsidy--Board High
 Schools, Tiruchengode, Namakkal and Rasipuram--construction
 of retiring rooms and latrines for girls.

The plans and estimates in respect of the three
 schemes under reference were originally sent to Consulting
 Architect to Government for his remarks and according to his
 remarks received in this office. Plans and estimates in respect
 of Board High School, Tiruchengode and Namakkal were returned to
 the Special Officer, District Board, Salem duly approved while
 those of Rasipuram were required to be revised and retransmitted
 in the light of the remarks of the Consulting Architect.
 Accordingly, the Special Officer revised the plans and estimates of
 Board High School, Rasipuram and sent them back to Director
 along with those of Board High School, Tiruchengode and Namakkal.
 The plans and estimates of Rasipuram Board High School have been
 sent to Consulting Architect to Government for his final remarks.
 Since the amount of the estimates of this school, could not be
 fixed without obtaining the final remarks of the Consulting
 Architect the Director could not accord his approval to the
 plans and estimates nor could grant be recommended in respect of
 this scheme. Hence grant was recommended only in respect of Board
 High School, Tiruchengode and Namakkal the original plans and
 estimates of which have already been approved by the Director.
 Pending the scrutiny of Consulting Architect of plans and
 estimates relating to the construction of a septic tank and
 urinal for girls in Board High School, Rasipuram, Government
 provide in the Budget Estimate 1948-49 and half the cost of
 scheme as given in the application of the Special Officer.

Subsidy - Building - District Board Malabar - Board Moyan Girls' High School Palghat - Construction of a tiled shed - Application for subsidy in 1948-9 (Part II Scheme).

From the Special Officer District Board Malabar Ref. A.3.

12220/46 B 2.8.47

From the DPJ Ref. 207 - 92/47 B 4.9.47

The Special Officer Malabar District Board has applied for a subsidy of Rs 4,800 towards one half of the cost of constructing a tiled shed in the Board Moyan Girls' High School, Palghat, estimated at Rs 9,600. The DPJ recommends the application for consideration as a Part II scheme for 1948-9 as the school is in urgent need of additional accommodation.

2. Being a high school for girls, the restriction in G.O. 1915 Eon of 9.12.41 in regard to building grants to secondary schools will not apply. The DPJ's recommendation may be accepted.

3. The remarks of L.A. may be invited as to whether the financial position of the District Board will permit the incurring of an expenditure of Rs 4,800 from its funds on the construction of the shed without raising a loan and if not whether the D. Bd can meet the annuity of a loan of Rs 4,800 (required) to meet its share of the cost. The D. Bd will have to be asked whether it is willing to take a loan of Rs 4,800 in case the capital expenditure cannot be met out of ordinary revenue.

Part II Scheme for 1948-9.
Subsidy to Salem District Board towards the construction of retiring rooms and latrines in certain girls' High Schools.

Please see the notes of E & P. H. and L. A. on pp. 1-2 above. Finance may agree to the inclusion in the consolidated

list of Part II building grants for 1948-9 (Part II Scheme) of half grant not exceeding Rs. 4950 to the Salem District Board towards the cost of constructing retiring rooms and latrines in certain the Board High Schools for girls at Tiruchengode, Namakkal and Rasipuram. The Scheme may be classed as essential and urgent in view of B on page 2 C.F.

In regard to Part building schemes, the present policy is to defer them, in view of the high cost of labour, materials etc. Prima facie, the same procedure should be followed in respect of local bodies' schemes also. The Dist Board, Salem, may be advised to put up some temporary structures only for the present. If E & P. H. desire that the present scheme should be passed, they may take orders in circulation, including H.H. 2 and also HPM, as HPM wishes to see all cases with proposals for extra buildings.

Subsidies - Local bodies - Buildings and Playgrounds for Secondary Schools - Part II Scheme for 1948 - 9.

According to the procedure prescribed for the preparation of the budget estimates under 37 h. Education. Secondary - Grants to local bodies for secondary Education - Buildings and Play grounds - provision is made in Part I for schemes in respect of which a portion of the subsidy has been paid/is likely to be paid before the end of the year preceding the budget year and for other schemes in Part II.

2. Buildings.

Part I: The scheme for the construction of building for the Municipal high school is the only scheme under execution for which provision will have to be made in Part I in the B.E. for 1948-49. The D.P.I. recommends that a provision of Rs. 16000 may be made for this against the anticipated outstanding liability of Rs. 26100 on 1-4-48. The Directors' recommendation may be accepted.

PART II: Application has been made for the payment of subsidies in 1948 -49 equal to one-half of the estimated cost in respect of the following new works.

	Estimated Cost.	Half grant admissible.
1) Board Moyan Girls' High School Palghat - Construction of a tiled shed	9,600	4,800
2) Board High School Tiruchangode construction of retiring room for girls	4,230	2,115
3) Board High School Namakkal construction of retiring room for girls.	3,810	1,905
4) Board High School Rasipuram- Construction of a septic tank and latrine for girls.	1,850	925
	19,490	9,745

All the four are girls' schools and the restrictions imposed in G.O.No. 1915 Education dated 9-12-41 will not apply in those cases. The works are also small works and the amount of subsidy payable is within the limit proposed to be fixed. Finance have agreed to item 1 being put forward as a Part II Scheme for 1948-49. The Director has left out item (4) in his list but he

recommended on the application of the Salem District Board that a subsidy towards one half of the cost may be made for this also.

The connected file has been sent to Finance. A provision of Rs. 5000 may be made for payment for the four schemes under Part II. *as against Rs 4000 suggested by the D.P.I.*
~~The last scheme can be completed & the grant claimed in 1948-9.~~

Loan: The Municipal Council, Palghat, has applied for a loan of Rs. 8750 towards one-half of the cost construction of additional wings in the Municipal High School. The D.P.I. has recommended that the loan may be sanctioned if the Municipal Council cannot meet the entire cost from its funds. The file has been sent to L.A. for noting on the councils' ability to meet the expenditure from its general funds and the necessity for taking a loan. They have issued a reference to the Commissioner in the matter ~~this~~ and his reply is awaited. Necessary provision may be made ~~on~~ receipt of Commissioner's reply.

3 Play Grounds: The Director has recommended that a provision of Rs. 4000 may be made in Part I for the scheme for the acquisition of lands for playground for the Achuthan girls High School and that no provision need be made under Part II as no new schemes are ready for consideration. The Directors' recommendation may be accepted.

The remarks of Finance may be invited U.O.

Part 11 scheme for 1948-9

(Subject - Subsidies to local bodies for the construction of buildings in secondary schools)

Summary

Head of account	Item of expenditure	Nonrecurring	
		Ultimate cost	Cost in 1948-9
		Rs	Rs
37 h. Education - Secondary-Grants to local bodies for secondary education A Ordinary Areas -2-Buildings -	Subsidies towards the cost of construction of buildings in certain board secondary schools	9,750	5,000

According to the procedure for the preparation of the budget estimates under this head, provision is made in Part I for schemes in respect of which a portion of the subsidy has been paid or is likely to be paid before the end of the year preceding the budget year and for new schemes in part II. There is only one part-paid scheme and the outstanding liability in respect of this scheme on 1-4-48 will be Rs 26,100. A provision of Rs 16,000 has been made for this in the Part I estimate as recommended by the D.P.I.

2. The D.P.I. has recommended the grant of subsidy equal to one-half of the cost of the undermentioned schemes:-

Description of scheme	Total estimated cost		Subsidy admissible
	Rs	Rs	
1. Board Moyan Girls High School Palghat - Construction of a tiled shed	9,600	4,800	
2. Board High school, Tiruchengode - Construction of a retiring room for girls	4,230	2,115	
3. Board High school, Namakkal - Construction of a retiring room for girls	3,810	1,905	
4. Board High school, Rasipuram - Construction of a septic tank latrine for girls	1,850	925	
	<u>19,490</u>	<u>9,745</u>	
	19,500	9,750	

There are no restrictions in regard to sanctioning grants subsidies for these works as they relate to high schools for girls. The works are considered essential and urgent for the proper maintenance of the schools and cannot be postponed.

3. This Department accept the Director's proposal and recommend that a provision of Rs 5,000 be made for the purpose in the B.E. for 1948-9- as only a portion of the ~~xxxx~~ subsidy due is likely to be claimed in that year.
