Subsidies are paid to local bodies not exceeding one half of the cost of purchase of equipment for secondary schools under their control. The Director of Public Instruction submits for consideration as a Part II Scheme every year a list of new Schemes for the purchase of equipment for which provision should be made in the next year's budget.

The Director of Public Instruction has recommended that a sum of Rs. 86,600 may be provided in the next year's budget for payment of the grant. It is considered that provision in respect of one of the Schemes recommended by the Director may be omitted as it will be considered separately and that in respect of another item the grant may be restricted to Rs. 5,000 the maximum allowed for each scheme. The total net amount required in 1949-50 for the equipment Schemes is thus reduced to Rs. 81,900. A list of the institutions on whose behalf this amount has been applied for is annexed. The subsidy proposed in each case represents one half of the cost of the equipment.

The Director of Public Instruction has also proposed that a sum of Rs. 1,100 may be provided towards the payment of subsidy to the Board High School, Bhadrachalam, representing one half of the cost of the laboratory equipment to be purchased.

This Department recommends that provision may be made in the next year's budget as indicated in the summary at the head of the note.

comes, it is surprising that many should say that we are going in a great hurry. Complaints have been received about the delay in the publication of the syllabuses and the absence of textbooks based on the new syllabuses. I sincerely regret the delay in the publication of the syllabuses and I hope textbooks based on the new syllabuses will be published very soon by enterprising publishers. If my friends and brothers in the teaching profession will only wholeheartedly cooperate with the Govt. in this great task, I am sure this tremendous work can also be done to our great satisfaction.

The creation of a new and glorious India is the task that we have set before us. It is indeed a tremendous task. We can shirk it only at our peril. Let us approach it humbly and prayerfully. Let us have the faith which in the terms of the Bible can move mountains. We are instruments for a great cause. Let us be filled with the noble ideals of service and devotion for this great country and our posterity. Let us feel conscious that upon us the future of the nation depends. Let us dream, think, plan and do everything having in view this great task. We have great difficulties to surmount but who does not have difficulties. There is no man or woman that existed in the world or a people or a nation who achieved great things without difficulties. He is the great one who can transcend difficulties. That nation is the great one which can pass through mountain-high difficulties and have the courage and strength to achieve great things in spite of them. Let us have faith in ourselves, our people and our country and let us together put forth our best. Let us forget our little differences and work as one for the future of this great ancient land. Then our efforts are bound to be crowned with success and we will earn the blessings of posterity.

The Director of Public Instruction has recommended that a sum of Rs. 86,600 may be provided in the next year's budget for payment of the grant. It is considered that provision in respect of one of the Schemes recommended by the Director may be omitted as it will be considered separately and that in respect of another item the grant may be restricted to Rs. 5,000 the maximum allowed for each scheme. The total net amount required in 1949-50 for the equipment Schemes is thus reduced to Rs. 81,900. A list of the institutions on whose behalf this amount has been applied for is annexed. The subsidy proposed in each case represents one half of the cost of the equipment.

The Director of Public Instruction has also proposed that a sum of Rs. 1,100 may be provided towards the payment of subsidy to the Board High School, Bhadrachalam, representing one half of the cost of the laboratory equipment to be purchased.

This Department recommends that provision may be made in the next year's budget as indicated in the summary at the head of the note.

Subsidy - Equipment - Secondary Schools under local bodies
Part II scheme for 1949-50

Subsidies are paid to local bodies every year towards the purchase of equipment for secondary school under their control which were opened prior to 1930. The D.P.D. submits for consideration as a Part II scheme every year a list of new schemes for the purchase of equipment for which provision should be made in the ^{successing} next years budget.

2. The D.P.D. recommends that a provision of Rs 86,600 may be made in the next year's budget for payment of grants towards the cost of purchase of equipment for the ^{Board and Municipal Secondary} schools specified in the list - on p 2-5 of. This includes a provision of Rs 4,500 for payment of the 1st instalment of the equipment grant to three new middle schools for girls to be newly opened by local bodies in 1949-50 under the system of special aid to schools opened in centres not served by school schools. This will be considered as a Part II scheme separately and necessary provision for the purchase of equipment will be included if the scheme for the opening of three new girls schools is approved. The amount may therefore be excluded. The Director has recommended that a provision of Rs 52,500 may be made towards the payment of subsidy equal to one-half of the science articles and library books for the intermediate classes in the Municipal College Salem. In order to enable the available funds being distributed to as many schemes as possible, the maximum grant payable for each equipment scheme is being restricted to Rs 5,000. The grant for this item may ^{therefore} be limited to Rs 5,000. If the two alterations suggested above are carried out, the total provision to be made

for 43 new equipment schemes works out to Rs 81,854 or Rs 81,900, which may be provided for.

3. The Director's recommendation that a provision of Rs 1,100 may be made towards the payment of subsidy equal to one half of the cost of the laboratory equipment to be purchased for the Board High School Bhadrachalam may also be accepted.

4. The purchase of equipment may be considered to be essential for the proper running of the schools and the schemes may be put forward as Part II scheme for 1949-50.

5. The remarks of Finance may be invited.

The D.P.I. has recommended that a provision of Rs 86,600 may be made in Part II of the Budget for 1949-50 for payment of grants towards the cost of purchase of equipment for the Board and Municipal Secondary Schools specified in the list at pages 2-5 C.F. E. & P.H. have examined the proposals on pages 1-2 above and have reduced the amount to be provided in Part II Scheme to Rs 81,900.

2. The budget provision made for grants to local bodies for equipment to Secondary Schools in previous years was as under:-

3. The grants proposed in this case are not for new objects but only for the normal running of the schools, and are sanctioned year after year after being treated as Part II Scheme. The usual criteria laid down for Part II Schemes need not be applied in this case.

In this circumstances, Finance may agree to the proposal going forward as a Part II Scheme for 1949-50.

4. The proposal of E. & P.H. in para 3 of the note on page 2 above viz., that a provision of Rs 1,100 may be made towards the payment of subsidy equal to one-half of the cost of the laboratory equipment to be purchased for the Board High School, Bhadrachalam may also be agreed to.

19.10.48 E.P.H.

Finance have agreed to the proposal to consider as a Part II scheme for 1949-50, the question of providing a sum of Rs 81,900 for payment of subsidy towards the purchase of equipment for secondary schools under local bodies in ordinary areas and a sum of Rs 1100 for payment of subsidy towards the cost of the laboratory equipment to be purchased for the Board High School Bhadrachalam in the Agency. Total ..		83,000	83,000

Subsidies are paid to local bodies not exceeding one half of the cost of purchase of equipment for secondary schools under their control. The Director of Public Instruction submits for consideration as a Part II Scheme every year a list of new Schemes for the purchase of equipment for which provision should be made in the next year's budget.

The Director of Public Instruction has recommended that a sum of Rs. 86,600 may be provided in the next year's budget for payment of the grant. It is considered that provision in respect of one of the Schemes recommended by the Director may be omitted as it will be considered separately and that in respect of another item the grant may be restricted to Rs. 5,000 the maximum allowed for each scheme. The total net amount required in 1949-50 for the equipment Schemes is thus reduced to Rs. 81,900. A list of the institutions on whose behalf this amount has been applied for is annexed. The subsidy proposed in each case represents one half of the cost of the equipment.

The Director of Public Instruction has also proposed that a sum of Rs. 1,100 may be provided towards the payment of subsidy to the Board High School, Bhadrachalam, representing one half of the cost of the laboratory equipment to be purchased.

This Department recommends that provision may be made in the next year's budget as indicated in the summary at the head of the note.
