3. As regards mid-day meals the entries under the Column "Number of days of supply of meals during March 1947" - clearly indicates that the accounts have ~~not~~ not been properly maintained. While the number of days in March is only 31 it is incorrect to state that meals were supplied on 54 or 132 days in that month. During the last ~~x~~ two years the District Board were instructed to maintain proper accounts for this item of expenditure and in spite of this the irregularity still continues. In view of the above irregularities it is not possible to calculate the subsidy due to the Board for the supply of mid-day meals and hence it has been left out of account.
