SIR,

SUBJECT: Basic Education - opening of Training
Schools during 1948-49 - proposals

There are at present only 8 Basic Training Schools,
including the one under private management at Seethanagaram,
which is not recognised by the Department. This is very in-
adequate. I, therefore, propose that Government may sanc-
tion the conversion of seven of the existing Government
Training Schools into Basic Training Schools during 1948-49.
The proposed schools can be staffed with the teachers deputed
for retraining at Sewagram and Perianaikanpalayam.

2. Each of the 7 schools proposed may have 3 training
sections and there shall then be 21 sections in all.

21 sections - fresh recruits of the
Secondary and Elementary
Grades - 35 candidates
per section. ... 735 trainees

A | 3. Stipends at the rate of Rs.18/- p.m. may be sanc-
tioned for both the Elementary and Secondary grade students
as at present.

4. In addition to the usual staff these schools may
have a cook and a craft attender each.

5. It is expected that if the Government accord the
sanction early, the schools can be converted in July 1948.
Accordingly provision is proposed for 8 months in 1948-49 (July
1948 to February 1949). The extra cost will be as shown below

RECURRING:	Cost in 1948-49 (8 months)	Ultimate annual cost.
1 Cook (24 plus 16 D.A.)	Rs. 320	Rs. 320 x 4 = 1280

Subj: Basic Edu - Conversion of seven ordinary training school into basic training schools.

Ref: From the D.P.I. C.No. 1960-31/47 dtd 8.10.47

In the letter read above, the Director has submitted proposals for the conversion of seven ordinary training schools into basic training schools. The extra cost on account of the scheme has been worked out on the basis that 105 teachers would be admitted for training in each of the schools. The Govt consider that it will be sufficient if the Secondary and Higher elementary grade teachers admitted for basic training are granted stipends at Rs 18/- and Rs 12/- respectively as against Rs 18/- at present paid

Explanatory Note.

The Director of Public Instruction recommends the conversion of seven Government Training Schools into Basic Training schools in 1948-49. Each Basic School will train teachers in Basic education in three sections of 35 candidates each. Candidates admitted for training will be granted stipends with reference to their qualifications at the rates admissible to teachers undergoing training in ordinary training schools. No large extra recurring cost is involved as the staff in the Basic Training Schools will be the same as that sanctioned for ordinary training schools. There may be some additional expenditure under stipends if the number of teachers admitted for training in the basic training schools exceeds the number of teachers now trained in ordinary training schools or if ~~the~~ more secondary grade teachers than usual are admitted for training. The Director of Public Instruc-
tion

There is therefore no likelihood of any extra cost to Govt. on stipends except under the following circumstances

(1) If the number of teachers to be admitted in the basic training school ^(only in higher class) exceeds the number of teachers now trained in the existing training schools &

(2) if the number of secondary grade teachers admitted for training in Basic schools ^{exceeds} the number of such teachers at present trained in these schools.

The Director is requested to report whether there will be any cost on stipends under the contingencies (1) & (2) noted above and if so to furnish figures for each of the two categories referred to above

12.12.47

has been asked to report the extra cost involved. Slight additional expenditure may have to be incurred as indicated in the summary. Non-recurring expenditure to the extent of Rs.50,000 will be involved on the supply of equipment to the school as the system of basic training entails expenditure on certain equipment which is not required in ordinary training schools. This Department recommend that provision may be made in the Budget Estimate for 1948-49 for the conversion of seven Government Training Schools into Basic Training Schools, in 1948-49 as indicated in the summary at the top.

The Govt. sanction the conversion of seven ordinary training schools into Basic training schools. Each of these seven training schools will have three training sections of 35 candidates each and the candidates undergoing training in ~~the schools~~ ^{these} will be paid stipends at the rate of Rs. 18/- per ~~man~~ menscm, whether they are of the secondary or the higher elementary grade.

2. Sanction is also accorded to the employment of the following additional staff in each of the seven schools for a period of two years:-

One cook. .. Rs. 24 plus ^{meal} ~~earnings~~ Allowance of ~~Rs. 10/-~~

One craft attender Rs. 24-35 plus D.A.

The Deputy Wardens of the hostels attached to the Training Schools will be paid an allowance of Rs. 15 each a month.

3. The Government also authorise the incurring of the following recurring and non-recurring expenditure for each of the seven schools:-

<u>Recurring expenditure:</u>		Rs.

From the D.P.I. E.No. 1960-B.1./47 dated 8-10-47.

Sub:- Basic Education - Opening of Training Schools during
1948-49 - Part II Scheme.

The D.P.I. has submitted proposals for the conversion of seven
ordinary training schools into Basic training schools in 1948-49. The
important items of expenditure proposed in that connection are the
following:-

- (1) Grant of stipends at an increased rate to the trainees and
- (2) supply of equipment to the Basic training schools.

(1) above. The D.P.I. has suggested that a stipend of Rs.18/- per mensem
may be paid to all trainees (as against Rs.12/- and Rs.18/- admissible to
higher elementary and secondary grade teachers ^{respectively} as at present
training). Assuming that one-half of the trainees will be of the
higher elementary grade the extra cost on account of the increased rate of
stipend will be Rs. 23,310 * per year. The cost in 1948-49 will be
Rs.17,760 +.

(2) above. This expenditure Rs.50,400 is inevitable on account of the
new system of education to be introduced in the Province.

2. The financial effect of the proposals will be as follows:-

	1948-49. Rs.	Ultimate cost. Rs.
Additional staff etc.	12,600	14,700
Equipment.	50,400 *	50,400 *
Stipends.	17,800	23,300
	<u>80,800</u>	<u>88,400</u>

3. As the proposals of the D.P.I. are designed to accelerate the
spread of basic education in the Province, these may be accepted.

4. Finance may see for remarks.

The D.P.I has submitted proposals for the conversion of seven of the existing Govt. Training schools into Basic Training Schools during 1948-9. E.P.H. support the proposal

2. There are at present 8 Basic Training Schools. The D.P.I considers that this is very inadequate. Though the spread of Basic Education is not one of the 5 year post-war plans of this Govt., it would seem that the policy of the Govt. is to introduce Basic Education gradually. If so, the proposal may be accepted subject to the following remarks.

Equipment, utensils etc. It is presumed that similar provision for equipment, utensils, books etc. ^{was} made in respect of the existing 8 Basic Training Schools. If so, it does not ~~call~~ call for any remarks.

Stipends. The D.P.I. has estimated the cost on account of stipends at Rs 35,300 in 1948-9 whereas E.P.H. Dept. consider that the extra cost on account of stipends will be about Rs 17,800 in 1948-9. It is presumed that the 7 Schools which are proposed to be converted into Basic Training Grade Schools are Higher Elementary/Schools. If so, Finance may advise that the following formulae may be adopted in calculating

The extra expenditure on account of stipends will be the difference between Rs 12/- & Rs 18/- per month where x represents the sanctioned strength of each school (which is very unlikely) there will be some saving on account of stipends.

With reference to 'A' above it may be noted that at present a stipend of Rs. 18/- p.m. is being paid to ^{both} the higher ele. grade and secondary grade teachers undergoing training in the existing 5 basic training schools. If the rates of Rs. 18/- Rs. 12/- are to be adopted for the schools to be newly opened, the teachers who are admitted into the existing training schools hereafter need be paid only at these rates.

TSA

It is presumed that the stipend to be granted to higher elementary grade teachers to be admitted for training in the Basic Training schools from 1948-49 should be Rs 12/- a month and not Rs 18/- as hitherto. There will not be any additional expenditure on ~~the~~ account ^{of stipend} except if when the number of teachers admitted in the basic training school exceeds the number of teachers trained in the existing training schools. There is no information as to the number at present trained in these schools. For the present the extra cost on this account may be ignored.

A draft part II note is put up. This may be sent to the Fin Dept for acceptance.

Please see the orders in circulation on p. 3 above and the further note of E.P.H. on pp. 3-4 above. With reference to M above it may be pointed out that there will be additional expenditure on account of stipends not only when the number of teachers to be admitted in each of the basic training schools exceeds the existing sanctioned strength but also if secondary grade students are admitted into these schools because the latter will be paid Rs 18 p.m. The number of candidates proposed to be admitted in each school as 105 is likely to be greater than the existing number of students in each school. In the circumstances explained, the extra cost on account of stipends cannot be ignored as stated at B above. Finance may advise that

Schools to be covered are Higher Grade Tg. Schools

There is no information as to how many of the 105 candidates to be admitted for training in each of the basic training schools will be of the secondary grade nor will it nor be possible for the Director to assess the number. The actual number to be admitted for training in each grade may be settled only when orders are passed sanctioning the conversion of the schools. In the circumstances it will not be possible to estimate the extra cost on account of stipends. For orders where a reference should be made to the Director as suggested by Fin Dept.
