EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

Sub:- Elementary Education - Reclamation of Maravars - Marava Education in Tinnevelly District - Proposals for - Extension of scheme.

3289

The Government in their G.O.No.Ms.626, Edn., dated 24-4-1945 sanctioned the opening of 16 elementary schools for Marava pupils in the Tinnevelly District as a part of the preliminary preparation for launching a comprehensive scheme for the reclamation of Maravars. Of these 16, 10 are under the management of the District Board and the rest 6 under the T.D.T.A. and R.C. mission managements. The number of schools intended for boys is 11 and that for girls is 5. Excepting one school under aided management all the rest have now been opened and are reported to be satisfactorily functioning. The one school to be opened will also be opened shortly. A Copy of the report of the Divisional Inspector, Madura Roc.No.321 Tin of 43 dated 15-12-1946 is herewith submitted. As there is keen demand for the opening of more such schools in villages having a large number of Marava pupils I request that sanction may be accorded for the extension of the scheme during the year 1947-48. I shall submit detailed proposals regarding the names of villages where such schools may be opened and the expenditure involved on receipt of orders permitting the extension of the scheme.

Copy of letter Rc.No.321 Tin/43, dated 15-12-1946.

Ref: Your Pros.Rc.No.2100 B/43, dated 14-5-46 communicating copy of G.O.No.Ms.626 Edn., dated 24-4-1946 re: Marava Education - Tinnevelly District - Extension of the scheme and award of scholarships to Marava children reading in schools not specially intended for them.

As a part of the preliminary preparation for launching a comprehensive scheme for the reclamation of maravars of the Tinnevelly District, the Government in their order number cited above sanctioned the opening of 16 elementary schools consisting of 10 Board and 6 aided mission schools during 1945-46.

Of the 10 Board schools, 7 are for boys and 3 for girls, The T.D.T.A. and R.C. managements were each permitted to open 2 boys and one girls school. Except the R.C. Boys school, Kalvoi permitted to be opened in Pros.Rc.No.37 28/46, dated 18-10-1946, all the 15 schools have been opened and are functioning.

Non-maravar children are also admitted in these schools. Poor maravar children are supplied with midday meals. besides books and slates. Scholarships at the rate of Re.1/- per mensem per boy and Rs.1-8-0 per mensem per girl studying in these speical schools have been sanctioned.

Accommodation in certain schools has to be improved. The managements have also been advised to supply necessary equipment early. It is reported that there is need for additional teachers in certain schools.

This is the first year of the working of the scheme and the Dt. Educational Officer, Tinnevelly West and East report that all the marava children in the centres present themselves regularly to the schools and the feeding arrangements helps to get increased attendance.

Petitions are, in the meantime, being received for the openin of new schools for maravars in villages where there are no facilities for their education.

I solicit orders whether proposals may be called for and put up for the extension of the scheme by opening a few more schools in centres where there is large number of marava children with no facilities for education.

In this connexion I may also suggest that for the further encouragement of the education of the marava children in elementary schools, which are not intended solely for them, grant or subsidy for feeding the maravar children, for the free supply of books and slates in such schools and special scholarships for the children reading in Stds. III to V of such schools be paid.

I solicit the favour of your orders.

(Designation) Director of Public Instruction,

To The Secretary to the Government of Madras,

Education and Public Health Department.
Fort St.George, Madras.

Sir,

I have the honour to submit the following proposals for the provision of increased Educational facilities for the children of Maravas in Tinnevelly District. Particulars regarding the estimate of the extra cost involved in the proposals are also furnished in the Annexure enclosed.

p 21 infra

Opening of Schools:-

Seven Boys schools under the management of the District Board and 3 under aided agencies may be permitted to be opened in the following villages. Under the aided agencies the T.D.T.A. mission is willing to run the schools. The District Board, Tinnevelly, is also willing to manage the schools in the seven villages whose Board schools are proposed. Particulars regarding total Marava population, and population of Marava school age children in these villages are also furnished below:

Centres where Board schools may be opened:

	Total Marva Population	Marva school-age children	No. of pupils under instruction	No. yet to be brought under instruction.
1. Veerannam ..	1755	315	54	261
2. Karisil Kudiyiruppu	887	252	8	244
3. Nelkattumseval	2218	311	26	285
4. Kuvachipatti	670	112	9	103
5. Nanthanthatti	578	76	3	73
6. Ariyakulam	487	70	5	65
7. Suganthalai	500	79	15	64

Of the seven centres, buildings are available for rent for locating the x schools in villages Nos. 3 & 4 and the District Board has a building in village No.5 where the school may be held. In villages Nos. 1,2 and 7 no buildings are available and in each of these villages a building has to be constructed. In the village No.6, a building that can accommodate 49 pupils is reported to be available rent-free. An extension may be necessary later for this. A special recurring subsidy of Rs. 5045 . vide annexure - for the opening and maintenance of the Board schools will have to be given by Government to the District Board. The Board will also have to be given a subsidy of Rs. 5350/- for the provision of accommodation and equipment as detailed in the annexure. As the District Board is to shoulder this special responsibility for the improvement of ~~the~~ Marava Education, non-recurring expenditure on buildings and equipment may be borne in full by Government, while half the recurring expenditure can be met by the District Board, as in the case of the Board Marava schools already opened with reference to G.O.No.626-Education dated 24.4.1945. In the case of Teachers employed in these schools also, a special pay of Rs. 5/- per month may be allowed as in the case of teachers in schools already opened.

Schools under aided agencies:-

The T.D.T.A.Mission is willing to open Boys schools in the following 3 villages and this may be permitted.

	Total Marva population	Marava school-age population	No. of pupils under instruction	No. of pupils yet to be brought under instruction.
1. Karaiyiruppu	334	63	5	58
2. Karandaneri	441	63	--	63
3. Amayappapuram	398	76	13	63

Buildings are not available in 2 of these villages. Nos. 2 and 3 and one has to be constructed in each of these villages. In village No.1 a rented building is available. The Government may sanction as a special case full grant for the buildings and equipment as detailed in the Annexure, the total expenditure thereon being Rs. 3780/-. As regards teaching grant, no special allotment will be necessary as the expenditure on this item can be met from the ordinary allotment under teaching grant. But the assessment may be permitted to be made at rates 50 per cent higher than those given to teachers in ordinary schools, as in the case of teachers employed in similar schools opened last year with reference to the G.O. quoted above. A rough estimate of expenditure in regard to free supply of books and slates to poor Marava pupils, supply of midday meals and scholarships for Marava pupils in standards III to V has also been worked out in the Annexure and the total expenditure on these items works out to Rs. 11085/- per annum and this may also be sanctioned.

Explanatory note

In 1945-46 the Government sanctioned a special scheme for the spread of education among Maravar children. According to the scheme, special schools for this class of children were opened by the Dt. Board and by private agencies (ten by the Dt. Board and six by Missions). The Govt. sanctioned special scholarships to Maravar pupils attending the schools under both the agencies. The Dt. Board was asked to supply books and slates and midday meals free of cost to Maravar children. The cost of midday meals was met by Government and the Board was asked to meet the cost of books and slates from the elementary education fund. In the case of Maravar pupils reading in aided schools, the D.P.I., was authorized to sanction grants both for the supply of midday meals and books and slates.

The D.P.I. has submitted proposals for extending the educational facilities for these children in 1948-49. He has recommended that 7 schools may be opened by the Dt. Board and 3 by private managements. Subsidies will be paid to the Dt. Board and grants to private managements towards the salaries and dearness allowance to teachers employed in the schools, provision of buildings and supply of equipment. Grants for the schools under aided management will be assessed at 50% above the rates admissible to teachers in ordinary elementary schools.

p19 CF

The D.P.I. has also proposed that provision may be made for midday meals and grant of scholarships to Maravar children. It has been decided that these special concessions need not be given and that the schools may be treated as ordinary elementary schools.

p4NF

This Department recommend that provision may be made in the Budget Estimate for 1948-49 for 10 additional schools for Maravar children as shown in the summary at the top.

In G.O.No.853, Education, dated 12-4-1948.the Government sanctioned opening of 3 elementary schools for Marava children by aided agencies of which Karandaneri is one. The particulars were submittedon behalf of North Nedungulam H/O Karanthaneri. As there is already a Hindu Elementary School at Karandaneri, opening of a new Marava School under the TDTA management is not possible.

It is therefore suggested necessary alteration may kindly be recommended to be made in the G.O. sanctioning permission for opening of a Marava School at North Nedungulam instead of at Karandaneri.

In their order quoted above the Government have permitted the opening of Elementary schools for Maravar under private management in the following villages: —

1. Karaiyiruppu.
2. Karandaneri.
3. Amayappapuram.

pp47 c.f. (Q)

2/- Subsequently the proposal to open an elementary school in North Nedungulam which is a hamlet of Karandaneri in the place of Karandaneri proper was also accepted by the Government in their Memo No. 64428 B2/48-1. Education dated 15--10--48. In all these three centres no private agency is forthcoming to open Elementary schools with the result that some other suitable centres will have to be selected for the purpose.

3/- It is reported that a trained teacher of the Higher Elementary grade has come forward to open an elementary school in Kombikulam village in the Nanguneri taluk. The village has a population of 613, majority of which consists of Maravaras. The number of schoolage children is reported to be 183. The District Educational Officer, Tirunelveli and the Divisional Inspector of schools, Mathurai recommend~~ed~~ that permission may be granted for the opening of a school in the locality.

4/- I request the Government be pleased to approve of the change in the centres proposed.

The D.P.I. has submitted proposals for the extension of the scheme of providing educational facilities to the Marava children in the Tinnevelly Dt. The remarks of the Dt. It is doubtful whether the Dt magistrate will be able to offer his remarks in time for the proposals are to be considered as a part II scheme. The proposal in the file is for the extension of the Schemes of providing educational facilities for Marava children in Tinnevelly Dt. In similar cases in the past ~~the views expected~~ it was considered that District Magistrates should be consulted before the proposals ~~were~~ are further examined in the Secretariat. The views of the Dt. Magistrate have not been obtained in the present case. So the proposal does not seem to be ripe for consideration as Part II Scheme for 1948-49. This dept may therefore suggest that the scheme may be deferred.

Rc. No. 1158 B5/51 dated 27--4--1951:

ASSISTANT SECRETARY to
4 MAY 1951

EDUCATION DEPARTMENT

Sir,

Sub: ELEMENTARY EDUCATION--Reclamation of Maravars--Tirunelveli District--Opening of new school for Maravars under private management--approval--submitted.

Ref: 1. G.O.No. 853 Education dated 12--4--1948. (i)
2. Government Memo 64428 B2/48-1 Education dated 15--10--1948. p47 (i)
3. Government Memo No 16882 C/50-1 Education dated 30--6--1950. p50 (i)

..

Government in their order first cited, accorded permission for opening of schools for Maravars at three centres in Tirunelveli District. The centres specified in the Government order having been found unsuitable for opening schools for Maravars, the permission of the Government was obtained for opening schools for Maravars at North Nedungulam and Kombikulam villages in Government Memoranda second and third cited respectively.

As regards the remaining provision of one more school for Maravars, the District Educational Officer, Tirunelveli East reports that the village Malaydipudur is a suitable maravar centre having a school-going population of 20+19 (Marvaras) and 22 plus 29 (others), and that there are no schools within a radius of one mile from the villge. Further it is reported that a private Agency has come forward to open a school for Maravars at Malayadi-

pudur village.

I recommend that the Government may be pleased to permit the opening of a new school in the said village by a private Agency.

Yours faithfully,
