Rec.No. 3043 B2/47, dated 11-3--1948. 19

Sir,

* Sub: Elementary Education - Aided Schools - Fall in
attendance due to Plague - Relaxation from the rule
4(2) of the Rules for aid for 5 schools in Anantapur
District.

ENCLOSURES _____

SPARE COPIES _____

The Divisional Inspector, Anantapur Division
has reported that the monthly attendance of the following
5 schools fell considerably low during the months
September to December 1947 on account of prevalence of
Plague in the villages concerned.

1. C.I.G.Mission Day School, Hindupur.
2. A.H.Day School, Saradavidyanilayam.
3. do. do. Vakkalapeta, Hindupur.
4. do. do. Mudreddipalli
5. do. do. Kalyandrug.

The Schools were not closed during the months as
the health authorities did not recommend their closure.
But the locality had been declared as "Plague infected"
and migration of families to concentration camps also
took place. Hence the attendance in the schools decreased.
Copies of the statements showing the attendance of the
schools for the months August to December 1947 in the
case of schools 1 to 4 and October to December 1947
for school No.5 above are submitted herewith. As the
decrease in attendance was due to reasons over which the
managements had no control and as all the teachers have
to be paid by the managements, it is recommended that
schools 1 to 4 may be permitted to be assessed grants
from September to December 1947 on the basis of the
attendance for August 1947, and ~~September~~ school No.5
on the basis of the attendance for October 1947 for the
months November and December 1947 relaxing the provisions
of Rule 4(2) of the Rules for aid to elementary schools.

grant = exemption from operation of
Rule 4 of the rules for aid = Sanc-
tion sought for:

20021

The Divisional Inspector of Schools, Madura Division has reported that owing to the prevalence of plague in the village Obalapuram in Palni Taluk, Madura Division the aided elementary school in the village had to be closed for a period from 1st to 16th November 1947. It reopened on 17th November 1947 and worked for 6 days and as there was a rat fall in the school itself it had to be closed again for 3 weeks from 23rd November 1947 to 15th December 1947. The attendance fell down considerably during the 6 days of its working in November 1947 and the average for the month came down to 69 and the weighted attendance for which the school would become eligible for aid was 78½. The school would be eligible

for 3½ teachers only according to Rule 4(2) of the Rules for aid. The school has actually 4 teachers on its staff and 4 teachers are eligible for aid according to the attendance of the school for the previous months. Further all the 4 teachers have actually been paid their salaries and dearness allowance by the management for November 1947. I therefore recommend that the school may be permitted to be exempted from the operation of Rule 4(2) of the Rules for aid and grants allowed in full for all the 4 teachers for November 1947.
