University - Annamalai University - Drainage Scheme Grant etc.

Government's letter Edn. and P.H.No.27883-G.3/48-2 Edn. dated 24-5-1948.

With reference to Government's letter dated 24-5-48 calling for necessary proposals to be submitted in respect of the drainage scheme for consideration in connection with the Part II Scheme for 1949-50, I am to state in continuation of my letter No.397 dated 12-4-1948, that the lack of a drainage scheme for the University colony is felt as a serious drawback and due to the absence of an adequate arrangement for the discharge of sullage water from houses, latrines, kitchens and laboratories the areas adjoining residential houses, hostels and laboratories have become breeding centres for mosquitoes and is thus a serious menace to the health of the colony whose population has arisen to more than 6,000 on account of the opening of the Engineering and Technology courses of study.

In the circumstances I have to urge that the scheme originally sanctioned so early as 1942 may not admit of further postponement without prejudice to the health of the residents of the colony. I therefore request that the Government may be pleased to make a provision of Rs. 1,50,000 being the expenditure estimated to be incurred on the construction of the drainage scheme for 1949-50 as detailed below:-

1. Laying Sewers. ...	Rs. 75,000
2. Sanitary fittings to buildings.	25,000
3. Motor and Pump House.	30,000
4. Pumping plants. ...	20,000
Total.	Rs.1,50,000

Yours faithfully,

In 1942, the Government sanctioned a grant of Rs.2.31 lakhs for the provision of an underground drainage in the Annamalai University ^{campus} with reference to the then estimated cost. The University was, however, informed that the execution of the work should be deferred until normal times ^{were restored} and that the provision of funds would be considered when the execution of the work became practicable. The University later on, submitted a revised estimate for Rs.4.927 lakhs on account of the increase ⁱⁿ the cost of materials. The Chief Engineer, Public Works Department, ~~has~~ stated that the estimates might be accepted for purposes of formal sanction, but that the actual work should be done only after calling for tenders and that a revised estimate based on accepted tender rates should be prepared and sanctioned. ~~It was accordingly proposed to accept the proposal to approve the revised estimate subject to the condition mentioned by the Chief Engineer.~~ The proposal was placed before the University Grants Committee. The Committee recommended that the application of the University for enhancement of the original grant based on the ~~basis of the~~ revised estimate be ~~approved~~.

sanctioned. The Standing Finance Committee, to which the scheme was referred, advised that the application for increase of grant might be considered as a Part II Scheme for 1948-49. The proposal for a grant to the University on the basis of the revised estimate of Rs.4.927 lakhs in respect of this work was accordingly considered as a Part II Scheme for 1948-49. The

Standing Finance Committee which considered this scheme along with other Part II Schemes for 1948-49, recommended that the scheme be omitted and the Cabinet ~~approved the above decision~~ *accepted that recommendation*. The University was informed of the decision of the Govt.

2. In April 1948, the University requested Government to reconsider their decision regarding the enhancement of the grant already sanctioned for the scheme and to make necessary provision for the scheme in the Budget Estimate for 1949-50. *In reply, the University was told that the orders already issued regarding the enhancement of the grant could not be reconsidered.*

As regards the request of the University for making provision for the scheme in the B.E. for 1949-50, the University was asked to submit to Govt. in September, 1948, necessary proposals for consideration in connection with the Part II Schemes for 1949-50. The University has now applied for a provision of Rs.1.50 lakhs for the scheme in the Budget Estimate for 1949-50.

It is considered that provision for a grant for this amount may be made for the scheme during 1949-50 as shown in the summary above, on the basis of the original estimate of Rs. 2.31 lakhs, as already decided.

From the Registrar, Annamalai University, dt-19.10.48

The Registrar, Annamalai University, in his letter on p. 7 of requests the sanction of ~~an increased grant~~ ~~of Rs. 1.5 lakhs~~ ~~in the B E for 49-50.~~ based on the revised estimates, for the drainage scheme and to make provision for a grant of Rs. 1.5 lakhs in the B E for 49-50. The University has already informed that the Govt. see no reason to reconsider the orders already passed on the question of increasing the grant. The attention of the University may now be drawn to that fact. The question of making a provision of Rs. 1.5 lakhs for the scheme in 49-50 is under consideration as a Part II scheme for 49-50. The University may be informed accordingly. A draft letter is subd for approval.
