The Secretary to the Government,
Education & Public Health Department,
Fort St. George, Madras.

Sir,

I write to express the thanks of the Syndicate to the Government for the grant that they have kindly given with a view to instituting a Professorship in Tamil in the University (Vide G.O.Ms.No.751 Edn. dated 1-4-1948).

In this connection, the Syndicate considered the position of the other languages in the Oriental Research Institute of the University and have resolved that the Vice-Chancellor should approach Government with the request that they may be pleased to consider the possibility of revising the posts of Senior Lecturers now sanctioned in the University for these languages into Readers.

It has been suggested that a Professorship and a Readership may be created in the Oriental Departments, that persons may be selected to such appointments by virtue of their service, educational attainments and research qualifications. The senior members in the Oriental Section are the Heads of the Department of Sanskrit and Malayalam. The Head of the Department of Sanskrit has been a Reader for many years. The possibility of a Professorship being available for the Department at present, which may in rotation go to other Departments later, depending upon the seniority and academic qualifications of the Heads of other language departments has been considered by the Syndicate. Likewise the senior Lecturer in Malayalam who has high academic qualification has been senior Lecturer for over

twenty years, and it is considered that if a Readership is available for the Oriental Research Institute, such a senior Officer should be promoted as Reader in Malayalam.

4 In view of these suggestions, I am to request that the Government may be pleased to consider favourably the request of the University and sanction a grant for the institution of a Professorship and Readership in the Oriental Section of the University. An annual grant of Rs.5,000/- for a Professorship and a grant of Rs.4,000/- for a Readership is considered necessary. The enclosed statement gives details of the ~~two~~ grants required.

5 I request that the subject may be favourably considered by Government.

I have the honour to be,
Sir,
Your most obedient servant,

A. L. Mudali
VICE-CHANCELLOR.

To

The Secretary to the Government,

S i r,

Madras University - Institution of Professorships and Readerships in the Oriental Research Institute - Grant from Government.

I have the honour to acknowledge receipt of your letter No. 40434 G3/48-2 Education dated the 3rd August 1948, regarding the institution of a Professorship and a Readership in the Oriental Research Institute. I have been directed to explain further the proposals of the University for consideration by Government.

At the present time, there are six Departments in the Oriental Research Institute. Of these, the Heads of the Sanskrit and Tamil Departments alone may be Readers. A short time ago, the University created a floating Readership, which may be held by the Head of any of the other four language Departments whose heads are normally Senior Lecturers. That Readership is now held by the Head of the Islamic languages Department. Thanks to an endowment by Miss Lazarus and the kind assistance of Government, the Headship of the Tamil Department would shortly be raised to a Professorship. If the present system continues, the Heads of none of the other Departments have a chance of becoming Professors. It is to remedy this that it is proposed to provide for a Professorship which may be held by the Head of any of these five Departments. It is largely with a view to giving Indian Languages the status that they deserve that it is proposed to provide an opportunity for teachers of these languages to occupy the highest grade available in the University. If the proposals of the University are accepted, out of the six Departments, the Heads of two will be Professors, the Heads of two more will be Readers and the Heads of two will be Senior Lecturers. There is no reason to suppose that some Departments will miss the chance of getting a Readership or Professorship in the ordinary course consequent on retirement of senior people. The juniormost persons who will occupy the position of Senior Lecturers are hardly likely always to be in the same Department. It may also be stated that the University proposes to revise the grade of the salary of the Senior Lecturers from Rs. 210 - 300 to Rs. 200 - 500. There will thus be a very considerable improvement in the position even of those who are Senior Lecturers.

The University will only be too glad if the assistance of the Government will make it possible for the University to make all the Heads of language departments Readers, but it is imperative that they should also have a chance of aspiring for a Professorship in

order that their status may not be inferior to that of any other teachers. The University has never made any distinction between the status of language teachers and other teachers.

Yours faithfully,

The University of Madras has applied to the Govt. for sanctioning grants as shown below towards a Professorship on Rs.750-50-1000 and a Readership on Rs.400-25-600 which the University proposes to create in the Oriental Section:--

Sanskrit, Tamil, Telugu, Kannada, Malayalam and the Islamic languages. Of these only the heads of the Deptt. of Sanskrit, Tamil and Islamic language sections are Readers. The heads of other departments are Senior Lecturers. If the proposals of the University are sanctioned, the heads of two departments will be Professors, the heads of two others will be Readers and the heads of the remaining two departments will be Senior Lecturers. It may be mentioned in this connection that though the University has asked for a grant of Rs. 5000/- for the creation of a Professorship and Rs. 4000/- for the creation

of a Readership. On the basis of the average costs, the ultimate cost on account of the Professor and Reader per annum will be Rs. 11,000/- and Rs. 6,320/- respectively. If as proposed, a half-grant is agreed to, the amounts of Government grants will be Rs. 5,500/- and Rs. 3,200/- respectively. Equal amounts will represent the extra expenditure to the University in respect of the new appointments. The University has however asked for a grant of Rs. 5,000/- for the Professorship. The half-grant to be paid in respect of this appointment may be limited to this figure. The half-grant for the Readership will be Rs. 3,200/-, which is lower than the amount asked for by the University. The Finance Department recommends that a half-grant may be given for the purpose. It has been ordered in circulation that the proposal for a half-grant to the University for the purpose may be considered as a Part II scheme.

This Deptt. therefore recommends that a half grant of Rs. 5000/- for the institution of a Professorship and Rs. 3,200/- for the institution of a Readership in the oriental section of the University may be paid to the University, and a provision of Rs. 8,200/- may be made in Budget for 1949-50 for the purpose as indicated in the summary at the top.

UNIVERSITY - Madras - Institution of a Professorship and Readership in the Oriental section of the University - Grant - Recurring - Request for.

From The V.C., University of Madras, dated 29.5.1948.

Please see the letter from the Vice-Chancellor, University of Madras, on p.p. 1-2 c.f. and the statement on p.3 c.f. The V.C. requests the Govt. to sanction an annual recurring grant of Rs.5000/- and Rs.4000/- respectively for the institution of a Professorship and Readership in the Oriental Section of the University. The details of cost involved in the scheme are found in the statement at p.3. c.f. The proposal of the University is to ^{create} ~~grant~~ one post of Profr. and another post of Reader in lieu of the existing posts of Reader and Senior lecturer respectively. The posts are not to be ^{estimated} ~~correlated~~ for any particular language in the Oriental Research Institute of the Univ., but the senior members in any of the languages in the section will be selected and appointed to these posts by virtue of their service, educational attainments and research qualifications. The number and category of the posts in the various languages at present are as follows:-

Name of languages.	Profr.	Reader.	Sr.Lecr.	Jr.Lecr.
Sanskrit.	-	1	1	1
Tamil	2	1	1	1
Telugu	-	-	1	1
Kannada	-	-	1	1
Malayalam	-	-	1	1
Arabic Persian and Urdu	-	1	-	2

The Professorship and Readership now proposed to be in the note will go by rotation to the senior members in the Institute; the post of Reader or Senior lecturer in that language section from which the person is selected and appointed as Professor or Reader will apparently be kept in abeyance till the period of retirement of the person concerned. The present proposal has presumably been made as a result of the recurring grant of of Rs.2500, recently given by Govt. for ^{utilising} ~~utilising~~ a Professorship in Tamil. But in

that case, the grant was made in view of the endowment of Rs.68,000/- made by one Miss Theodora Lazarus for the purpose of instituting a chair in the council. Tamil

No such endowment or donation has been received by the Unty. in the present case. The Unty. requests the Govt to sanction annual grants of Rs.5000/- and Rs.4000/- (i.e) in effect, it requests the Govt to meet the entire cost involved in the creation of the posts of one Professor and One Reader. It is for consideration whether the request of the Unty. will be complied with. If the proposal is to be considered, it should be treated as a Part II scheme. It is for orders whether the proposal may be considered as a Part II Scheme for 1949-50. Fin. may see the case u.o. for remarks prior to circulation.

The file relates to a request from the University of Madras for a recurring annual grant of Rs.5000 and Rs.4000 respectively for the institution of a Professorship and Readership in the Oriental Section of the University. E & P.H. consider that the cause is worthy of Govt. support and that the proposal may be accepted and brought forward as a Part II Scheme for 1949-50.

2. The present proposal is a result of the recurring grant of Rs.2500 p.a. recently given by Govt. for instituting a Professorship in Tamil. Attention is invited to the minutes of H.M.(Fin.) on pp.4 and 5 N.F. of G.O.No.751, Education, dated 1-4-1948. The grant in

that case was made especially in view of the fact that a Christian lady offered an endowment of Rs.68,000 and odd for a chair in the Madras University and not because the finances of the University. Chair in Tamil fell short of the interest to be raised by the endowment. It could not bear the expenditure on that account and in view of the small amount involved - see the minute of H.M.(Edn.) on p.5 N.F. of (d). No such donation or endowment has been offered received in the present case. There appears to be no precedent where a full recurring grant has been made to an University for such a purpose. In view of the above considerations and of the sound state of the finances of the Madras University, there is no strong case for a grant, much less for a full grant from Govt. for the purpose.

However, it is considered that some grant should be given to the University, Finance may suggest that it be on a half grant basis. E.P.H. may be requested to obtain orders in circulation including H.M.(Fin.) on the question whether the proposal should be forward as a Part II Scheme for 1949-50 and whether the amount of grant payable to the University may be restricted to one half, instead of a full grant proposed as proposed.

I find from the linked file that it is proposed to create a post of Professor in Sanskrit and Reader in Malayalam in the Oriental Section of the University for which a grant is asked. When this is done, four out of the six languages will have either Professors or Readers as the heads of their Depts. Only Telugu and Kannada language Depts. will be left out with Senior Lecturers to manage them. The suggestion

to confer the proposed Professorship and Readership by rotation to the senior members in the Institute seems to me to be not equitable as it is in the nature of a personal reward to the seniormost men, who may all be in one language Dept., and will not, therefore, help to maintain parity between the various Depts. of the Institute. At this time, when our regional languages are being given due importance, it is but proper that the status of all the language Depts. is appropriately raised. I would, therefore, suggest that if the Govt. decide to give any grant, it should be for raising the status of the language Depts. now under Senior Lecturers by creating Readerships for them before more Professorships are created in place of Readerships.

From the Registrar, University of Madras No.A.3941-dated
9-9-48.

The case relates to the application from the Vice-Chancellor of the University of Madras for annual grants from provincial funds as shown below towards a Professorship on Rs.750-50-1000 and a Readership on Rs.400-25-600 which the University proposes to create in the Oriental section:-

Professorship - a grant of Rs.5000 a year.

Readership - a grant of Rs.4,000/- a year.

The posts are to be created not in any specific languages, as such but appointments will be made to them from among persons with seniority educational attainments and Research qualifications, in any of the languages. The posts will go by rotation to such persons. The Vice-Chancellor in his letter on pages 1-2 c.f. gives the instances of the Reader in Sanskrit who has had no chance of becoming a Professor and of the Senior Lecturer in Malayalam who has had no chance of becoming a Reader. It is with a view to encouraging persons of this type that the two posts are to be created.

2. The University of Madras has, it is understood, six departments in its Oriental Research Institute for Sanskrit, Tamil, Telugu, Kannada, Malayalam and the Islamic languages. Of these only the head of the Tamil section is now Professor and the heads of the Sanskrit and the Islamic languages sections are Readers. At the suggestion of H.M.(P.H.) it was put to the Registrar, that if the present proposals were accepted, there would be no parity as between languages and it was likely that the Telugu and the Kannada languages would be left with Lecturers only as heads of the sections. It was therefore suggested that the University might create more Readerships which might go to departments under ^{Senior} section Lecturers, instead of creating Professors' posts. The Registrar's answer to this is contained in his letter on pages 7-8 c.f. He

has explained that the University has never made a distinction between the status of Language teachers and other teachers, that the present proposals are designed to remedy a defect in the existing system under which senior men and persons with attainments have no chances of being appointed as Professors or Readers and that there is no reason to suppose that by giving effect to the proposals, some departments will miss the chance of getting a Readership or Professorship in the ordinary course. The Registrar observes that by implementing these proposals, out of six departments, the heads of two will be Professors, the head of another two will be Readers and the head of two others will be Senior Lecturers. He has mentioned a proposal of the University to raise the salary of the Senior Lecturer from Rs.210-300 to Rs.200-500. Though it may be desirable to have Readers for all departments, it is imperative, in the University's opinion, that heads of the departments should have chances of attaining the status of Professors.

3. Finance have suggested that the grant may be on a half-grant basis and that orders may be taken in circulation for considering the proposal as a Part II Scheme. HM (Edn) & HM (Fin) have passed orders on page 4 ante -

4. With Reference to the point raised by HM (PH) in his minutes on pages 6 & 7 ante, it is for orders whether the explanation offered by the Registrar may be accepted and the proposal may go forward as a Part II Scheme. HM (Edn) & HM (PH) may do -

I still think that all the language departments should have atleast a Readership. Anyhow, as the proposals in this file are reasonable, I do not object to them.

Statement showing extra cost on account of the creation of the post of a Professor and Reader in the Oriental section of the University of Madras:-

Post -	Scale of pay.	Average pay	Cost per annum
Professor (1)	750-50-1000.	Rs 916 $\frac{2}{3}$ p.m. ^{AA. +100}	11,000
Reader (1)	400-25-600.	" 526 $\frac{2}{3}$ " ⁺⁹⁵	6,320
			<u>17,320</u>

$$916\frac{2}{3} + 100 \times 12 = 1016\frac{2}{3} \times 12 = 3050 \times 12 = 36600$$

$$12200 \text{ half grant} = 6100 \text{ limited to Rs } 5000$$

Half grant = ~~11000~~
 Item 1 - Rs 11000 = 5,500 when limited to University's revenue - Rs 5000/- only
