ANNAMALAI UNIVERSITY

No. 52253

From

19 AUG 1948

17th August, 1938.

THE REGISTRAR,

ANNAMALAI UNIVERSITY,
ANNAMALAINAGAR.

To

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

Sub: Annamalalai University - Extensions to Science Buildings.

Ref: G.O.Ms. 967 Edn. dated 28--6--48.

In the G.O noted above, the Government have been pleased to sanction a grant of Rs.2.25 lakhs towards the Construction of Extensions to Science Buildings. Towards this amount, the University has so far drawn Rs.76,765 sanctioned in G.O.639 Edn. dated 22--3--46 and Rs.77,758 in G.O.563 dated 20--3--47 and Rs.60,285 in G.O.No.599 dated 20--3--48. There is thus a balance of Rs.10,192 to be claimed on basis of value of work done as certified by the Executive Engineer. The construction of the buildings is now over, and the final bill with the measurement books have been sent to the Executive Engineer, South Arcot District for inspection and issue of necessary certificates.

In the original estimate on the basis of which Government had sanctioned a grant of 2.25 lakhs for the Construction of the Extensions to Science Buildings, there is no provision for work benches, furniture for laboratories, rain water pipes, drains for rain water and electric fittings etc., without which the construction of the buildings cannot be said to be complete.

The estimated cost of the new additions to be made is Rs.75,000/- and I request that Government may be pleased to sanction on the basis of the revised estimate ~~Rs.75,000/-~~, the additional grant of Rs.75,000/-

Yours faithfully,

PN.17/8.

K. Manandaram
As. Registrar.

(1)	(2)	(3)	(4)
		Rs.	Rs.
37.(a) - Education - University - Grants to Universities - C. Annamalai University - Voted - Non-recurring.	Grant to the Annamalai University for extensions to the Science buildings - for provision of work benches, furniture for laboratories, rain-water pipes, drains for rain water, and electric fittings etc.	37,500/-	37,500/-

In 1942, the Govt. sanctioned a grant of Rs. 1.38 lakhs to the Annamalai University for the extensions to the Science buildings. The scheme was ordered to be taken up for execution after the restoration of normal conditions. The University was asked to apply for the disbursement of the grant then.

In 1945 the Govt. authorised the University to proceed with the work. On account of the rise in price of articles, the University submitted a revised estimate for the building for Rs. 2,25,000/-. Subsequently, the Govt. raised the grant payable for this scheme from Rs. 1.38 lakhs to Rs. 2.25 lakhs and the Govt. have so far disbursed grants to the extent of Rs. 2,14,789/-. The University will be applying for payment of the balance of grant, viz. Rs. 10211/- in due course.

2. This year, the Registrar has applied for an additional grant of Rs. 75,000/- for the scheme stating that ~~xxxxxx~~ in the original estimate with reference to

Special

Please put this note in print and supply 50 copies by 9/12/48.

by

which the Govt. sanctioned an increased grant of Rs. 2.25 lakhs, there was no provision for work benches, furniture for laboratories, rain-water pipes, drains for rain water and electric fittings, etc., and that without these additions, the buildings cannot be said to be complete.

~~The University already applied for a grant of Rs. 12,500/- for a small workshop for the new laboratories, on the ground that it had been omitted in the first original estimate by inadvertence. Reconsideration of orders was refused. Now the University states that the items for which a grant of Rs. 75,000/- is applied for, by the University are entirely different from those items for which a grant of Rs. 12,500/- was applied for by the~~

~~University and refused by the Govt. In the circumstances, this University proposed that a half grant may be given for the purpose to the University. Finance Deptt. advised against the proposal for a grant for this scheme in view of the imperative need to avoid all new expenditure at present. This Deptt. pressed the scheme in circulation and suggested that the scheme being a scheme will have to be placed before the S.F.C. and the Cabinet or alternatively be treated as Part II Scheme for 1949-50. It has been ordered in circulation that the scheme for a half grant to the University for the purchase of furniture, fittings etc. required for the extensions to the laboratories in the Annamalai University may be treated as a Part II Scheme for 1949-50. This~~

~~It has been ordered in circulation that the proposal for a half grant for the scheme relating to the purchase of furniture etc. for the extensions to the science laboratories in the Annamalai University~~

~~may be treated as a Part II Scheme for 1949-50. The grant will be sanctioned in 1948 after the estimate for the scheme is scrutinised by P.W.D. in April 1949~~

~~It is accordingly proposed to make provision for a half grant of Rs. 37,500, in this scheme, in the Estimates for 1949-50, as in the summary above~~

28.11.48

EDUCATION AND PUBLIC HEALTH DEPARTMENT.

PART II SCHEME FOR 1949-50.

[SUBJECT.—University—Annamalai—New Science Buildings—Grant for work benches, furniture for laboratories, rain-water pipes, drains for rain water and electric fittings, etc.]

Summary.

Head of account.	Item of expenditure.	Non-recurring.	
		Ultimate cost.	Cost in 1949-50.
		RS.	RS.
37. (a)—Education—University—Grants to Universities—C. Annamalai University—Voted—Non-recurring.	Grant to the Annamalai University—New science buildings—provision of work benches, furniture for laboratories, rain-water pipes, drains for rain water and electric fittings, etc.	37,500	37,500

In 1942, the Government sanctioned a grant of Rs. 1.33 lakhs to the Annamalai University for the extensions to the science buildings. The scheme was, however, ordered to be taken up for execution after the restoration of normal conditions and the University was asked to apply for the disbursement of the grant then. In 1945 the Government authorized the University to proceed with the work. On account of the rise in price of articles, the authorities of the University submitted a revised estimate for the building for Rs. 2,25,000. Subsequently, the Government raised the grant payable for this scheme from Rs. 1.38 lakhs to Rs. 2.25 lakhs and the Government have so far disbursed grants to the extent of Rs. 2,14,789 and the balance of grant, viz., Rs. 10,211, will be disbursed in due course.

2. This year, the Registrar has applied for an additional grant of Rs. 75,000 for the scheme stating that in the original estimate with reference to which the Government sanctioned an increased grant of Rs. 2.25 lakhs, there was no provision for work benches, furniture for laboratories, rain-water pipes, drains for rain water and electric fittings, etc., and that without these additions, the buildings cannot be said to be complete. The authorities applied in April 1945 for a grant of Rs. 12,500 for a small workshop for the new laboratories, on the ground that it had been omitted in the first original estimate by inadvertence. No grant was sanctioned. Now the Registrar of the University states that the items for which a grant of Rs. 75,000 is applied for, are entirely different from those items for which a grant of Rs. 12,500 was applied for in 1945. It has been ordered in circulation that the proposal for a half grant for the scheme relating to the purchase of furniture, etc., for the extensions to the science laboratories in the Annamalai University may be treated as a Part II Scheme for 1949-50. The grant will be sanctioned in 1949 after the estimate for the scheme is scrutinized by Public Works Department. It is accordingly proposed to make provision for a half grant of Rs. 37,500, for this scheme, in the Estimates for 1949-50, as in the summary above.

M. V. SUBRAMANIAN—30-11-48.

LETTER No. 8826 Wks/48-1. dated 24th January 1949.

Sir,

Sub: University - Annamalai - New Science buildings - Grant for the work benches etc. - Estimate for Rs.75,000/-
Ref. Govt. memo No.62028-G.3/48-4 Edn. d/21-12-48.

The estimate of Rs.75,000/- received with the Government memo cited above, is herewith retransmitted with the following remarks:-

The full description of the items of work provided for in the estimate as also their quantities, have not been furnished for many of the items of work. Further, only lump sum amounts have been provided for many items of work except for the first 3 items. In the circumstances, the estimate under reference is not susceptible of a detailed check. Hence the provisions made in the estimate have been only generally checked and they appear to be necessary for the purpose of a laboratory.

for Chief Engineer, P.W.D.(General).

registered on 10/11/48
from the Registrar, Annamalai
University, No. 5223 dt-17.8.48

Copy at (R)

In G.O. No. 700 Edu dt-12.5.42, the Govt.
decided to make a grant of Rs. 1,38,000/-
to the Annamalai University, for the exten-
sions to the Science buildings, but observed
at the same time that the scheme could
not be taken up for execution under the
war conditions then prevailing. They therefore
asked ~~the~~ the University ~~to~~ apply for
disbursement of the grant, when the
scheme was taken up for execution on the
restoration of normal conditions. In 1945
the Govt. authorized the University to proceed
with the work. ^{As in} G.O. No. 967 Edu dt-28/6/45 that the
grant of Rs. 1,38,000/- already provided
for the scheme, be raised to Rs. 2,25,000/-
based on the revised estimate. Out of this
grant, the ~~total~~ ^{so far} amount ~~disbursed~~
by the University is Rs. 2,14,789/- and
the balance ^{for} due to the University is
Rs. 10,211/-. The Registrar reports that
the construction is now over and that
the final bills together with the
measurement books have been sent
to the Executive Engineer, S.A. dt. for
inspection and issue of necessary
certificates.

2. The University has now applied for an additional grant of Rs 15,000/- for the scheme, stating that in the original estimate with reference to which the Govt. sanctioned a grant of Rs. 2,25,000/- ~~for the scheme~~ ^{there was no provision} for work benches, furniture for laboratories, rain-water pipes, drains for rain water and electric fittings etc. ~~was not included and that without these additions, the buildings~~

XXXXXX cannot be ^{said} to be complete. It may be pointed out that the University already applied for a grant of Rs. 12,500/- for a small workshop for the new laboratories ~~on the ground that the item had been~~ ^{which was} inadvertently omitted in the first original estimate, but the Govt. ~~already~~ passed orders declining to make a grant for that item, ^{Reconsideration was refused.} which was not included in the original estimate. The University reports that the items for which a grant is now applied for, ~~in this file~~ are entirely different and has also furnished a list showing the estimated cost of the various items for which a grant is now sought for. The University has not stated why these items were not included in the original estimate itself. The urgency of the scheme has not also been explained by the University. In the circumstances, ~~XXXXXXXXXXXX~~ ^{it is for orders whether the request} of the University for a grant for these items may be negatived. If, however, it is ~~XXXXXXXXXXXXXXXXXXXX~~ ^{be} decided to make a grant for the scheme, the ~~the~~ estimate may ^{be} got scrutinized by the P.W.D. The file may now be sent to Finance u.o. for remarks u.o. prior to circulation.

2000-620843/48-28
28/10/48

Please see the notes on p. 1-2 above. It will be observed that the scheme of extension to Science buildings undertaken by

The Annamalai University was originally estimated to cost Rs 1.38 lakhs only and the Govt. as a special case, decided to increase the grant to Rs. 2.25 lakhs based on the value of the revised estimate owing to the rise in prices of materials. The fact that a full grant was allowed to the University on the revised estimate for the work was itself a concession. The items mentioned on p. 7 of. for which an addl. grant of Rs 75,000/- is now asked for were not included in the original estimate for the scheme. ~~There was no reason why these items should not have been included in the~~ ~~estimate as was being raised.~~ Although they are considered necessary for the Science buildings, there seems to be no reason why the Govt. should, in addition to the grant already committed to pay, give a further grant in respect of them. The University should be able to find funds to equip the buildings with these items, which mainly relate to provision of work benches and gas and sanitary fittings. In the circumstances, ^{Govt. of Madras} ~~Finance~~ may advise that no grant need be given in respect of the items enumerated on p. 7 of.

If E.H.H. wish to press their proposal to give a half grant, they may take note in circulation including H.H. (Fin). If the proposal is to be sanctioned, as this is ~~the~~ an extension of the original scheme, it need not be treated as a 'New Service', but as this is a new scheme of expenditure, the proposal will have to be placed before the S.P.C. & the Cabinet as the amount of grant payable ^(Rs. 37,500) exceeds Rs 20,000/- non-recurring, ~~under the air brought forward in~~ ^{Res. Scheme}

The request of the Annamalai University for a ~~small~~ grant of Rs 12,500 for the construction of a workshop to be attached to the laboratories was turned down on the ground that the origl. estimate for the laboratories did not include a workshop. The same reason applies to the items for which a grant

X'm 174 and
Y'm 184 of
Go 967 (d)

is now asked for. There is greater justification for turning down the request now made, as the Govt. have to avoid all fresh liabilities and even curtail expenditure on standing sanctions so as to balance the Budget as advised by the Govt. (in pursuance of their anti-inflationary policy). Further, if the Govt. agree to make a grant towards the cost of furniture & fittings, for the extensions to the laboratories, a request for ^{further} equipment of the extended laboratories may follow. In view of the imperative need to avoid all new expenditure at present, Finance would strongly advise against the proposal in this case to make a half grant to the Annamalai Univ. towards the cost of furniture, fittings, etc. for the extensions to the laboratories.

E. & P.H. (G.3)

The case relates to the request of the Annamalai University for an additional grant for the provision of work benches, furniture, rain water pipes, drains and

electric fittings for the science buildings, which are

estimated to cost Rs. 75,000/-. The University reports

that these items were not included in the original estimate for the science laboratories, and states that ~~these items are essential~~ without this equipment the laboratory cannot be said to be complete.

In the circumstances stated by the University, this Deptt. proposed that a ~~xxx~~ half-grant may be given for this scheme.

Finance ~~xxx~~ Deptt. point out that the Govt. showed a special concession to the University in that the estimate for the science laboratories was revised from Rs. 1.38 lakhs to Rs. 2.25 lakhs and ~~xxx~~ allowed a full grant therefor. They point out that as the Govt. have to avoid all fresh liabilities and even curtail

(PTD)

curtail expenditure on standing sanctions, so as to balance the budget, as advised by the Govt. of India (in pursuance of their anti-inflationary policy), the request of the University should be turned down. They also state that if the Govt. undertake to make a grant towards the cost of furniture, fittings etc. for the extensions to the laboratories, the University will make a further request for a grant for equipment of the extended laboratories. In view of the imperative need to avoid all new ~~expenditure~~ expenditure at present, Finance strongly advise against the proposal to make a half-grant for the scheme. It is now for consideration whether in the circumstances stated by the University, this Deptt. will press for a half-grant for the scheme, and if so, ~~the proposal is being~~ the case may be circulated to H.M. (Edn) and H.M. (Fin) for orders. If the proposal is to be sanctioned, ~~the xxxxxxxxx~~ a new scheme it will have to be placed before the S.F.C. and the Cabinet.

Alternatively it may be treated as a Part II scheme for 1949-50.

(Issued as memo. No. 62028-63/48-4 Edn., dated 21-12-1948) - P13cf
C.No. 6071/49. From the Chief Engineer, P.W.D. (G1), No. 8826-Wks/48-1 P15cf dated 24-1-48.

The Chief Engineer states that since the full description of the items of work provided for in the estimate has not been furnished for any of the items, the estimate is not susceptible of any detailed check, but that however the provisions in the estimate have been only generally checked and that they appear to be necessary for the purpose of a laboratory. In the circumstances, the estimates of the University may be accepted for purposes of grant.
