Order—No. 914, Education, dated 16th April 1948.

According to instruction 3 (6) of the instructions appended to G.O. No. 610, Education, dated 20th April 1945, the educational concessions granted to the children and dependents of the Defence Services personnel will be withdrawn from those who stay for more than two years in one and the same class, but will be regranted on promotion to the next higher class. The Surgeon-General

reports that in applying this instruction to Medical Colleges where University Examinations are held twice a year, a student is enabled to appear four times for one and the same University Examination. As this was not the intention of the rule, the Government direct that in so far as Medical Colleges are concerned, the concessions should be withdrawn from those who fail twice in one

Clause 6 of ~~the~~ rule 3 of the rules appended to the above G.O. reads "The concession will be withdrawn from those who stay for more than two years in one and the same class, but will be regranted on promotion to the next higher class".

The above clause seems to apply to the Arts Colleges and

I request clear instructions as to whether "the period of two years in one and same class" can be considered as two failures at the University examination in one and the same subject.

In the Medical Colleges, it is presumed that a student has to undergo one year's course of study before he can appear for the University Examination except of course for the pre-registration examination and that a student who fails after the one year's course can sit again for the examination held in October and March. Please say whether the presumption is correct.

Re: Telephonic message (By post) dated 12-12-47
regarding Educational concessions to children
and dependants of soldiers.

The University has laid down for the medical colleges
the time that should be put in by the students before
appearing for any specified examination. The time
to be put in for various examination are indicated below:

Pre-registration ..	6 months	
Organic Chemistry ..	1 year	Medicine, 1
Anatomy, Physiology ..	2 years	Surgery, 1 3 years
Pharmacology ..	1 year	Midwifery 1
Pathology ..	2 years	

It will be seen from the above that a student has
to undergo not one year's course only for all the
University examinations. The periods vary, the minimum
being 1 year as far as clinical subjects are concerned.

The student who fails in the medical examination is
allowed to take the next examination provided he puts
in the additional course, e.g., a student who fails in
the December examination, can appear for the April
examination and one that fails in April can sit for
December examination.

Sub: War - Educational concessions - Dependents of soldiers studying in Medical Colleges - Interpretation of clause (6) of rule 3 of G.O.No.610 Edn., dated 20-4-45.

Ref: From the S.G. 92570(M1) 47, dated 19-11-47. and T.M. by post dated 12-1-48. From the D.P.I. No.383 W2/48, dated 27-2-48.

It is laid down under clause (6) of rule 3 of the rules appended to G.O. 610 Edn., dated 20-4-45, that the concessions will be withdrawn from those who stay for more than two years in one and the same class but will be regranted on promotion to the next higher class. The S.G. considers that this clause cannot be applied to Medical Colleges, as the periods of study to be put in by Medical students for various examinations vary from those prescribed in Arts Colleges. The periods of study in Medical Colleges are

1. Pre-registration ... 6 months.
2. Organic Chemistry ... 1 year
3. Anatomy, Physiology ... 2 years.
4. Pharmacology ... 1 year.
5. Pathology ... 2 years.
6. Medicine & Surgery & Midwifery ... 3 years.

It will be seen from the above that a student has to undergo, not one year's course only for all the University Examinations for the medical course. As the periods vary, the S.G. requests the Govt. for instructions as to whether "the period of two years in one and same class" can be interpreted as two failures at the University examination in one and the same subject. When referred to the D.P.I. he says that the interpretation of the S.G. may be accepted and applied to the concession holders in Medical Colleges.

For orders whether the S.G.'s interpretation supported by the D.P.I. may be agreed to. If so, the rule itself may be amended to make the position clear.

According to instruction 3 (6) of the instructions appended
to G.O.No.610, Education, dated 20--4--1945, the educational con-
cessions granted to the children and dependents of the Defence
Service personnel will be withdrawn from those who stay for more
than two years in one and the same class, but will be re-granted
on promotion to the next higher class. The Surgeon General reports
that in applying this instruction to Medical Colleges where
University Examinations are held twice a year, a student is enabled
to appear four times for one and the same University Examination.
As this was not the intention of the rule, the Government direct
that in so far as Medical Colleges are concerned, the concessions
