It is not possible to give confirmation as to whether the vehicle could be collected by road or by rail, unless the condition of the vehicle is seen. If by some local minor repairs the vehicle could be taken by road it would be better. Hence I suggest that an NCO and driver from this unit are sent to you for ascertaining the condition of the vehicle and if it could be taken by road, the vehicle may be handed over to them. The original Issue Voucher also as handed over by U.O.T.C. will be sent through them for checking. If in the opinion of the N.C.O.the vehicle cannot be taken by Road, then arrangements are to be made for despatching it by rail.

It is not possible to give confirmation as to whether the vehicle could be collected by road or by rail, unless the condition of the vehicle is seen. If by some local minor repairs the vehicle could be taken by road it would be better. Hence I suggest that an NCO and driver from this unit are sent to you for ascertaining the condition of the vehicle and if it could be taken by road, the vehicle may be handed over to them. The original Issue Voucher also as handed over by UOTC will be sent through the for checking. If in the opinion of the NCO the vehicle cannot be taken by road, then arrangements are to be made for despatching it by ~~xxx~~ rail.

Would you please let me know urgently if the above arrangement will suit you.
