From
MINISTER FOR EDUCATION
Mr.

A. Venkatarama Mudaliar Avl

Secretary.

Hon. The Minister for Education Government of Madras

Fort Saint George Madras.

72506. Sir,

Sub

Secondary Education-construction of high school building at pallikonda- North Arcot-Government grant Requested.

We beg to bring to your kind notice the following facts.

The District Board North Arcot has kindly consented to open a high school at Pallikonda on condition that a building is provided for the school by the public of this place. For this purpose a committee was formed and the necessary lands have been purchased and the foundations have also been raised. The construction is being delayed for want of funds and we are trying our best to make collections.

However as we are afraid that we may not be able to collect the entire amount needed, we beg to approach you to allot funds from the amount provided for this purpose.

The Honourable Education Minister had also visited this school site when he camped here on 7-8-48 and was good enough to direct us to apply for the funds & that the same would be favourably considered by the Government.

In this connection we beg to state that a middle school has already been started in a temporary building as a preliminary step towards the starting of the high school in the next year.

The school plan and the school site have been approved by the director of pulilic Instruction & the Special officer N.A.Dist Board in their L Dis D1068-2/48 of 12-8-48 & Roc 22931/20-1-48 respectively. The District Board North Arcot have made provision in thir budget for running the School.

As the starting of the school is only being delayed for want of funds, we beg to request you to be kind enough to sanction us the maximum amount that could be granted from the allotment at your earliar convinians.

Copy to the Dt.Educational officer to the North Arcot Dis Board.

We remain

Sir

Yours Faithfully

A. Venkatarama Mudaliar
Secretary

Sir,

Sub: EDUCATION--Secondary--Building--Board High school,
Kalavai and Board Middle Schools at Kalambur,
Kannamangalam and Pallikonda--Granting of subsidy
forwarding of applications.

Ref: Government of Madras, Education and Public Health
Department, Endorsement No.72506-B1-48 dated 7-10-48.

...oOo...

The applications for the sanction of grant towards the construction of a building for the newly opened Secondary school at Pallikonda under the North Arcot District Board received from the Secretary, Pallikonda High School Committee which was referred to this office for offering remarks is resubmitted. The opening of the school was sanctioned by the Director of Public Instruction subject to the conditions that the building is constructed out of the public donation.

(2) In this connection, it is also brought to the notice of Government that there are three more newly opened secondary schools under this Board at Kalambur, Kannamangalam, Kalavai subject to the same condition. The request for the grant of subsidy for the construction of buildings for the above four schools also may be considered favourably.

Enclosure: Application.

Sub: Education - Secondary - Buildings - Board High
School - Pallikonda - Construction of building -
Subsidy - Sanction - Requested *p 4 ante*

Ref: Letter D.Dis.No.33294/48 dated 31-12-48 from the
Special Officer, District Board, North Arcot,
addressed to Government (resubmitting Govt. Endt.
No.72506-B1-48 dated 7-10-48).

Submitted.

Originally, the building for the Board High School, Pallikonda was proposed to be constructed by the Villagers themselves and hence the plan above of the building was approved by the Director in his Proceedings L.Dis.1068-G2-48 dated 12-8-48. The building committee now says that the foundations for the building have been raised but the construction is being delayed for want of funds. But the Committee also states that they are trying their best to make collections but since they are afraid that they may not be able to collect the entire amount needed they are approaching Government to sanction grant from Provincial Funds.

Subsidy
First of all the estimate for the Scheme needs to be got approved by the Director for enabling the Scheme to be considered for the sanction of ~~School~~ from Provincial Funds. Further, it is not desirable to sanction Subsidy from Provincial Funds when the construction is carried in the name of the building Committee. The construction should, therefore, be carried on by the District Board if the Scheme is to be admitted to provincial subsidy and for this purpose the collections made by the Committee should be credited to the District Board Funds. The Special Officer may therefore be advised to get the estimates for the work approved by the Director and then apply to Government for subsidy together with the particulars required below:-

1. Cost of the approved Estimate.
2. Cost of work already done.
3. Cost of work yet to be done.
4. Amount of Collections made by the Public and credited to the District Board funds.
5. Amount allotted from District Board Funds towards this Scheme.
6. Amount of Subsidy required from Provincial funds.

The Special Officer may also be informed that this carries no guarantee that subsidy will be sanctioned from Provincial funds towards this Scheme and that steps should be taken for the collection of further donations from villagers in the meanwhile. Attention is in this connection invited to the

(Contd)

10-3-1948
The Director of Public Instruction,

The Secretary to Government,
Madras.
The District Board at Kalambur,
Kannamangalam and
Kalavai and that the question of Sanction of Subsidy towards the
building Schemes for these Schools also may be considered favourably
Even in the case of these Schools the Villagers undertook to
construct the buildings themselves and hence plan alone
was approved in these cases also in the Director's Proceedings
L.Dis.1068 G2-48 dated 12-8-48. The Special Officer may therefore
be informed that if collections made by public in regard to these
Schemes are also not sufficient to complete the works and if
Provincial Subsidy is considered necessary for the completion of
the works then the estimates in regard to these Schemes also
should be got approved by the Director and then application made
to Government together with the particulars as required above
for consideration for the sanction of Provincial Subsidy towards
these Schemes.

Submitted.

Originally, the building for the Board High School
at Kalambur was proposed to be constructed by the Villagers
themselves and hence the plan above of the building was approved
by the Director in his Proceedings L.Dis.1068 G2-48 dated
12-8-48. The building committee now says that the foundations
for the building have been raised but the construction is being
delayed for want of funds. But the Committee also states that
they are trying their best to make collections but since they
are afraid that they may not be able to collect the entire
amount needed they are approaching Government to sanction grant
from Provincial funds.

First of all the estimate for the scheme needs to be
approved by the Director for sanctioning the scheme to be
considered for the sanction of Provincial Subsidy. Further,
it is not desirable to sanction Subsidy from Provincial
funds when the construction is carried in the name of the
building committee. The construction should, therefore, be
carried on by the District Board if the scheme is to be adjusted
to Provincial subsidy and for this purpose the collection made
by the Committee should be ordered to the District Board funds.
The Special Officer may therefore be advised to get the estimate
for the work approved by the Director and then apply to Government
for sanction towards the particular building.

1. That the estimate for the building of the Board High School
at Kalambur is approved by the Director.
2. That the collection made by the Villagers for the building of the
Board High School at Kalambur is approved by the Director.
3. That the collection made by the Villagers for the building of the
Board High School at Kalambur is approved by the Director.

The Special Officer may also be advised to get the estimate
for the work approved by the Director and then apply to Government
for sanction towards the particular building.

to the request of the Special Officer made in his letter under
reference that there are three more newly opened Secondary
Schools under the District Board at Kalambur, Kannamangalam and
Kalavai and that the question of Sanction of Subsidy towards the
building Schemes for these Schools also may be considered favourably
Even in the case of these Schools the Villagers undertook to
construct the buildings themselves and hence plan alone

Building - Subsidy - Board ^{Secondary} ~~Middle~~ School ^{STPM (S)}
Pallikonda - Construction of a building by a
Committee - Request for aid - ~~negated~~ ^{from}

From the Secretary Pallikonda High School Committee
dated 10.9.48
From the Special Officer Dt Bd Vellore D Dis no
33294/48 D 31.12.48
From the D.P.D. Dc no 32 G2/49 D 18.3.49

1052
Order no ~~25235~~ Education dated 8.4.49

The Secretary, Pallikonda High School
Committee is informed that no grant will be made
by the Govt to the Committee towards the cost of
construction of a building for the Secondary
School at Pallikonda, which the Committee has
undertaken to provide. If the Committee consider
that it cannot construct the building with the
subscriptions & donations collected from the public,
it should legally convey to the District Board
North Arcot, the site already purchased with the
building so far constructed thereon and credit
to the funds of the Dt Bd, the amount left over
of the collections already ^{made} and the amount that
may be collected from time to time so as to
enable the Dt Bd to construct the building with
the aid of Govt subsidy in case it is not in a
position to meet the balance of the amount
required for completion of the building
entirely from its own funds. The building
should be so designed ~~that~~ ^{so as to provide}
accommodation for the middle school newly
opened to begin with and ^{to enable extensions} ~~to extend it later on~~
^{being made later on} when higher forms are opened in the school

2. The S.O. Dt Bd North Arcot is informed

to the request of the Special Officer made in his letter under
reference ~~12.5.49~~ ^{12.5.49} dated 12.5.49. The Committee has been informed
that the question of sanction of subsidy towards the
building schemes for these schools also may be considered favourably
even in the case of these schools. The Committee has been informed
that the building schemes and the amount of subsidy
was approved in these cases also in the District Board
North Arcot dated 12.5.49. The Committee has been informed
that if collections made by public in regard to these
schemes are not sufficient to complete the work, the
provisional subsidy is considered necessary for the completion of
the work. The Committee has been informed that the
amount of subsidy approved by the District Board North Arcot
to Government together with the amount of provisional subsidy towards
for construction for the completion of provisional subsidy towards
these schemes.

that if the building scheme is to be admitted to aid, it should be executed by the Dt Bd with the amount contributed by the Committee meeting a portion of the cost from the funds of the Dt Bd. The Committee should ^{be} asked to credit the collections made to the Dt Bd funds. The plans & estimates should be got approved by the Director and then an application should be made to Govt for subsidy furnishing the following particulars:-

- (1) Cost of the approved estimate
- (2) Cost of work already done
- (3) Cost of work yet to be done
- (4) Amount collected from the public & credited to the Dt Bd funds.
- (5) Amount which the Dt Bd is willing to provide from its funds
- (6) Amount of subsidy required from Provincial funds.

The Special Officer is ^{also} informed that the maximum amount of subsidy admissible for a building scheme is Rs 35,000 and that this carries no guarantee that subsidy will be sanctioned from Provincial funds towards this scheme. Steps should therefore be taken to collect further donations from the public in the meantime. In view of the prevailing high cost of building materials & labour, the building ^{should be} designed to provide accommodation for the middle school allowing for extensions later on when the middle school is developed into a high school after experience is gained of the working of the middle school. The same procedure should be adopted for the construction of buildings for the newly opened Secondary schools at Kalambur, Kannamangalam and Kalavai
