It has been suggested that orders constituting Advisory Committees for Government colleges may be issued one by one as and when the persons proposed for the Committee of a particular college expressed their willingness to serve on it, and that the D.P.I. need not wait for the receipt of replies for all colleges. The Director is accordingly requested to examine the replies already received and make proposals to Government for constituting committees for as many colleges as possible.

Sir,

Sub: Govt. Arts College, Rajahmundry - Constitution of an Advisory Committee.

Ref: My letter Rc.6388 K2/46 dated 1-11-1947.

I have the honour to state that representation have since been made to me that the old Boys Association of the Government Arts College, Rajahmundry should be represented on the Advisory Committee to be constituted for the College. The Principal had reported to me that all the 7 persons originally suggested had agreed to serve on the Committee and I consider that it will not be proper now to delete one of them with a view to giving representation to the Old Boys Association. I would therefore recommend that, as a special case the advisory committee for this College may consist of 8 members and that Sri D.Ramamohana Rao, Secretary of the Old Boys' Association may be appointed as the eligible member.

In enclosing herewith a copy of letter from the Principal, Government Victoria College, Palghat, No.R.C.94-C/49 dated 26.8.1949, I have the honour to state that I agree with the views expressed by the Principal. I may also point out that advisory committees are to consist solely of non-official members nominated by Government and as such there is no question of ex-officio membership.

Yours faithfully,

For Director of Public Instruction.

ks.22.xi.

Copy of letter Roc.No.94-C/49 dated 26th August 1949 from the Principal Government Victoria College, Palghat to the Director of Public Instruction,Madras.

Subject:-Colleges--Government Victoria College, Palghat--Advisory Committee--Inclusion of Municipal Chairman.

Refce.:-- Proceedings Rc.No.6388-K2/46 dated 20..8..1949.

As the Chairman of the Municipality is an elected person and as there is no knowing whether he will continue in office for the life time of a Council, it is not advisable to have the Municipal Chairman as an ex-officio member of the Advisory Committee, since it might involve a change in the membership of the Committee every time ~~xxx~~ a Chairman is ousted and another elected in his place. Further the period of tenure of office of the members of the Committee and that of the Municipal Chairman need not coincide. Because of this also the personnel of the Committee will have to be changed. All that is possible in the circumstances is to nominate that person who happens to be the Chairman of the municipality ~~to~~ to the Advisory Committee at the time it is re-constituted and continue him there for the period during which the reconstituted committee is allowed to function, irrespective of the fact whether the person nominated in his capacity of Chairman of the municipality remains as Chairman or not after his nomination to the Advisory Committee.

In this connection I would also suggest that if the Municipal Chairman is to be an ex-officio member of the Advisory Committee, the same position should be given to the President of the District Board when the new District Boards are constituted.

2. Engineering Colleges.

The Director has forwarded a list of names for the committee to be constituted for the A. H. College of Technology, Coimbatore also. His proposal to keep ~~the~~ one place vacant for Sri K. Srinivasan and to appoint Sri R.K. Kandaswami in the place of Sri R.K. Shanmugham Chetty may be accepted. | pp 10 + 12 cf | p10 cf w/

But the following points arise in connection with the constitution of advising committees for Eng colleges:—

There are 4 Govt. Eng colleges in this Province — Eng. College, Guindy, A.H. College of Technology, Coimbatore, Eng: College, Vizagapatam (now located at Cocanada) and the Anantapur College (now located at Guindy). The Director has subd proposals for the constitution of a committee for the A.H. College of Technology, Coimbatore and says that final proposals for the Eng College, Guindy, will be subd separately. He has already suggested that the question of the constitution of a committee for the Eng College, Cocanada, may be taken up after the college is permanently located in Vizagapatam. p10 cf p7 of ⓣ

Apparently he considers that the question of ~~a~~ constituting of a committee for the Anantapur college also may be taken up after the college is removed to Anantapur.

As matters stand now there is no chance of the Cocanada college being removed to Vizagapatam in the near future. It seems that the Director may be asked to suggest names for a committee for this college even now. For orders. w/

The question of constituting a committee for the Anantapur college need perhaps be taken up only after the college is actually shifted to Anantapur. w/

One of the functions of the committees is to select candidates for ~~to the~~ admissions into the colleges and one of the instructions proposed to be issued for the guidance of the college committees is as follows:—

Instruction 5 on page 2 ante

"In regard to admissions, the Committee shall first frame general principles for admissions and then proceed to make the selection. The Principal shall generally accept the advice given by the Committee and act on it subject to standing orders and in case of doubt shall refer the matter to the Director of Public Instruction for his orders".

Till 1946 admissions to Eng colleges ~~were made~~ used to be made by a committee consisting of the Principals of the Eng. colleges. In connection with the admissions for this year the Govt. appointed a committee consisting of the Principals of all the Govt. Eng. colleges and two non-official gentlemen

p27 of ⓣ

12

When ~~we appoint~~ separate Committees are set up for the four colleges it is not clear whether the intention is that admission to each college should be made on the advice of the respective Committees. For various reasons it is desirable that one Committee should make the selections for all the colleges. But to combine all the four college Committees into one Committee for purposes of selection would ~~also~~ not also be a practical proposition. First of all the Committee will be very unwieldy (~~consisting~~ as it will consist of 28 non-official members and 4 Principals). Secondly the members will have to be paid t. a and d. a ~~both~~ when they go to the place where the Committee is to meet. Either it will have to be laid down that these Committees will have nothing to do with admissions or a smaller Committee will have to be formed.

I think it is quite practical that admissions should continue to be made as now, for all the colleges together.
W

It will be a retrograde step to deprive the Committees of the power to advise on admissions after having ~~[illegible]~~ accepted the principle that non-officials must be associated with this ~~admissions~~ matter in connection with admissions for this year. Then the best solution will be to ask each college Committee to elect one member for a central Committee which along with the Principals of all the colleges can deal with admissions for all the four colleges. But here also the ~~ta~~ t a question will come up as the four non-official members will have to be paid t. a and d. a.

~~For orders.~~

But it is a matter for consideration whether in view of the special features referred to above this particular power may not be taken away from the Engineering College Committees.
W

I agree that if it is decided ~~[illegible]~~ to have non-officials associated with admissions there should be a small central committee set up with the Principals. The view [illegible] be elected: they can be nominated. T.A. is a ~~[illegible]~~ p 2 matter.
W

3. According to instruction 2 of the instructions proposed to be issued for college Committees the Principal of the College will be the Convener of the Committee and the Committee will be presided over by a Chairman nominated by the Govt and if not nominated by the Govt. by a chairman to be elected by by the Committee. H.M.'s orders may be taken whether he will like to nominate the Chairman of each committee or he will leave it to the Committee itself to elect its own chairman.
W

4. Orders may also be taken whether the term of membership of the committee should be restricted say, to three years.
W

I am sorry the D.P.I. has consulted the members of the Committees before getting Government's approval. This puts the Government in an awkward situation. When people are asked by the D.P.I. to give their consent, that will indicate that the Government are willing to appoint them on the Committees. Hereafter the D.P.I. may ask the consent of the members only after receiving the consent of the Government for those names.

(P.T.O.)

With regard to the Arthur Hope College of Technology, the list may be approved.

In the matter of Engineering Colleges, since the selection has to be made for all the three colleges together, it cannot be done by Advisory Committees, neither, as has been pointed out, will it be convenient for them to meet. Admission for these colleges will be done by a committee consisting of the 3 Principals end 2 non-officials to be appointed by Government every year. These Advisory Committees appointed for the Engineering Colleges will do work specified for them other than admissions.

Advisory Committees for the other Engineering Colleges also may be formed except for Anantapur.

The Chairman for these committees need not be nominated by Government. They will elect their own chairmen.

The term of membership may be for 1947, 1948 and 1949 in the calendar years i.e. for the period ending with 31st Dec, 1949.

After issue of these orders, the file may again be put up for issue of ~~xxxxx~~ orders with regard to other Colleges for which advisory committees are ~~not~~ yet to be formed ~~now~~.
