Subramaniam, Esqr.,
Secretary to the Government,
Education & Public Health Department,
Fort St. George, Madras.

Dear Mr. Subramaniam,

46103
Mr.
Since meeting you on the afternoon of the 29th. instant I met the Educational Minister and the Minister for Local Administration Department. The Educational Minister has promised half the grant to the proposed High School whether it is run by the Panchayat Board itself or by a private Committee of management on behalf of the Panchayat Board. The Minister for Local Administration Department has also promised to sanction the expenditure of Panchayat funds for running the High School as desired by the Valparai Panchayat Board.

A
Later I met the Inspector of Local Boards and informed him of these promises and went over to the Officer of the Director of Public Instruction where I found all the papers connected with the Valparai High School. I was told that the papers were not forwarded to you because the application for sanction which was made during the last financial year was not renewed this year and the endorsement made by the Director of Public Instruction last year was that the Panchayat Board should get prior sanction of the Government for expenditure on this item before opening the Secondary School. You will realise there has been a vicious circle which is after all broken. I am arranging to renew the application to the Educational Department for departmental sanction. I trust the sanction and the decision will be hastened to enable the School to be opened in June 1947.

Thanking you,

Yours sincerely,

Dorairaj

From Dr. S. Dorairaj, B.A., B.L., B.S.,
President,
Panchayat Board, Valparai.

To
The Honorable Mr. T.S. Avanasilingam Chettiar,
Minister for Education,
Government of Madras.

Dear Sir,

Valparai Panchayat Board - Opening of a Secondary School -
my request for half grant as allowed to private institutions.
My interview in writing with you on 29-5-47 - Your promise
to sanction half grant as requested on receipt of application.

.....
I originally interviewed you on 25th. July 1946 on this matter
and wrote to you the next day putting down my representations and the
substance of the interview in writing with copy to the Minister for Local
Administration Department, the Inspector of Local Boards and the Director
of Public Instruction.

A formal application was made by the Board through the routine
channels and an endorsement was made by the Director of Public Instruction
in his Rc. No. 602-G/46 dated 19-5-46 that sanction cannot be granted for
starting a Secondary School, until the Government sanctioned the expendi-
ture of the funds of the Board for the purposes of a Secondary School.
On the other hand the Inspector of Local Boards declined to sanction the
opening of a Secondary School unless the Government in the Educational
Department met at least 25% of the total cost (Refer L.Dis No. 9570/46
dated 8-5-46).

As the above two decisions preceded my interview with you
on 25-7-46, the Board has passed resolutions (1) to run a High School on
the lines suggested in the above interview (2) to increase its income
by raising the rate of House Tax and by levying Professional Tax etc.,
and (3) to raise any further income necessary to maintain the High School.
These resolutions have been forwarded to the several departments concerned
and a renewed application was made to the Government in Local Administration
Department in the Panchayat Board Letter No. 301/45 dated 28-9-46 to
which no reply has been received to date.

But at my interview with your goodself, you were kind enough
to promise a half grant, whether the School is run by the Panchayat Board
or through a private Committee of management. A few minutes earlier the
Minister for Local Administration had also agreed to sanction the expen-
diture of Boards' funds for the purpose. These two promises were confirmed
over the Telephone between your two selves and every co-operation with
each other assured and I was directed to send in an application, which
I now hereby do.

I have also communicated the substance of these two promises
to the Inspector of Local Boards and the Dy. Inspector of Public
Instruction personally, and by letters to them both and to the Secretary
Government in the Education and Local Administration Departments.

I am also enclosing a copy of the budget estimate approved
by the Inspector of Local Boards from which it will be seen, ample and
efficient provision has been made for Capital and recurring expenditures
of the High School and Hostel as under, in addition to the group of
buildings called Military Barracks already in occupation.

Est. Military Barracks costing Rs. 14000/- including furniture, water
supply & electric lighting.

The attention of the D.P.I, is invited to the letter from
the President Panchayat Board, Valparai, cited above requesting
sanction for the opening of a residential high school with the
aid of Govt subsidy and he is requested to offer his remarks
very urgently on the proposal. The Director is requested to
state whether a high school is necessary in the Panchayat area
and if so whether the Panchayat Board may be permitted as a special
case to open a middle school to start with and the question of
converting it into a high school may be considered later on after
experience is gained of the working of the middle school. He is
estimate
to furnish an approximate/estimate of the expenditure involved in the
opening of a middle school and a high school - recurring as well
as non-recurring - and whether the Military barracks in which it is
proposed to locate the school are suitable for school purposes

SPARE COPIES

I submit herewith the communication No. 1696-A/47 dated
13-9-1947 of the Panchayat Board, Valparai and file of papers
relating thereto, containing the remarks of the District
Educational officer, Coimbatore & Nilgiris. The Panchayat
Board comprises a large area and has a large population. The
endeavours of the Panchayat Board to have a residential co-edu-
cational Secondary school in Valparai appear to be laudable.
Children in all the estates in Valparai as well as those in
Panchayat limits and outside will be benefitted. Special
sanction of Government is necessary, before a Panchayat can
start a High school. The request of the Panchayat is strongly
recommended.

Re. 991G/47, Dated 1-12-1947.

Sir,

Sub: Valparai Panchayat Board - Opening of a Secondary School.

Ref: Government Memorandum No. 46103 BI/47-3 Edn., dated 4-7-47.

It is reported by the District Educational Officer, Coimbatore and the Nilgiris that the Panchayat Board area consists of 44 estates with a total population of 60,000 and that there is no secondary school in the Panchayat area at present. There is therefore a great need for the opening of a secondary school in that area.

The Panchayat Board applied for sanction for opening a Secondary school last year itself, when the question was discussed in detail. The Deputy Inspector of Local Boards & Municipal Councils informed the Divisional Inspector of Schools, Coimbatore that under sub rule (k) of Rule 1A (2) of school V of the Madras Local Boards Act 1920, the Panchayat Board could open and maintain only English schools and that special sanction should be obtained for the opening and maintenance of Secondary schools by the Board under Rule 4 (3) of school V of the Act. The Ex-Officer of the Panchayat Board was accordingly informed that sanction of Government should be obtained in the matter.

The Board has resolved this year to increase the income by raising the rate of House Tax and by levying professional Tax., so as to enable them to maintain a High School. A Secondary School may be permitted to be opened by the Panchayat Board with effect from the school year 1948-49. To start with, a middle school with Forms I to III may be opened, which in course of time may develop into a High School. The school may be paid, as any other recognised Secondary School teaching grant on half net cost basis and compensation, if any, on account of fee income foregone, with reference to the policy outlined in G.O. No 975 Edn., dated 10-5-47.

The Panchayat Board has estimated the nonrecurring cost approximately at Rs. 80,900 - vide the statement enclosed. No subsidy need be paid to the Panchayat Board, towards nonrecurring charges, as the present policy of Government is not to sanction grants for new secondary schools under nonrecurring items, except in special cases.

The approximate Recurring cost to the Panchayat Board is furnished below:-

(A)	for a middle school.	Pay.	D.A.	Total cost per annum
		Rs.		Rs.

In regard to the suitability of the Military Barracks, it may state that barracks consists of 7 rooms, 27'-10" by 16'-4" each. Three of these may be utilised for accommodating Forms I to III and the remaining four for the Office, library and staff. The Panchayat Board may have to provide additional accommodation for Hostels. Though the width of the room is not sufficient, yet they may be made use of, till a pucca building is constructed. It is reported that a provision of Rs.2500 for the construction of a Hostel building and of Rs.60,000 for a school building has been made in the Budget Estimate 1947-48 of the Panchayat Board.

Abstract.

Education - Secondary - Valparai Panchayat Board - Grant for the proposed High School - Requested.

The President, Panchayat Board, Valparai.

The Collector & Special Officer, District Board, Coimbatore.

The Inspector of Mnl. Cls. & Local Boards, Madras.

Sir,

I submit that when the Inspector of Local Boards, Madras was requested in this Office Roc No. 301/45 dated 20-11-45 for permission to open a Secondary School at Valparai, the Inspector forwarded the concerned papers to the Director of Public Instruction in his L.Dis 9570/46 dated 8-5-46 and informed that unless the Government accord special treatment to this School and agree to meet the entire cost or at least 1/4th. of the net cost, the Panchayat Board cannot undertake the management of a High School. The Director of Public Instruction, Madras informed the Board in his Rc. No. 602-G/46 dated 19-5-46 that the Special sanction of the Government has to be obtained by the Panchayat Board for maintaining a Secondary School before applying for permission to open the Secondary School.

As instructed by the Director of Public Instruction, in his letter quoted above, the Government have been addressed in this Office Roc No. 301/45 dated 28-9-46 to incur necessary expenditure for maintaining a Secondary School at Valparai and the orders of the Government on the matter are expected.

In this connection, I submit that the Panchayat Board has as advised by the Dy. Inspector of Local Boards in his Inspection Notes dated 18-4-46 to increase its finances for the purposes of maintaining a Secondary School. The income of the Board has been increased from Rs. 33,742/- (which was the figure in 1945-46) to Rs. 83,580/- (which is the budgetted amount for the year 1947-48). An amount of Rs. 21,000/- has also been set apart for the maintenance of the Secondary School and Rs. 72,000/- for the High School Buildings (under Capital expenditure) in the Budget estimate for 47-48.

This Panchayat Board comprises an area of 150 sq. miles with a population of about 60,000 and consists of 30 Elementary Schools and 2 Higher Elementary Schools. 14 of these Elementary Schools and one Higher Elementary School are maintained by the Panchayat Board. The nearest High School from this Panchayat area is at Pollachi, which is 40 miles away from Valparai. On taking a statistics of the High School going children of the residents of the Panchayat area, it has amply proved that there would be proper strength for the Secondary School proposed to be started and has also proved the necessity of a Secondary School at Valparai. On addressing the District Board, Coimbatore for starting a Secondary School they have informed the Panchayat Board that the District Board thinks it inadvisable to open a Secondary School at Valparai and have also expressed their inability to give any contribution. The Panchayat Board has therefore decided to open the School by itself.

contd.

~~29~~

Under the circumstances the Panchayat Board requests that the Government may be pleased to sanction 2/3rd. of the expenditure that will have to be incurred for maintaining a Secondary School as grant in aid and enable the Panchayat Board to open and maintain a Secondary School at Valparai. A copy of the Resolution No. 95 dated 9-8-47 of the Board referred to is submitted for kind perusal and orders.

SCHOOLS--Secondary--Valparai Panchayat Board--Opening of a
Secondary School.

Reference:-Statement showing non-recurring items of charges
for the Secondary School proposed to be opened at
Valparai.

Submitted with reference to Government Memorandum No.

46103-B1/47-7 Education dated 7.1.1948 for information.

The following is the estimate of the expenditure likely
to be incurred on initial equipment in addition to the expenditure
of Rs. 2,500/- already incurred on the purchase of furniture for
the proposed Middle School at Valparai.

Item 3:- Cost of furniture required to be purchased
has been estimated at Rs. 2,000/- and this
may be accepted. .. Rs. 2,000 0 0

Items 4 and 6: For opening a Laboratory and a school
library, an amount of Rs. 5,000/- for each
has been provided for in the statement.
This is too much for a Middle school at
the initial stage and hence Rs. 1,000/- for
each may be allowed. .. Rs. 2,000 0 0

Item 7:- Geographical and Mathematical requisites
for both Tamil and Malayalam - Rs. 2,000/-
has been provided for in the estimate.
But Rs. 500/- will suffice for a Middle
School. .. Rs. 500 0 0

Total .. Rs. 4,500 0 0

The ultimate cost involved in opening and
maintaining a Middle school comes to Rs. 6,641/- per year. It is
submitted that in working out the ultimate cost the expenditure
on "Dearness Allowance" has been ignored since Dearness allowance
is likely to be discontinued in a year or two.

incurring of the extra cost involved in the opening and maintenance of the middle school assuming that a teaching grant on half the net cost basis will be made from 1949-50. (The grant for 1948-9 if the school is opened from the next school year is payable only in 1949-50). He is requested to treat the reference as specially urgent as orders in regard to the opening of the school should be issued early to enable the Panchayat Bd to make the necessary preliminary arrangements to start the school from the next school year.

The Govt. permit the Panchayat Board, Valparai, to open a middle school at Valparai from its own funds with effect from the school year 1948-49. The question of converting the middle school into a high school may be considered after experience is gained of the working of the middle school.

2. The question of sanctioning a teaching grant equal to one half of the net cost of maintenance of the school will be considered in connection with the budget for 1949-50 as part II Scheme for that year after the school is opened.

2. The policy of Govt hitherto has been not
to make any subsidy towards the cost of maintenance
of secondary schools newly opened by local bodies.
With a view to enable local bodies to meet the cost
of revision of salaries of teachers, the Govt have
undertaken to make teaching grants to secondary
schools now maintained by local bodies on the
basis of half the approved net cost of maintenance
of the institutions as in the case of aided secondary
schools. Proposals for admission of new institutions
to aid should normally go forward as Part II
schemes. In the present case, the P.B. Valparai,
requests sanction for the opening of the school
in the current year. It seems too late to consider
the proposal as one for introduction in the current
year as the schools have already been reopened
and it will be difficult to attract students to
the school proposed to be opened.

The remarks of the D.P.I. may first be
obtained. A draft memo is submitted below
for approval

[Issued as Memo No 46103 B, 47-3 dated 4.7.47] H 15cf

Please see the remarks of the D.P.I.
and the Special Officer, Dt. Board, Coimbatore on H 23-24 &
25 cf respectively and the letter of the Executive Officer,
Panchayat Board, Valparai on H 27-29 cf. The Special Officer
strongly recommends the request of the P.B. Board for the
opening of a secondary school at Valparai. The D.P.I.
is also of the opinion that there is a great need for the

opening of a secondary school in the area and that to
start with, a middle school may be opened. It is
usual to start a middle school and then convert it
into a high school after experience is gained of the
working of the middle school. The D.P.I.'s recommen-
dation that a middle school may be opened at Valparai
to start with may be accepted.

2. The expenditure involved in the opening of
middle school in 1948-9 so far as staff is concerned
is Rs. ~~4500~~ 4500. The D.P.I. has not reported what will
be the expenditure on initial equipment. He may be
asked to furnish the information. In regard to build-
ing, the Valparai Panchayat Board has proposed to incur
an expenditure of Rs. 2500 for the construction of a
hostel building of Rs. 60,000 for a school building. The
construction of the buildings for the school may perhaps be deferred till some
experience is gained of the working of the middle school and till then, the
D.P.I. may also be asked to report the ultimate
expenditure involved in the opening and maintenance
of the middle school.

A draft memo to the D.P.I. is submitted with
reference to para 2 above.

[Issued as Memo No 46103 B, 47-7 dated 7.1.1948]
H 31cf From the D.P.I. dated 4.2.1948.

Please see the D.P.I.'s reply on p 33 cf.
The expenditure likely to be incurred on initial
equipment in addition to the expenditure of Rs 2500/
already incurred on the purchase of furniture is estimated
at Rs 4500/ & the ultimate cost involved in the
opening of and maintenance of the middle school
is reported to be Rs 6641 per year. Including D.A., the
cost will not exceed Rs 8000.

3. The Inspector of M.L. Councils
Local Boards has expressed the opinion that the
Panchayat Board, Valparai cannot undertake the
management of a High school unless the
