Grants - Teaching - Secondary schools under local bodies
Part II scheme for 1949-50

From the D.P.D. No. S.A-1/48-49 dated 4-10-48

Under the system of payment of teaching grants to secondary schools under local bodies introduced from 1.1.47, grants are payable to all recognised secondary schools on the basis of one half of the approved out cost of maintenance of the institutions during the preceding financial year. The procedure followed in respect of aided secondary schools is to consider the question of providing for the payment of teaching grants to schools newly recognised by the D.P.D. during a year in connection with the budget for the ensuing year, as the teaching grant for the year in which the school is opened is normally payable only in the next year. As secondary schools under local bodies have been brought into a line with aided schools in the matter of aid, the procedure referred to above is being adopted for payment of teaching grants to secondary schemes newly opened by local bodies from last year.

(18) 1948 2. The D.P.D. recommends that provision may be made in Part II of the B.E. for 1949-50 for payment of teaching grants amounting to Rs 1,73,600 for the 60 schools newly opened & recognised by the Director in the current year. (51 under 17 & 9 under schools). The number of institutions newly opened in 1947-8 and admitted to aid from the current year is 34 and the amount provided for payment of teaching grants to these schools is Rs 67,200. The provision suggested for inclusion in the next year's budget is more than double the amount provided for in the current year's budget and this is due to the increase in the amount of grant provided for each school.
