SIR,

SUBJECT: S C H O O L S - Opening of Government Middle
Schools for Girls - Proposals - SUBMITTED.

@@@@@@@@

In connection with Part II of the Budget Estimate for 1948-49, I have the honour to renew for favourable consideration and sanction of Government the following proposals for the opening of a middle school for girls in each of the places, Penukonda, Rayadrug, Rajampet and Nandyal.

I solicit kind attention to my letter R.C.No.2939-K.3/46 dated 30-9-1946 submitting the proposals for consideration in connection with the Part II schemes which were for 1947-48 which was deferred in G.O.No.2375 Education dated 13-12-1946 and to state that there is need for the opening of a middle school in each of the following places:

- 1)Penukonda (Anantapur District). 3)Rajampet (Cuddapah District)
- 2)Rayadrug (Bellary District). 4)Nandyal, (Kurnool District).

The present proposals are not new except in that they involve the opening of a middle school in the places with classes I to V and Forms I to III instead of classes IV & V and Forms I to III as proposed last year - The opening of Classes I to V is recommended in the interest of efficiency and in view of the backwardness of the localities in regard to girls education -The estimated strength of classes I to V and Forms I to III in the proposed middle schools is furnished below:-

	CLASS.					FORM.		
	I	II	III	IV	V	I	II	III.
Penukonda.	20	20	20	25	20	15	10	12
Rayadrug.	60	40	38	38	26	16	7	8
Rajampet.	66	42	23	15	14	38	11	12
Nandyal.	15	15	15	14	10	10	10	8

The proposals in regard to the opening of the middle schools for girls in the places mentioned above except Rajampet also involve the taking over of the management of the Higher Elementary school for girls in the localities under the management of the local bodies, with buildings equipment etc. and this fact has already been mentioned in my letter to Government R.C.No.2939-K3/46 dated 30-9-1946 and the local bodies concerned have already agreed to transfer the management of the schools with building and equipment.

In the circumstances I request that Government may be pleased to sanction the opening of a Government Middle School for girls with classes I to V and forms I to III in each of the places, Penukonda, Rayadrug, Rajampet and Nandyal with effect from the school year 1948-49.

The financial effect of the proposal is worked out below:-

Sir,

In connection with Part II of the Budget Estimate for 1948-49, I have the honour to submit for favourable consideration and sanction of Government, the following proposal for the opening of a Government Middle School for Girls at Proddatur, Cuddapah District.

Proddatur is a Municipal town with a female population of 13,069. It is reported to be a large trading centre and the second biggest town in Cuddapah District. In Proddatur there is no higher elementary school either for boys or girls but there are 5 lower elementary schools for girls. There is a Municipal High School for boys in which 51 girls are reported to be reading in Forms I to III. There was a girls middle school in the locality under private management which ceased to exist with effect from the current school year. Hence the locality is without a secondary school for girls from the current school year. There is demand for a secondary school for

4
= 2/ =

girls in the locality and the public of Proddatur at a meeting held on 8th May 1947 passed resolution requesting that a Government Middle School for girls may be opened in the place from June 1947 itself. They have also offered their co-operation in all ways to make the middle school for girls run successfully. I, therefore, consider that there is need for a Government Middle School for Girls in the locality and there is every prospect of its being successful.

In regard to accommodation the Inspectress has suggested that the middle school may be held either in the P.W.D. Office building or in the District Board Assistant Engineer's Office building. As both the buildings are at present occupied by the respective offices they may not be available for the opening of the middle school in the immediate future. However, steps will be taken to secure the buildings at the earliest opportunity and till then the proposed middle school may be held in a rented building.

In the circumstances, I request that Government may be pleased to sanction the opening of a Government Middle School for girls with Forms I to III only in Proddatur with effect from the school year 1948--49. The opening of the middle school with Forms I to III alone, without primary classes, is suggested in view of the large number (five) lower elementary schools in the locality.

The financial effect of the proposal is worked out below:-

Sir,

Sub: Schools - opening of Government Middle Schools for girls
in backward areas - proposals -submitted.

I have the honour to renew for favourable consideration
the sanction of Government the proposals for the opening of a
Government Middle School for girls in each of the places mentioned
below which were deferred in G.O.No.2375 Edn dated 13-12-46, for
consideration in connection with the Budget Estimate for 1948-49.
The number and date of my letter submitting the proposals last
year are furnished against each place.

Place	No. and date of the letter.
1. Ongole	R.C.No.4910-K.3/46
2. Gudivada	R.C.No.2375-K.3/46 dated 12-9-46
3. Venkatagiri	R.C.No.4912-K.3/46 dated 20-9-46

I consider that the opening of a middle school in each
of these places is necessary to meet the educational needs of
the localities. All the proposals involve the taking over of the
management of the Higher Elementary Schools for girls under local
bodies in these localities and converting them into middle schools
with classes I to V and forms I to III instead of classes IV and V
and forms I to III as proposed last year. The opening of middle
schools with class I to form III is recommended in the interest of
efficiency. In the circumstances I request that Government may
be pleased to sanction the opening of a middle school for girls
with class I to Form III in each of the localities, Ongole,
Gudivada, and Venkatagiri, with effect from the school year
1948-49.

The financial effect of the proposal is worked out
below:

Cost in 1948-49: The cost is worked out in respect of one school
which will be the same for the other schools.

The probable fee income in respect of the schools,
at Ongole, Gudivada and Venkatagiri will be Rs.560/-, 1400 and 900
respectively.

Sub:- Schools - Government Opening of Government Middle Schools for Girls in backward areas - proposals submitted.

The Inspectress V Circle has submitted proposals for *each* the opening of a Government Middle School for Girls in Endorsement of the plans mentioned above for the reason that the District is backward with regard to girls education and that it is necessary to open a few middle schools for girls in the absence of any private agency coming forward to open such schools.

I furnish below the statistics required for considering the need for a middle school in each of the localities, Pharamapuri, Krishnagiri, Attur and Nasipuram. The statistics show that there are prospects for the middle schools to thrive well.

Locality.	Dharmapuri.	Krishnagiri.	Attur.	Rasipuram.
1) Female Population.	9402	7624	8000	8640
2) No. of Girls studying in the Higher Elementary Standards of the Girls Schools	Std. VI.. 62 " VII 46 " VIII 17..125	15 6 4.. 25	30 20 21..71	16 11 4..31

7) The Estimated Strength of the proposed Middle School with Forms I to III.	F. I 75 F. II 40 F. III 40.. 155	30 30 40.. 150		100

The localities are not served by girls' Secondary Schools. Though there are boys High Schools in the localities and though girls are reading in sufficient numbers in Forms I to III in them the education imparted will not be suitable for girls.

The proposals involve the taking over of the management of the Board Girls Higher Elementary School in each of the localities with the building and conversion of the Higher Elementary standards into Forms I to III. The District Board will be required to run a lower Elementary School for Girls in each of the locality with standards I to V or arrangements will be made to absorb

Sir,

Sub:- Schools - Government opening of a Middle School
for Girls at Gobichettipalayam, Coimbatore Dt. -
proposals - submitted.

In connection with Part II of the Budget Estimate for
1948-49, I have the honour to submit for favourable consideration
of Government the following proposal for the opening of a
Government Middle School for Girls at Gobichettipalayam.

The inspectress V C circle reports that there is need for
a girls Middle school at Gobichettipalayam and if a middle school
is opened, it is likely to thrive well and be self-supporting.
The inspector recommends that the management of the Board Higher
Elementary School in the locality be taken over by Government
and the Higher Elementary Classes be converted into Forms I to III.

608 Girls are reported to be studying in the Board
Higher Elementary Girls school, Gobichettipalayam - distributed
in the various standards as shown below:-

Standard I	-128	Standard V	- 81
" II	-121	" VI	- 44
" III	- 78	" VII	- 27
" IV	-101	" VIII	- 28

The number of girls studying in the Boys High School 2 miles away
from Gobichettipalayam is 76 and the number in Form I to III is
24, 24 and 12 respectively.

The number of Girls studying in Standards V to VIII of
the girls Higher Elementary School is large and offers great
scope for the proposed middle schools. The inspectress expects
a strength of 150-200 girls in Form I to III.

In the circumstances, I ^{request} report that Government may be
pleased to sanction the opening of a Government Middle School
for Girls with Form I to III in Gobichettipalayam with effect
from the school year 1948-49.

The cost of the proposal is detailed below:
The probable ~~for~~ income will be Rs.2500/- per annum.
Cost in 1948-49.

Recurring.	Mistress	
Pay of one Headmaster - (85-175) --	85 x 9 -	765

SCHOOLS--Opening of a Government Middle School for girls at Tiruvelli, Ernad Taluk, Malabar--Proposal--Submitted.

In connection with Part II of the Budget Estimate for 1948-49, I have the honour to submit for favourable consideration and sanction of Government, the following proposal for the opening of a Government Middle School for girls at Tiruvelli, Ernad Taluk of Malabar District.

The residents of Tiruvali, Punnappala, Mambad, Edvanna, Karakummur and Elunkur ansoms of Ernad Taluk of Malabar District have forwarded a petition to me through the Inspectress of Girls' Schools, V Circle requesting Government to open a High School, particularly for girls in ~~the~~ Tiruvali. It is reported that there are about 30,000 residents in all in the above ansoms and the female population of Tiruvali alone is reported to be 2500. The nearest high school for girls is 16 miles away at Malaappuram which has only Forms III to VI. The nearest Boys' High School is at Manjeri about 9 to 10 miles from Tiruvali. Higher Elementary schools are reported to be 5 miles away.

There is a Board Girls' Lower Elementary School at Tiruvali. The Inspectress of Girls' Schools reports that the Athikari of Tiruvali who interviewed the Inspectress on 20.9.47 informed her that the Special Officer, Calicut promised to give the District Board building for the Middle School. The present building housing the Board Girls' School, Tiruvali is reported to be a pucca one and is in a state of bad repair. The Inspectress reports that the public may be asked to repair the buildings for the proposed Middle School. There is enough space for play.

Tiruvallu is reported to be Central to the 5 ansoms referred to above and as the public are keen on having a girls' High school and are also prepared to contribute a sum of Rs. 3,000/- towards the construction of a building for the school and in view of the fact that the place is a backward area, the Inspectress recommends the opening of a Government Middle school for girls with classes 1 to 5 and Forms I to start with. I support the recommendation of the Inspectress and request that in the circumstances Government may be pleased to sanction the opening of a middle school for girls at Tiruvallu with classes 1 to 5 and Form I by taking over of the management of the Board Girls' Elementary school, Tiruvallu with effect from the school year 1948-49.

The probable strength of the middle school will be 40 in each class. The fee income may not be much.

The following staff is sufficient for the needs of the school

1. One Headmistress - Grade II
2. Five Secondary Grade Teachers
3. One Clerk
4. One Peon.

The financial effect of the proposal will be as follows:--

Cost in 1948-49:

		<u>Recurring.</u>		Rs.

Schools--Government Middle School for girls,
Chicacole--Opening of higher forms--Proposals-
Submitted.

Reference:-Government Memorandum No. 7565-B1/47-1
Education dated 8th February, 1947.

In connection with Part II of the Budget Estimate for 1948-49, I have the honour to submit for favourable consideration and sanction of Government the following proposal for the opening of higher forms in the Government Middle School for girls, Chicacole.

The Middle School was opened on 17.6.1946 with reference to G.O. No. Ms. 694-Education dated 1.4.1946. The present strength of the school is as follows:

Class IV ..	38
Class V ..	38
Form I ..	29
Form II ..	31
Form III ..	23.

The Inspectress of Girls' Schools, I Circle, submitted proposals for the opening of Form IV in the school with effect from the current school year itself but in view of the Government Memorandum cited above, she was asked to renew her request for consideration in connection with Part II Scheme for 1948-49. The Inspectress reports that the public are very keen on having a separate girls' High School in the town for the further education of their girls. This fact is evidenced from the letter of the Commissioner, Municipal Council, Chicacole dated 23.1.1947 to Government and the letter dated 1.4.1947 from the Secretary, Ladies Club, Chicacole, submitted herewith.

A Higher Elementary Training section was also permitted to be opened in the school under the sanction accorded in G.O. No. 1018-Education dated 21.5.1946 and the middle school is popular in the place.

The school is at present held in a rented building and is centrally situated with space for playground. The existing accommodation is adequate for the opening of Form IV and when necessity arises in future another rented may be taken up for the school.

In the circumstances, I consider that there is need for developing the Government Middle School for girls, Chicacole, into a complete High school and request that Government may be pleased to sanction the opening of Form IV in the school with effect from the school year 1948-49 and Form V and VI in subsequent years.

The financial effect of the proposal is worked out below:

SIR,

SCHOOLS--Government Middle school for girls, Tirupati--
Opening of Form IV in 1948-1949--Proposals--Submitted.
Reference:-Government Memorandum No. 55784-B1/47-e Edn.
dated 9th July 1947.

In connection with Part II of the Budget Estimate for 1948-49, I have the honour to submit for favourable consideration and sanction of Government the proposal for the opening of higher forms in the Government Middle School for girls, Tirupati.

The need for opening higher forms in the Government Middle School for girls, Tirupati has already been explained in my letter R.C.No. 4915-K3/46 dated 16.9.1946 submitting the proposal for the consideration of Government in connection with Part II Schemes for 1947-48. Kind attention is also solicited to the letter from Sri K. Varadachari, M.L.A., dated 23.6.1947 to the Hon'ble Minister for Education, copy of which was forwarded to me with the Government Endorsement cited above, expressing the demand of the public for a high school in the locality. The School itself is popular and the strength in Forms I to III is encouraging - viz. Form I..45; Form II..32; and Form III..29.

I have held in abeyance classes I to III in the school with the staff from the beginning of the current school year as the strength in these classes was uneconomic. Hence accommodation will be available in the school for the opening of Form IV in 1948-49. Even if found inadequate the Inspector reports that in consultation with the Commissioner, Municipal Council and other leading gentlemen of the place steps will be taken to secure better and suitable accommodation for the school.

The opening of Form IV in 1948-49 in the school will necessitate the opening of Form V in 1949-50 and Form VI in 1950-51.

In the circumstances I request that Government may be pleased to sanction the opening of Form IV in the Government Middle School for girls, Tirupati with effect from the school year 1948-49 and Forms V and VI in subsequent years.

The financial effect of the proposal is detailed below:

In connection with Part II of the Budget Estimate for 1948-49, I have the honour to submit for the sanction of Government the following proposal for the opening of higher forms in the Government Secondary and Training School for women at Ellore and Calicut and the Government Secondary School for girls, Palani.

Government in their order No.MS.1175 Education dated 11-6-47 sanctioned the opening of Form IV from the school year 1947-48 in the schools mentioned above. The latest strength of the schools is as follows:-

The Inspectress VIII Circle reports that as orders for the opening of Form IV in the Government Middle School for girls, Palani were renewed late in the current school year, many of the girls joined the boys school which accounts for the low strength in Form IV. It is expected that the strength will improve from the next school year.

As the schools are having Form IV it is necessary to develop them into complete high schools. I therefore request that Government may be pleased to sanction the opening of Form V in 1948-49 and Form VI in 1949-50 in each of the Government Secondary and Training School for women, Calicut and Elore and the Government Secondary School for girls Palani.

The cost involved in the proposal is worked out below in respect of one school which may be repeated for all the other schools.

Sir,

Sub: Schools - Government Secondary and Training school for women,
Udipi - Opening of higher Forms - Proposals Submitted.

In connection with Part II of the Budget Estimate for 1948-49, I have the honour to submit for favourable consideration of Government, the following proposal for the opening of higher forms in the Government Secondary and Training school for women, Udipi.

In their order No.1766 Education dated 1.11.45, Government sanctioned the conversion of Standards VI to VIII in the Model school attached to the Government Training school for women, Udipi, into Form I to III from the school year 1946-47. Proposals for the opening of higher Forms in the school were submitted to Government in my letter R.C.No.5618 K3/46 dated 27.9.46 in connection with the Part II Schemes for 1947-48, but were deferred by Government for consideration in connection with the Budget Estimate for 1948-49. The need for an additional High School in Udipi has been explained in my letter quoted above.

The present strength of the school in Forms I to III is as follows:
Form I - 34; Form II - 22 and Form III- 40. The Inspectress expects a strength of 35 in Form IV in the school year 1948-49.

In the circumstances, I request that Government may be pleased to sanction the opening of Form IV from the school year 1948-49 and Forms V and VI in the subsequent years in the Government Secondary & Training school for women, Udipi.

The Inspectress reports that non-science subjects can be introduced as optional subjects in Form V in 1949-50 till a laboratory is constructed and fitted up. Hence provision is not made at present for the Laboratory Peon.

The cost of the proposal is worked out below:

Sir,

SUB:- Schools = Government Secondary and Training
School for Women, Palghat = Opening of higher
forms = Proposals = Submitted:

In connection with Part II of the Budget Estimate for 1948-49, I have the honour to submit for favourable consideration and sanction of Government, the following proposal for the opening of higher forms in the Government Secondary and Training School for Women, Palghat.

2. Standards VI to VIII in the Model School attached to the Government Secondary and Training School for Women, Palghat were converted into Forms I to III from the School year 1946-47 as per G.O.No.MS.1766, Education, dated the 1st November 1945. The present strength of each of the forms I to III in the school is 32, 16 and 28 respectively. There is also a Board High School for Girls at Palghat with the following strength in the high school forms. Form IV=71, Form V=42, Form VI=56. This school is reported to be over crowded and is at a distance of two miles from the Government Secondary and Training School for Women, Palghat. The Inspector reports that this single high school cannot meet the educational needs of the locality and it is quite necessary to have another school for girls and, therefore, recommends the opening of higher forms in the Government Secondary and Training School for Women, Palghat. I also consider that the development of the Government Secondary and Training School for Women at Kalpathy, Palghat into a complete high school is necessary to meet the educational needs of the locality and request that Government may be pleased to sanction the opening of Form IV in the school with effect from the school year 1948-49 and Forms V and VI in subsequent years.

3. Additional accommodation is necessary for the developing the school into a complete high school and proposals in this regard are being submitted separately for consideration of Government.

The following additional staff will be required for the school.

- (1) One School Assistant for each of the Forms IV, V and VI as and when they are opened.
- (2) One Secondary Grade Teacher for Form III in 1950-51 when Form VI is opened and when the post of the Headmaster will be an administrative one.
- (3) One Pandit. (Malayalam) in 1948-49
- (4) Separation of the existing post of Combined Drawing and Sewing Mistress into two posts of Drawing Mistress and Sewing Mistress by the employment of a sewing mistress in 1949-50 when Form V is opened and converting the existing post of Combined Drawing and Sewing Mistress into Drawing Mistress Post.

The financial effect of the proposal is worked out below:

SIR,

Subject: Government High School for girls, Madura -
Opening of an additional section in Form IV
and employment of L.T. Assistant - Sanction -
Requested.

In connection with the Part II of the Budget Estimate for 1948-49, I have the honour to submit for favourable consideration and sanction of Government the following proposal for the opening of an additional section in Form IV in the Government High School for girls, Madura, with effect from the school year 1948-49.

The present strength of Form III in the school is 61 and that of Form IV is 46. The Inspectress reports that the strength in Form IV in June 48 will go up to 80 as the majority of the strength of Form III will reach form IV after promotion in addition to new admissions and failure in Form IV.

The present strength of the school is as follows:-

Form VI	16
Form V	19
Form IV	46
Form III	61
Form II	83
Form I	85
Class V	84
Class IV	86
Class III	70
Class II	45
Class I	45
Total	640

Considering the present strength in Forms I and II there will be need for the 2nd section in ~~Form~~ form IV not only in the year 1948-49, but also in 1949-50 and 1950-51. Hence I request that Government may be pleased to sanction the opening of an additional section in Form IV in the Government High School for girls, Madura, with effect from the school year 1948-49 and for the employment of a L.T. Assistant for the additional class for a period of 3 years from the school year 1948-49.

The proposal will cost Rs.765 in 1948-49 and Rs.1644 ultimately.

 Do. Do dated 14-10-1947.

The policy of Government is to encourage the education of girls by providing secondary schools for them at Government cost although they rely on private agencies and local bodies for the expansion of secondary education of boys. To start with middle schools are opened and they are later converted into high schools by adding high school forms.

2. In 1945-46 the Government opened seven new middle schools and four high schools and added high school forms to six existing middle schools. In 1946, the Government opened three new middle schools and one high school. In 1947-48 no new middle schools were opened on account of the financial stringency; but in three schools the opening of Form IV was sanctioned - Vide G.O.No.1175 Education, dated the 7th June 1947.

3. The Director of Public Instruction has now submitted proposals for the provision of additional facilities for secondary education for girls in 1948-49 as detailed below:

(i) Opening of 16 new middle schools at the following places with the classes and forms noted against each:-

DISTRICT. CLASSES AND FORMS. PLACE WHERE THE SCHOOL IS TO BE OPENED.

5. The criteria laid down for Part II Schemes is as follows:-

- (a) Schemes included in the Five Year Programme of Post-war development schemes or schemes that can be treated as modifications of such schemes.
- (b) Grow More Food Schemes.
- (c) Schemes that are fully remunerative and
- (d) Schemes that are imperatively and immediately essential for the proper running of department.

The post-war Education Sub-Committee has recommended that there should be an increase in the number of secondary schools for girls and that if other agencies are not able to open new schools, the Government should do so, although the proposal has not been included in the Five Year Plan. Secondary education among girls is in a very backward state and requires a pull up. The opening of a certain number of schools and higher forms in existing schools may be considered to be absolutely essential.

6. The Government have been opening, on an average, during the past five years, five new secondary schools for girls and adding higher forms in two schools. In view of the fact that no new middle schools were opened during the current year, it is for consideration whether proposals for the opening of six new middle schools in really backward areas may be put forward as a Part II Scheme for 1948-49. The selection may be made from the centres proposed by the Director.

7. The Government sanctioned the opening of Form IV in the current year in the Government Secondary and Training School for Women, Calicut and Ellore and the Government Secondary School for Girls, Palni. The Director has proposed the opening of Form V in these schools in 1948-49 and Forms VI in 1949-50. As it is necessary to develop these schools with Form IV into complete high schools, the Director's proposal may be accepted. The Director's proposal for the opening of higher forms in the Government Middle School for Girls at Chicacole and Tirupati in

P.T.O.

1948-49 may also be supported. The opening of higher forms in the Government Secondary and Training School for Women, Udipi and Palghat may be deferred as there is already a non-Government high school in each of those towns.

8. The remarks of Finance may be invited U.O. prior to circulation.

Finance (Special).

Part II scheme for 1948-9.

The D.P.I. has submitted the following proposals.

- (1) Opening of 16 new middle schools.
- (2) Opening of higher forms in 7 schools and 1 additional section in Form IV in one school.

The financial implications of the proposals is set out below.

	Ultimate cost		Cost in 1948-9.	
	Recurring	Non-recurring	Recurring	Non-recurring
Staff	2,10,168	-	1,22,859	-
Rent	1,500	-	1,125	-
Books and maps	3,050	6,250	-	6,250
Apparatus and materials	5,600	6,850	-	6,850
Furniture	1,500	22,800	-	22,800
Contingencies	5,100	-	4,450	-
	2,26,918	35,900	1,28,434	35,900
Fee income	34,584	-	34,584	-
Net Extra cost	1,92,334	35,900	93,850	35,900

E.P.H. however propose:

- (a) to open 6 new middle schools in really backward areas, the selection being made from the centres proposed by the D.P.I.
- (b) to open higher forms in 5 schools instead of 7 as proposed by the D.P.I. and to open an additional section in Form IV in one school.

2. Proposal (a) above. New schools. In 1947-8, no new ~~middle~~ middle schools were opened on account of the financial

stringency. The same stringency exists even now. ~~Decided~~ The proposal does not seem to satisfy any of the criteria laid down in G.O.577 Finance dated 1-8-47 for Part II schemes. Finance may therefore advise that the proposal ~~may~~ be deferred. If E.P.H. however wish to press the case, they may be requested to obtain orders in circulation including H.M. (Finance).

Proposal (b) above. Additional forms and section.

Chicacole and Tirupati. It is proposed to ~~open~~ open higher forms in the Govt. Middle school for girls in Chicacole and Tirupati. The present strength in the first ~~three~~ three forms in the schools is shown below:

	Chicacole	Tirupati
Form I	29	45
Form II	31	32
Form III	23	29

It would seem from the above statement that there is no immediate necessity for opening higher forms in these schools. Finance may advise that the proposal be deferred.

Ellore, Calicut and Palani. It is proposed to open Form V in the Govt. Secondary and Training School for Women, Calicut and Ellore and the Govt. Secondary school for girls, Palani in 1948-9 and form VI in 1949-50. It is stated that it is necessary to develop these schools into complete high schools. The present strength in the first four forms in the schools is shown below

	Ellore	Calicut	Palani
Form I	58	76	32
Form II	38	62	18
Form III	35	43	13
Form IV	17	40	11

It will be observed from the above statement that the case for higher forms is not strong in regard to the schools at Ellore and Palani. Finance may ~~advise~~ ^{advise} that the proposal may be accepted with reference to the school at Calicut only.

Madura. It is proposed to open an additional section in Form IV of the Govt. High School for Madura. The strength in the various forms is shown below.

Form I	85	Form IV	46
Form II	83	Form V	19
Form III	61	Form VI	16

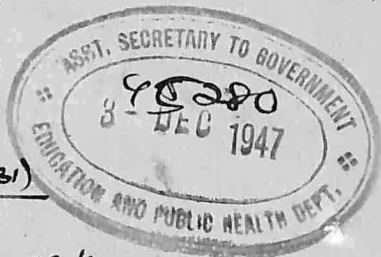

It is stated that the strength in Form IV in June 1948 will go up to 80 as the majority of the strength of Form III will reach Form IV after promotion in addition ~~at~~ to new admissions and failure in Form IV. The proposal may be accepted.

E.P.H. may be requested to prepare the necessary Part II scheme more.

Neither proposal would appear to satisfy the criteria laid down in G.O. no 577 Fin dated 1-8-47 and Finance advise that both proposals be deferred. If they wish to press, orders in O.A. may be taken including 4.14 (Fin)

(2) to open higher forms in five schools and to open one additional section in one school.

on the ground that none of these proposals satisfy the criteria laid down for consideration of new schemes as Part II schemes for 1948-9.

2. Secondary education for girls is in a backward state and requires considerable expansion of facilities. It is proposed to ~~considerable~~ make provision in the BE for 1948-9 for payment of grants to set new girls schools to be opened by local bodies and private agencies (three each) vide Part II Scheme note put up at (4). The reasons for admitting those

The proposals as a Part II scheme hold good even for the opening of new Govt schools. There may be certain centres in which neither a local body nor a private management is willing to open a new school and in such cases, the Govt must open schools directly under their management. It is therefore for consideration whether this Dept may press the proposal for the opening of six new Govt middle schools in 1948-9

2. In regard to the opening of new higher forms in existing schools, it is for consideration whether in the circumstances stated in the Finance Dept's note the proposal may be confined to the Govt Secondary and Training School for women Calicut.

3. The proposal for the opening of an additional section in Form IV of the Govt High School for girls, Madurai, may also be pressed.

EXPLANATORY NOTE.

The policy of Government is to encourage the education of girls by providing secondary schools for them at Government cost although they rely on local bodies and private agencies for the expansion of secondary education for ~~gi~~ boys. To start with middle schools are opened and they are later converted into high schools by adding higher forms. In 1945-46, the Government opened seven middle schools and four high schools and added high schools forms to six existing middle schools. In 1946, three new middle schools and one high school ^{was} opened and in 1947-48 the opening of Form IV in three middle schools only was sanctioned.

2. For 1948-49 the Director of Public Instruction has made the following proposals:

- (i) Opening of 16 new middle schools with classes I to Form III or with Forms I to III,
- (ii) Opening of higher forms in the seven existing middle schools, and
- (iii) Opening of an additional section in Form IV in the Government Middle School for Girls, Madura.

In view of the present financial stringency, it is proposed to restrict the number of middle schools to be newly opened to six and to sanction the opening of an additional section in Form IV of the ^{High} middle school at Madura. ~~It is not proposed to sanction the opening of higher forms in any~~ The centres where the new schools should be started will be decided later on. The cost has been estimated on the basis of the estimate furnished by the Director for the opening of such schools.

3. This Department recommend that necessary provision as explained in the summary above may be made in the Budget Estimate for 1948-49.

existing of the middle schools recommended by the Director for conversion into high schools

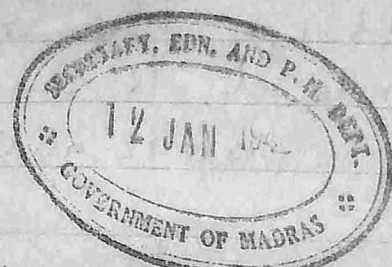

The Part II Scheme note on pages 10-11 ante has been issued. The D.P.I. has proposed the opening of new middle schools at ~~Sixteen~~ centres as stated on page 2 ante. As it has been decided in circulation that only six middle schools should be opened, a selection will have to be made from among the ~~seventeen~~ ^{sixteen} schools suggested by the Director.

2. The file may now be circulated to H.M. (Edg.) for orders - Attention is, in this connection, invited to the minutes of H.M. (Fin) at 'A' on page 7 ante.

Mr. for order as to the letter to be deleted - with reference to 'R' & 'S' above. My kindly make to deletion.

may be put up at the end of the month when the Part II note is available

Please see the minutes above. The ~~Cabin~~ Scheduled date for the Cabinet Meeting is

Consider the Part II Schemes for 48-49 as 28.1.48, and its decision will be taken by Finance Sub-committee. This file may be forwarded to the Director of Education for his consideration. The decision of the Cabinet has not yet been communicated. The file will have to be circulated to HM (Gen) for his minutes for the selection of six centres where the middle schools should be opened. The file may now be sent to Finance and they may be requested to state whether this proposal was approved by the Cabinet at its meeting on 28.1.48 + provision is being included in the budget for 1948-9.
