EDUCATION Department
From (Name)
Designation THE DIRECTOR OF PUBLIC INSTRUCTION,
Station MADRAS.

Received Registered
To
The SECRETARY TO GOVERNMENT,
Education & Public Health Department
Fort Saint George, Madras.

Enclosures: RC. No. 2131-K2/48 dated 22nd November 1948.

Sir,

SUB: COLLEGES - Government Colleges - Physical Directors - Raising the number of posts in the First grade.

I have the honour to submit for the favourable consideration of Government the following proposal for raising the number of posts Physical Directors in Grade I.

2. In G.O. No. 714 Education & Public Health dated 12-5-42 the posts of Physical Directors in Government Arts and Professional Colleges were formed into a separate cadre of two grades, the strength of Grade I being fixed at 20% of the total number of posts in the cadre. Accordingly there are now two posts in Grade I (Excluding the post in the Presidency College which is treated as separate) and the rest are in Grade II. The Chief Inspector of Physical Education requests that the ratio between grades I and II of Physical Directors should be fixed at 1:2 as in the case of school Assistants, Deputy Inspectors. I consider it fair to provide for an equal inducement to Physical Directors who possess an additional qualification in Physical Education compared to the School Assistants and Deputy Inspectors and whose responsibility in the organisation of Physical cultural activities in the colleges is also important. I recommend that the Government may be pleased to refix the strength of Grade I of Physical Directors at $33\frac{1}{3}\%$ of the total number of posts in the cadre (i.e. 10 posts). There will then be 3 first grade posts excluding the post in the Presidency College.

Yours faithfully,

for Director of Public Instruction.

Ram. 24/11.

Physical Director (1120) 180 40 220

Sub: Colleges Govt. - Physical Directors - Raising the number of posts in Grade I.

Read: G.O. No. 714 Edn. dated 12-5-42.
G.O. No. 1373 Edn. dated 7-7-45.

C.No. 88494 for on the D.P. No. 2131 K₂/48 d. 22-11-48.

G.O. dated

@/31-3207

In G.O. No. 714 Edn. 12-5-42,

the Govt. ordered that the posts of Physical Directors in Govt. Colleges be framed into a separate cadre of two grades and also stipulated that 20% of the total number of posts in the cadre would be in the I Grade. Thus out of the 11 posts of Physical Directors in Govt. Colleges, two ~~were~~ to be in I Grade and the rest in the II Grade. In 1945, it was represented that the Presidency College, Madras, should have a I Grade Physical Director on its staff and it was accordingly ordered that the number of I Grade Physical Directors posts be raised to three, one of them being reserved for the Presidency College, Madras.

ibid

@/1607

them being reserved for the Presidency College, Madras.

plc/f.

2. The D.P. No. states that

the Physical Director's post in the Presidency College is treated as separate and that out of the remaining 10 posts in the cadre, only two are I Grade and the rest II Grade. For the reasons mentioned at K. on plc/f., the Director recommends that the strength of Grade I Physical Directors be fixed at $33\frac{1}{3}\%$ of the total number of posts in the cadre, viz 10 posts when there will be 3 posts in I Grade. Even now, there are three posts in the I Grade, including that in the Presidency College, though it is treated as separate.

ibid

vide @/1607

there are three posts in the I Grade, including that in the Presidency College, though it is treated as separate. The request of the Director is approved.

is that the number of I Grade Physical Directors be raised by one i.e. to four posts. The request of the Director may be accepted. ~~for the reasons given at K on p.1 c.f. the remarks of Finance~~ maybe invited u.o.

E.P.H. No. 88474-1/484
dated 16.2.49

Finance (E.111) Deptt.

Please see the note of E. & P.H. from p.1 above. Prior to 1942, there was a Physical Director in each of the Government Arts and Training Colleges. The total number of Physical Directors was 11. They were all on the same category viz., category 2 under Class XII of the Madras Educational Subordinate Service. In 1942 these posts of physical Directors in Government Arts and Professional Colleges were formed into a separate cadre, and the cadre was divided into two grades as Grade I and Grade II. It was also decided that 20% of the total number of posts in the cadre ^{should be} ~~being~~ in the first grade (i.e.) 2 out of the 11 posts would be in the first grade and the rest in the 2nd Grade. In G.O.No.1373 Education dated 7-9-45, the Government ordered that out of the 11 posts of Physical Directors in Government Arts and Professional Colleges, three instead of two ^{should} ~~shall~~ be in the first grade with effect from the date of the orders, and that one of the 3 first grade posts ^{would} ~~will~~ be earmarked for the Presidency College. The D.P.I. has now suggested that the strength of Grade I Physical Directors may be refixed at 33 1/3 % of the total number of posts in the cadre (i.e. 10 posts, excluding the post of the Physical Director ^{the} ~~a~~ post Grade I in Presidency College). The proposal is supported for the reasons that the ratio between grades I and II of School Assistants, Deputy Inspectors of Schools etc. ^{has} ~~have~~ been fixed at 1:2,

and that in the case of Physical Directors, who possess an additional qualification in Physical Education compared to the school Assistants and Deputy Inspectors, and whose responsibility in the organisation of Physical Cultural activities in the Colleges is also important, the ratio between Grade Grade I and II should be fixed at 33 1/3 % of the total number of posts in the cadre ^{as an inducement} ~~ref~~. The proposal in effect will mean the upgrading of one of the posts of Physical Directors Grade II on Rs.85-175 to Physical Director Grade I on Rs.120-240. The extra cost involved will be Rs.612 per annum. E. & P.H. Department support the proposal.

2. It is however submitted that the argument adduced by the D.P.I. at 'K' on p.1 c.f. viz., that the Physical Directors possess an additional qualification in Physical Education compared to the School Assistants and Deputy Inspectors, is not sustainable because if the Physical Directors possess a diploma in physical education in addition to their degree qualification, the School Assistants and Deputy Inspectors etc. also possess the L.T. qualification, in addition to their degree qualifications. Further the duties and responsibilities attached to the posts of Physical Directors and School Assistants and Deputy Inspectors also differ greatly ~~in qualification and kind~~ and cannot be ~~even~~ equated. Further the scales of pay of Grade I Physical Directors and School Assistants I Grade are different. The ^{formation} ~~provision~~ of I and II grades has been made on a percentage basis to provide for promotions. The orders in G.O.No.1373, Education, dated 7-9-45 have merely stated that out of the 11 posts of Physical Directors in Government Arts and Professional Colleges, three instead of two shall be in the first grade with effect from the date of this order and one of the first grade posts will be earmarked for the Presidency College. From the above orders it may be seen that the raising of the number of posts in Grade I in 1945 has been made only with reference to the total number of posts in that cadre viz. 11. The fact that one of the posts in Grade I should be earmarked for the Presidency College, does not mer

that it should be excluded in calculating the percentage of total posts, nor does it bar future promotions from Grade II to Grade I in any way. In this view the existing percentage of Grade I and II is roughly 27% and according to the proposal of D.P.I. the percentage will be roughly 36%. As the provision of Grade I and II has been made on a percentage basis to provide for flow of promotions, and as the present arrangement ~~will~~ ^{does} not seem to have been resulted in any undue stagnation etc. of persons in Grade II, there does not seem to be a strong case for increasing in the number of Grade I posts of Physical Director. In the circumstances, this Deptt. may advise against the proposal. If, however, E. & P.H. wish to press for the proposal they may be ~~requested~~ requested to take orders in circulation including H.M. (Fin).

8m
31/3/49
3.3.49

As pointed out above the existing percentage of Grade I officers is really 27% of the Cadre, as the post in the Presidency College is also available for purposes of promotion of Grade II officers. Finance do not consider it necessary to raise the percentage to 33 1/3 & therefore are unable to recommend the proposal of E. & P.H.

7/3/49
F. No. 12968/E III.
E. & P.H. (A)

The notes of Finance on p 2-4 above maybe perused. The proposal is to increase the strength of I grade Physical Directors in govt. colleges (by one more post i.e. from the present three posts to four). The reasons given by the Director in support of the proposal are k on p 1 of. The addl. expe. to govt. on account of the proposal is very little - Rs 612 p.a. The proposal may be pressed and orders taken in circulation to H.M. (Ed.) & H.M. (Fin.)

Nonpartite
7/3/49

It is a matter of 612 rupees per annum. The D.P.I.'s recommendation may be accepted.

It need not be on a percentage basis.
3 will be in 1st grade. Rest 2 will be in 2nd grade.
H.M. (Fin.)
28.3

26.3.49

It is submitted that there are already three posts of I grade Physical Directors, including the one in the Presidency College, Madras. The Director's present proposal is to increase the posts to in the I grade by one more post i.e. the total number is to be four. It is presumed that H.M. (Fin.) is agrees to this. The file maybe circulated to H.M. (Fin.) for confirmation.
