FINANCE (BUDGET-GENERAL) DEPARTMENT.

U.O. Note No. 7430 (A)-B.G./48-2, dated 23rd February 1948.

DEMANDS FOR GRANTS, 1948-9—VOTED EXPENDITURE.

A copy of the notice of demands for grants for the year 1948-9 together with an analysis of each demand is forwarded to Departments of the Secretariat. They are requested to take the orders of the Minister who will move the demand as to whether a note should be prepared on the policy underlying the demand.

In the case of composite demands, the departments concerned may take the orders of the Ministers concerned other than the Minister who will move the demand as to whether a note should be prepared in respect of the items relating to them included in the same demand. If such notes are prepared, the departments concerned are requested to send copies of the notes also to the Minister who will move the demand.

2. The explanatory paragraphs in the Budget Memorandum for 1948-9 which will be forwarded to Departments of the Secretariat on the 25th February 1948 may be useful in this connexion.

D. W. DODWELL,
Secretary to Government.

56- Stationery and Printing.

Printing:

The printing work of Government is carried out in the Government press. There has been a very considerable increase in this work during recent years mainly owing to controls of all kinds. This is reflected in ^{the} increase of the total printing expenditure as shown below:-

Accounts	1946-47	Rs. 17.45 Lakhs
Revised Estimate	1947-48	Rs. 19.78
Budget Estimate	1948-49	Rs. 19.43

The total strength of the establishment at the Central Press and its branches on 31st March 1947 was 2269.

The Press Workers especially the men employed in the technical sections were not satisfied with the revision of scales of pay ordered by Government in February 1947. So the case of these workers was specially reviewed and improved scales of pay were fixed by Government for all categories of technical employees of the Press in November 1947.

The Superintendent Government Press reported ^{in Jan'y '47} that owing mainly to increased work, the existing ~~staff~~ of the Accounts and Despatch sections needed to be strengthened by ~~additions to that staff~~, and that the sections required reorganisation. The question of sanctioning additional staff for these two sections for this purpose is now engaging the attention of Government.

In 1945 the Government decided that ~~the~~ residential quarters should be constructed for the employees of the Government Press. A suitable site was selected for the purpose in Tondiarpet and the cost of the acquisition of the site was estimated to be Rs. 1.53 lakhs. It has not so far been possible to initiate acquisition ~~pro-~~

10
proceedings in respect of that site. An amount of Rs. ^{1.53}~~1.53~~ lakhs has been provided in the budget for 1948-49 for the purpose of this acquisition.

In November 1947 Sri K.P.R. Menon the Deputy Superintendent Government Press was sent on deputation to the United Kingdom and the United States of America for a study of the administrative organisation, control etc., in printing presses and offices in those countries. The period of the deputation is six months.

Stationery:

The Stationery office comprises a Superintendent of Stationery (The Collector of Madras is the ex-officio Superintendent of Stationery) and an Assist. Supdt. of Stationery on the requisite non-Gazetted staff. This office supplies stationery required by all the Government Departments. The provision made ⁱⁿ from the Budget Estimate for 48-49 is for carrying ^{on} the routine administration of this office. No Part II Schemes have been provided for.

E.P.H. (P1)

The Govt. press is a branch of the Govt. administration necessary for the administration of the province. This has been existing long ~~time~~ and there has not been any definite policy relating to the Govt. press except that the establishment is to assist the Govt. in carrying out the administration and executing the work like printing, binding etc. Since the advent of the Congress Ministry there has been no drastic change either in the policy or administration of the Govt. press except the reorganisation and regrouping of the staff and granting enhanced scales of pay to the Govt. press staff for bettering the conditions of the workers & carrying out the administration more smoothly & more effectively. It is not known what the Honble Member wants to discuss in regard to the policy of the press. His suggestion, if any, may be ~~considered~~ ^{promised} ~~consideration~~ ^{consideration}.

(To discuss the reorganisation of Govern-
ment Press and the demands of certain
section of workers therein.)

S.P. H. (F1)

In September 46, the S.G.P. submitted
proposals for reclassification of the entire
subordinate technical staff ^{in this branch} & in that
connection the Honble Minister for Edu. wanted
a detailed report on the conditions of service,
pay etc of employees of private presses for
comparison with those of the conditions of the
workers in the Govt. press. The S.G.P. was asked
to check the information. In the mean while,
the Honble Mr. K.R. Karanth, the Chairman of the
Salaries Committee & Mr. C.O. Coorey, Secretary
of the Committee made a personal inspection
of the Govt. press and after the inspection,
revised scales of pay were sanctioned to
the workers in the press in February 1947 along
with general revision of scales. The
Salaries Committee also suggested reorganisation
of the press staff more or less on the same
lines proposed by the S.G.P. The Govt. press
staff was not satisfied with the revision
of the scales of pay & carried on agitation.
In March 1947, the S.G.P. & the Vice President
of the workers union had a discussion with
Honble Mr. K.R. Karanth regarding the

the proposals put up by the S. G. P. & the Union's Counter proposals for an increase in some of the scales of pay. In April 1947, the S. G. P. & the officials of the Union and the Union had joint discussion with the Honble Minister for Education, as a result of which & at the instance of the Honble Minister for Edu. the S. G. P. submitted revised proposals for reorganising and regrouping the press staff. These proposals were more or less in the form of "agreed proposals" except for a few points of disagreement between the Govt's proposals & those of the Union and orders have been issued sanctioning a revising ^{some of} the scales of pay of the workers in the press for a second time. ~~The present condition of the workers in the Govt. press may be considered as very satisfactory.~~

The Govt. press ~~most~~ ^{made} line operators have ~~made~~ representation for a further increase in their scales of pay & this representation are under consideration.

Another representation for the reorganisation of the non-technical staff such as the accountants & despatch etc. duties also is under separate consideration.

The present condition of the workers in the Govt. press may be considered as very satisfactory.

E.S.P. H. (P.1)

The pressure of work in the Govt. press has been increasing every day and the demands made on the press from the Provincial Govt and the Central Govt. have been so heavy that the press ~~has~~ ^{has} not been able to cope with the work, ~~and~~ ^{in spite} of the fact that some of the sections have been working in double shifts. In order that there may not be any dislocation of ~~work~~ ^{some} administrative work, the printing work have been got executed ~~from~~ ^{not} by private presses, ~~if & when~~ ^{if & when} the work could be executed by the Govt. press. Such execution of work by private presses are ~~allowed~~ ^{not} arranged by or in consultation with the S. G. P. Generally, Recourse will have to be taken for having the work executed by private presses until the capacity & potentialities of the Govt. press are increased but such increase of potentialities cannot be effected at present, in view of the difficulties in obtaining machinery, ~~material~~ ^{with} & technical personnel at present. For some time more

last, recourse has to be taken to have some of the work executed by private press and this is done at very reasonable rates.

The working condition of the workers in the Govt. ^{press} can be considered to be quite satisfactory. The scales of pay admissible to the workers in the Govt. press can was revised in February 47 but the workers were not satisfied & there was agitation, though the scales of pay were sanctioned after personal inspection of the Govt. press by Honble Sri K.R. Karanth Chairman of the salary Committee and Mr. C.O. Coorey, the Secretary to the Committee. As the Govt. press staff was not satisfied the S.G.P. & the Vice President of the Govt. press workers' union had discussion with Sri K.R. Karanth in March 1947 and again in April 1947 the officials of the union & the S.G.P. had joint discussion with the Honble Minister for Education. As a result of the discussion and at the instance of the Honble Minister for Education, the S.G.P. submitted revised proposals which were more or less "agreed proposals" except for a few points of disagreement between the S.G.P. & the workers' union & ^{some of the scales of pay} the salaries of the workers have been revised & were revised a second time.

As regards the printing of text books in the Govt. press, it is not known what point the Honble Member will wish to stress upon. If any useful suggestion is made, the suggestion may be considered.

reduce the allotment of Rs.10,13,100 For Stationery and Printing by Rs.100/-

(To discuss about pay of the establishments in the Government Press.)

E and P.H. Dept

It is not clear from the above cut motion whether the discussion is about increasing pay for the establishments in the Govt Press or otherwise. The notes on pp 1-2 ante give the information relating to the Govt Press, ^{how} ~~for~~ ~~proposals~~ ~~for~~ ~~revising~~ the scales of pay of establishments ~~etc~~ have been revised ~~more than once in recent years~~ again since the general revision early in 1947 and what other proposals relating to reorganisation and revision of pay are under consideration.
