Sir,

Code of Regulations for European and Anglo-Indian
schools -- Amendment to article 24.

Ref: E & P.H. Dept. Endt. No.38120/45-A-1 Edn. dated
5.9.1945

This office letter Re.No.1814 E/45 dated 17.10.45.

The proposal of the Secretary Inter Provincial Board for
Anglo Indian and European Education that trained graduates should
handle the high school classes was placed before the Provincial
Board at its meeting held on 4.7.47 and it was approved subject
to the proviso that High grade teachers who are now employed
in high school classes should be allowed to continue.

I therefore submit the following amendment to the existing
Article 24 of the Code of Regulations for European schools for
the approval of Government: --

"24. Teachers in the High section should ordinarily hold
Collegiate trained teachers' certificates; in the Middle section
high grade certificates or Middle grade certificates; in the
Primary section Middle grade certificates and in the Kindergarten
section, Kindergarten certificates".

NOTE: -- High grade teachers who are employed in high
school classes prior to July 1947 will be allowed to continue.

R. Narasimha
for Director of Public Instruction.

READ: The letter from the Secretary to the Inter-Provincial Board for Anglo-Indian and European Education No. 3804/9/41.

I am directed to forward for favour of necessary action the following resolution passed by the Inter-Provincial Board for Anglo-Indian and European Education at their meeting held at Delhi on 2nd and 3rd March, 1945:-

"That Provincial Governments be asked to encourage the employment of trained graduates as teachers of high school classes in Anglo-Indian Schools".

"I am to say that the Board feel that generally undergraduate teachers have not the necessary background of knowledge to be successful teachers of High School Classes in Anglo-Indian Schools.

Education dated 9..10..1947.

I have the honour to furnish below the reply received from the
Inspectress of European Schools:

"If the proposed amendment is ^{accepted} by the Government there
may not be any additional cost in the immediate future and even
if there be any, it may be almost negligible. Because in the whole
of the province, there are only very few teachers with High Grade
Certificate teaching high school classes at present, and most of
them are nuns and others belonging to Religious orders and they
are not likely to be replaced all atonce by Trained graduates.

P.T.O.

: 2 :

Further, the senior most members with High Grade certificates will be drawing the maximum of their scale and new entrants with graduate qualifications will be given only - the minimum of the scale for trained graduates and both - may be almost the same. "
