11. G.O.Ms. No. 1213 Edn. dated 14-5-48.

I invite your attention to the Government Order referred to above wherein sanction was accorded for the opening of new middle schools for boys and conversion of Middle Schools into High Schools in taluks not served by such schools during the year 1948-49. The Inspecting officers are being addressed to report the names of taluks in which schools and forms have to be opened on similar lines during the year 1949-50. I request to be informed whether I may suggest provision to be made in Part II of the Budget Estimate for 1949-50 (which is due to be submitted to Government shortly) in respect of the taluks which would be suggested by the Inspecting officers as in the case of last year.

Yours faithfully,

Mr 7.8 ante

There are now no taluks which are not provided
with Middle schools.

2/ As regards the development of middle school into
High Schools in the taluks which are not served even by a
single High school, the following taluks are reported to
be having only middle schools and not even a single high school.

Name of Dt.	Name of taluk.	Year in which the Board middle school has been opened.
X 1. Nellore.	Rapur	1948-49. ✓
X 2. Tanjore	Arantangi	1948-49. ✓
X 3. Vizagapatam.	Chipurupalli	1947-48. ✓
4. The Nilgiris.	Gudalur	1948-49. ✓

All these middle schools are under the management of the local
bodies.

Items 1 and 4 have been opened under the special
subsidy scheme under reference.

3/ The Dt. Educational Officer, Nellore has simply shown,
Rapur as a taluk not having a High School and has not made
any specific recommendation whether the school should be
developed into a High school or not next year. It is, therefore,
suggested that the question of developing this centre may be deferred
for consideration in future years.

4/ In regard to Arantangi, the Dt. Educational Officer,
Tanjore has stated that the opening of higher forms in the school
can be considered only in successive years and that it is not
possible to open a high school in this locality straight away since
this taluk is a backward locality. This centre also, is, therefore
not recommended for development now.

5/ As regards Chipurupalli the question of developing
this middle school into a High school was considered during the current
year and the Special Officer has finally dropped the proposal, since
neither the management nor the public of the locality were in a posi-
tion to meet the requirements of the school-vid in this connection
Govt.Memo.No.20542-B1/48-1.Edn. dated 23-3-1948. This centre is,
therefore recommended for consideration now.

Schools by the opening of Form IV in 1949-50 or whether the
conversion of the schools may be deferred till more experience
is gained in regard to the working of the newly opened schools.

b The Dt. Educational Officer, *Coimbatore* and the Nilgiris has recommended the Board ~~Municipal~~ *made* School, Gudalur to be developed into a High School under this scheme and hence this centre is also recommended.

2 Incidentally it is submitted that the Dt. Educational Officer, East Godavari mentioned 3 taluks in the Agency area as the taluks in which middle schools are to be opened. The names of these taluks are Nugur, Yellavaran and Chodavaram. It is however doubted whether the scheme under reference applies to Agency area.

no 66259. from the D.P.D. no 1993- 3.2/48 3.27.5.48

The D.P.D. enquires whether he may submit proposals for the opening of new middle schools for boys and conversion of existing middle schools into high schools by local bodies in taluks not served by such schools for consideration as a Part II scheme for 1949-50.

(B)

2. Attention is solicited to the notes suppl 19-20 of of G.P. no 1213 Education 3/14.5.48. It will be observed therefrom that there are three taluks which have not got complete high schools. Chipurupalli in Vizagapatam Dt. Rajpur in Nellore Dt. and Gundalur in the Nilgiris Dt. A middle school was opened at Chipurupalli by the Vizagapatam Dt Bd in 1947-8 and it was admitted to ordinary teaching grant. Representations were made last year for the conversion of the middle school into a high school, but the S.O. Dt Bd, Vizagapatam, reported that there was no adequate accommodation for the opening of higher forms in the school. If the Dt Bd wants to convert the middle school into a high school + secure a suitable building for the higher forms, the question of admitting to the high school Dept. to special and may be considered. In regard to the remaining two centres, the middle schools were opened only in the current year and the question of converting the middle schools into high schools may be considered after some experience is gained of the working of the middle schools - there is no information whether there are any taluks without even a middle school

 If from the reports called for from inspecting officers, it is observed that there are taluks not served even by a middle school, the Director may be asked to submit proposals for the opening of new middle schools at the centres proposed by inspecting officers. The Director may be asked to limit the number to three new middle schools and to the conversion of three middle schools into high schools. - The scheme may be treated as imperative & immediately essential for the proper running of the department.

3. The Retrenchment & Reorganization Committee has recommended that even in respect of schools newly opened by local bodies in backward taluks, the grant-in-aid may be limited to one half of the net cost as is being done in the respect of schools opened previously. The Cabinet considered this recommendation at its last meeting and decided that it should be deferred ^{for further consideration}. It seems therefore that the system of making grants towards the entire net cost subject to a maximum for a period of five years ~~may~~ from the opening of the schools may be continued. ~~Special aid may be given even in respect of middle schools opened by local bodies under before in taluks not served by such schools under without special aid which are now proposed to be converted into high schools if special aid is given.~~

Please see the proposals of the D.P.G. at pp 9-11 cf. The D.P.G. has stated that there are no taluks now which are not served by even one middle school. Therefore he has not submitted proposals, for the opening of new middle schools in taluks not served by such schools, for consideration as a Part II Scheme for 1949-50.

2. As regards the conversion of existing middle schools into High Schools in taluks not served by such schools, the D.P.G. has proposed that the Middle Schools at Chipurupalli and Gudalur may be converted into High Schools. If there are still two more taluks without a high school in their viz.

3) As the conversion of the two schools into High schools comes under the special subsidy scheme, the schools selected for conversion will receive, as a special maintenance grant towards the actual net cost subject to a maximum of Rs 4,000/ per year for a period of five years and also a non recurring subsidy towards the full cost of equipment to be purchased subject to

a maximum of Rs 3,000/ for each school. Under the existing system, teaching grants should be assessed the Grant-in-Aid side and the grant for 1949-50 is payable only in 1950-51. Therefore no provision need be made in the B.E. for 1949-50 for the payment of teaching grants to these schools selected for conversion. However provision may be made in the B.E. for 1949-50 for the payment of an advance on equipment grant at the rate of Rs 1500/- for each school selected for conversion into high schools.

Part II scheme for 1949-50.

Sub: Grants to local bodies for the conversion of middle schools into high schools in taluks not served by such schools.

30 NOV 1948

Summary.

Head of Account	Item of Expenditure	Ultimate cost		Cost in 1949-50	
		Recurring Rs.	Non-recurring Rs.	Recurring Rs.	Non-recurring Rs.
37. h. Education - Secondary - Grants to local bodies for secondary education - A. Ordinary Areas -	Teaching grants for two high schools to be opened by local bodies at Chinnappalli and Gundalur.	8,000	-	-	-
1. Teaching Voted.	Subsidies towards the purchase of initial equipment for the two schools.	-	6,000	-	3,000.
3. Equipment Voted.	Total	8,000	6,000	-	3,000.

The policy of Govt. is to rely on local bodies and private agencies for the expansion of facilities for secondary education of boys. There are certain taluks in this Province which have not even a single high school. It is considered that there should be at least one high school in each taluk, that in a taluk where there are only middle schools but no high school, one of the ^{middle} schools should be converted into a high school by the opening of Form IV in the first

Mr. G. N. of (B)

year and Forms V and VI in the succeeding years. In order to achieve this object within a reasonable time, it ~~was~~ considered necessary to encourage local bodies and private agencies to ~~open schools~~ ^{establish high schools} in these backward taluks by payment of grants towards the full cost of the initial equipment to be purchased for each school subject to a maximum of Rs 3,000 (payable in two equal instalments in successive years) and also teaching grants based on the entire net cost of maintenance of the ^{school} subject to a maximum of Rs 4,000 a year ~~for a high school~~ ^{for the} first five years from the opening of the school instead of ~~one-half of~~ ^{the} net cost, as in the case of existing schools.

Under this system of special aid, two middle schools were converted into high schools in 1947-8 and the conversion of three middle schools into high schools has been sanctioned in the current year.

2. In the next year it is proposed to allow the Vizagapatam and the Nilgiris District Boards to convert the middle schools at Chipurapalle and Gudalur into high schools by the opening of Form IV - Forms V and VI will be added to in succeeding years. The teaching grants for the two high schools to be newly opened in 1949-50 is payable only in 1950-51 and no additional provision is necessary on this account under teaching grants. It is however necessary to make an advance grant of Rs 1,500 to each school towards the cost of purchase of initial equipment and ~~it is proposed to make~~ necessary provision will have to be made for the purpose in the BE for 1949-50.

3. The Retrenchment and reorganization committee has recommended that even in the respect of schools newly opened by local bodies in backward areas taluks, the grant-in-aid may be limited to one half of the net cost as is being done in respect of schools opened previously. The cabinet considered the recommendation ~~advised~~ and decided that it should be deferred for further consideration. Subject to a decision on this point, this department recommends that provision be made in the BE for 1949-50 for payment of grant ~~for the conversion of two middle schools~~ for the two high schools to be opened Budget for 1949-50 as shown in the summary at the top of this note.

Explanatory Note.

The policy of Government is to rely on local bodies and private agencies for the expansion of facilities for secondary education of boys. There are certain taluks in this Province which have not even a single high school. It is considered that there should be at least one high school in each taluk, that in a taluk, where there are only middle schools but no high school, one of the middle schools should be converted into a high school by the opening of Form IV in the first year and Forms V and VI in the succeeding years. In order to achieve this object within a reasonable time, it was considered necessary to encourage local bodies and private agencies to establish high schools in these backward taluks by payment of grants towards the full cost of the initial equipment to be purchased for each school subject to a maximum of Rs. 3,000 (payable in two equal instalments in successive years) and also teaching grants based on the entire net cost of maintenance of the high school subject to a maximum of Rs. 4,000 a year for the first five years from the year of the opening of the school instead of one-half of the net cost, as in the case of the existing schools. Under this system of special aid, two middle schools were converted into high schools in 1947-48 and the conversion of three middle schools into high schools has been sanctioned in the current year.

2. In the next year, it is proposed to allow the Vizagapatam and the Nilgiris District Boards to convert the middle schools at Chipurapalle and Gudalur into high schools by the opening of Form IV—Forms V and VI will be added to in succeeding years. The teaching grants for the two high schools to be newly opened in 1949-50 is payable only in 1950-51 and no additional provision is necessary on this account under teaching grants. It is, however, necessary to make an advance grant of Rs. 1,500 to each school towards the cost of purchase of initial equipment and necessary provision will have to be made for the purpose in the Budget Estimate for 1949-50.

3. The Retrenchment and Reorganization Committee has recommended that, even in respect of schools newly opened by local bodies in backward taluks, the grant-in-aid may be limited to one-half of the net cost as is being done in respect of schools opened previously. The Cabinet considered the recommendation and decided that it should be deferred for further consideration. Subject to a decision on this point, this Department recommends that provision be made in the Budget Estimate for 1949-50 for payment of grants for the two high schools to be opened as shown in the summary at the top of this note.
